 96 Randolph Avenue and Highland Street.

Special
 Signals
 for Fires
 in the
 Blue Hills
 Reserv'n

*Special Signals.

Directions for Sounding an Alarm

Open outside door of Fire Alarm Box, then pull the hook down ONCE and let go. Remain at Box until arrival of Firemen and direct them to the Fire.

Signals

- 1 One blow, 7.30 a. m., 12 m., 5.45 p.m. Fire Alarm Tests.
 1-1 Two blows, Recall.
 1-1-1 Three blows followed by four rounds of box number, general alarm

Signal for No School

The signal 2-2 sounded four times on the fire alarm at

7.15 o'clock means no school sessions for all schools for entire day.

7.30 o'clock means no sessions for all schools below the Junior High School for the entire day.

11.40 o'clock means no afternoon session for all schools below the Junior High School—this signal will not be sounded if the 7.15 signal has been sounded. The 7.15 signal will rarely be sounded as it includes the closing of the High and Junior High Schools.

If the 7.15 signal is given, the 7.30 signal will be unnecessary.

J. HARRY HOLMES, Chief of Department.

Emergency call for Fire Department should be
 "Milton Fire Department—Emergency"

ANNUAL REPORT

1930

BOSTON
POOLE PRINTING CO., INC.
251 CAUSEWAY STREET
1931

REPORT OF TOWN ACCOUNTANT

To the Honorable Board of Selectmen:

In accordance with the Revised By-Laws of the Town of Milton, and General Laws, Chapters 41 and 44, the books and accounts of all officers and committees intrusted with the expenditures of money, and all original bills and vouchers on which moneys have been paid from the treasury for the year ending December 31, 1930, have been examined and found correct.

Respectfully submitted,

MARY A. BERNI,

Town Accountant.

Milton, Mass., January 12, 1931

REVISED BY-LAWS
TOWN OF MILTON, MARCH 2, 1902

Adopted by the Town and approved by the Superior Court May 20, 1902

The amendments to Chapters 2, 3, 4, 7, 8, and 10, adopted by the Town March 2, 1914, March 13 and September 1, 1915, March 11, 1922, March 14, 1925, March 13, 1926, March 12, 1927, March 10, 1928, June 13, 1928, were approved by the Attorney-General, December 10, 1914, May 8 and September 22, 1915, April 6 and July 19, 1922, March 26, 1925, March 18, 1926, April 20, June 21, 1927, June 11, 1928, September 24, 1928, June 1, 1929

Chapters 12 and 13, adopted by the Town July 10, 1922, were approved July 11 and 21, 1922

The amendment to Chapter 12, adopted by the Town March 13, 1926, was approved March 17, 1926

CHAPTER 1
GENERAL PROVISIONS

SECTION 1. These By-Laws, contained in this and the succeeding chapters, being ten chapters in all, may be designated as the Revised By-Laws, adding the number of the chapter and section when necessary.

SECT. 2. So far as the provisions of these By-Laws are the same in effect as those of previously existing By-Laws, they shall be construed as a continuation of such By-Laws, but, subject to said limitations and the provisions of the next section, all By-Laws of the Town heretofore in force are hereby repealed; provided that this repeal shall not apply to or affect any By-Law, order, or article heretofore adopted, accepting or adopting the provisions of any statute of the commonwealth.

SECT. 3. These By-Laws and the repeal of all By-Laws heretofore in force shall not affect any act done, any right accrued, any penalty or liability incurred, or any suit, prosecution, or proceeding, pending at the time when they take effect; nor shall the repeal of any By-Law thereby have the effect of reviving any By-Law theretofore repealed or suspended.

SECT. 4. When in a By-Law anything is prohibited from being done without the license or permission of a certain officer, officers, or board, such officer, officers, or board shall have the power to license or permit such thing to be done.

SECT. 5. In all the By-Laws of the Town the following words and expressions shall, unless inconsistent with the manifest intent, be severally construed as follows:

The word public way shall include any highway, town way, road, bridge, street, avenue, boulevard, roadway, parkway, lane, sidewalk or square; the owner or occupant of a building or land shall include any sole owner or occupant, and any joint tenant and tenant in common of the whole or of any part of a building or lot of land; words purporting to give a joint authority to three or more officers or other persons shall give such authority to a majority of such officers or persons; the word person may include corporations; words importing the singular number may apply to the plural number, and words importing the masculine gender may apply to the feminine gender.

SECT. 6. All fines and penalties for the violation of any By-Laws shall, when received, inure to the use of the Town, and be paid into the Town treasury, unless it be otherwise directed by the laws of the Commonwealth or the By-Laws of the Town.

SECT. 7. Whoever violates any of the provisions of the By-Laws of the Town, whether included in these By-Laws or any hereafter enacted, whereby any act or thing is enjoined or prohibited, shall, unless other provision is expressly made, forfeit and pay a fine not exceeding twenty dollars for each offence.

SECT. 8. Whoever shall refuse or neglect to obey any order of any Town officer or board of Town officers, issued under any of the By-Laws of the Town, directed to him and properly served upon him, shall, in cases not otherwise provided for, forfeit and pay for such offence a fine not exceeding twenty dollars.

SECT. 9. Prosecutions for the breach of any of the provisions of the By-Laws of the Town shall be commenced within six months from such breach.

SECT. 10 Any or all of the By-Laws of the Town may be repealed or amended, or other By-Laws may be adopted, at any Town meeting, annual or special, an article containing the subject-matter of the proposed change having been inserted in the warrant for such meeting.

CHAPTER 2

TOWN MEETINGS

SECTION 1. The warrants for all Town meetings shall be directed to the constables of the Town, and the meetings shall be notified by posting attested copies of the warrant in each of the post-offices of the Town at least fourteen days, and by leaving printed copies thereof at the dwelling-houses in the Town at least four days, before the day of such meeting.

SECT. 2. The annual meeting for the election of Town officers shall be held upon the first Saturday of March, the polls to be open at fifteen minutes before six o'clock in the forenoon, and they shall remain open until four o'clock in the afternoon for the election of such other Town officers as are required by law to be elected by ballot, all said officers to be voted for on official ballots. At any time after said four o'clock a vote may be passed to close the polls in not less than ten minutes.

SECT. 3. All business except the election of such officers and the determination of such matters as by law are required to be elected or determined by ballot shall be considered at an adjournment of said meeting to the following Saturday at one-thirty o'clock in the afternoon.

SECT. 4. All motions shall, if required by the Moderator, be reduced to writing before being submitted to the meeting.

SECT. 5. Upon taking the question, the sense of the meeting shall be taken by the voices of the Town meeting members and the Moderator shall first announce the vote as it appears to him by the sound.

If the Moderator is unable to decide by the sound of the voices or if his announcement made thereupon is doubted by seven Town meeting members arising in their places for that purpose, the Moderator shall request the Town meeting members to be seated, and shall appoint tellers; the question then shall be distinctly stated, and those in the affirmative and negative respectively shall be requested to rise and stand in their places until they are counted by the tellers, who shall report their count to the Moderator.

If the vote is further doubted and twenty-five Town meeting members arise in their places and ask for a division of the meeting by the taking of the yeas and nays, then the roll of the meeting shall be called in alphabetical order and no Town meeting member shall be allowed to vote after the vote is declared.

SECT. 6. No vote shall be reconsidered at the same meeting, except upon a motion made within one hour of the adoption of such vote, unless ordered by two-thirds of the voters present and voting thereon.

SECT. 7. When a question is before the meeting, the following motions, viz.:—

- to adjourn,
- to lay on the table,
- for the previous question,
- to postpone to a certain time,
- to commit (or recommit) or refer,
- to amend or substitute,

shall have precedence in the order in which they are placed in this section; provided however, no article in the warrant shall be finally disposed of by a vote to lay upon table, to indefinitely postpone, or to take no action thereunder.

In proposed amendments involving amounts or dates, the smallest amount and the shortest time shall be put first.

SECT. 8. After the declaration of the vote for Town officers, fifteen legal voters shall be appointed by the Moderator, who shall constitute a committee to be known as the Warrant Committee. The persons so appointed shall continue as members of said committee until the Town meeting of the ensuing year.

CHAPTER 3

THE WARRANT COMMITTEE

SECTION 1. The Warrant Committee shall, within two weeks after their appointment, meet, at the call of the member thereof first named, for organization by the choice of a chairman and secretary. And they shall meet thereafter from time to time as they may deem advisable.

They shall have power to fill vacancies in their number by vote, attested copy of which shall be sent by the secretary to the Town Clerk.

SECT. 2. It shall be the duty of the Warrant Committee to inform themselves concerning those affairs and interests of the Town, the subject-matter of which is generally included in the warrants for its Town meetings; and the officers of the Town shall, upon their request, furnish them with facts, figures, and any other information pertaining to their several departments; provided, however, that any such information may be withheld when, in the opinion of the officer or board of officers so requested, the communication thereof might injuriously affect the interests of the Town or its citizens.

SECT. 3. The Warrant Committee shall consider the various articles in the warrants for all the Town Meetings held during the period for which they were appointed including the various articles in the warrant for the annual Town Meeting next after their appointment; they shall also consider all questions submitted to the voters of the Town at any meeting, including State elections under any act or resolve of the Legislature and proposed amendments to the Constitution; and they shall report in print before all such meetings their estimates and recommendations for the action of the Town.

On or before January first of each year each board, committee or officer of the Town shall file with the Selectmen, who shall transmit the same to the Warrant Committee, a statement in detail of the appropriation or appropriations recommended by such board, committee or officer for the work under its or his charge for the ensuing year.

The Warrant Committee shall include in its report of recommendations for the annual Town Meeting a statement setting forth the total appropriations so requested, the appropriations recommended, and the totals of such appropriations requested and recommended, and an estimate of the tax rate for the ensuing year if such recommendations are adopted.

CHAPTER 4

THE TOWN'S FINANCES AND PROPERTY

SECTION 1. The financial year shall begin with the first day of March.

SECT. 2. The Selectmen shall annually, not less than seven days before the annual meeting, cause to be printed and distributed among the tax-payers of the Town, a detailed report of all moneys received into and paid out of the Town treasury during the preceding calendar year, with such information and recommendations as they may deem proper, and with detailed estimates of the amounts of money that will be required for the ensuing financial year. With this report shall be printed the records of all meetings of the Town held since the last annual report was printed, the reports of the Auditors, of the Surveyors of Highways, and of the Engineers of the Fire Department, the Collector's account of receipts, payments, and abatements, a list of all taxes assessed, except the poll tax list, an abstract of the births, marriages, and deaths to be furnished by the Town Clerk, a statement concerning the condition and fund of the public library and the cemetery to be furnished by the Trustees respectively, and a statement of all other funds belonging to the Town or held for the benefit of its inhabitants; also statements of the liabilities of the Town on bonds, notes, certificates

of indebtedness, or otherwise, and of the total money paid the Town, the income of which is to be applied to the care of lots in the cemetery. The annual report shall also contain such other matters as may be required by the By-Laws of the Town.

SECT. 3. The assessment of taxes shall be completed and the tax list and warrant shall be delivered to the Collector on or before the first day of August in each year.

SECT. 4. Poll taxes shall be payable on demand, and all other taxes assessed in each year shall be payable on or before the first day of November in the same year; and on all such taxes as are not paid on or before the said first day of November, interest shall be charged at a rate to be fixed annually by the Town, pursuant to Section 71 of Chapter 490 of the Acts of the year 1909, Part I, and the Collector shall use all the means and processes provided by law for the collection of all taxes remaining unpaid after the first day of November in the same year.

SECT. 5. No person being an officer of the Town shall in his official capacity make or pass upon, or participate in making or passing upon, any sale, contract or agreement, or the terms or amount of any payment, in which the Town is interested and in which such officer has any personal interest at variance with that of the Town.

SECT. 6. The Selectmen, being duly authorized by vote of the Town under the limitations imposed by statute, may authorize the Treasurer to borrow money temporarily in anticipation of the collection of taxes, or upon loans authorized by vote of the Town, and to give promissory notes therefor in behalf of the Town, the same to be signed by the Treasurer and countersigned by a majority of the Selectmen.

SECT. 7. No money granted for special purposes shall be applied to any other use unless by a vote of the Town, and all unexpended balances of such grants shall be stated in the annual report.

SECT. 8. The Selectmen shall keep full accounts in respect to the several separate appropriations and the drafts made against each and shall not approve any draft which does not state specifically the appropriation against which it is drawn, whether general or special.

SECT. 9. The Warrant Committee shall send to the Selectmen and to the Auditors certified copies of all votes whereby transfers are made out of the Reserve Fund for extraordinary or unforeseen expenditures.

SECT. 10. No board, committee, or officer of the Town shall commit the Town to any expenditure or liability which would, in the ordinary course of business, be chargeable to the appropriation of which such board, committee or officer is or has been in charge, after such appropriation has been exhausted, or after the satisfaction of all liabilities against it would exhaust it, until either the Warrant Committee shall have transferred additional sums to such appropriation, or until the Town at a meeting of the voters, shall have acted in the matter.

SECT. 11. No grant of a sum of money exceeding five hundred dollars shall be made until the subject-matter thereof has been considered and the estimates reported to the Town, either by the Selectmen or other Town officers, or by the Warrant Committee or some committee chosen for that purpose in pursuance of a vote of the Town.

SECT. 12. The Selectmen shall have full authority as agents of the Town to institute and prosecute suits in the name of the Town, and to appear and defend suits brought against it, unless it is otherwise specially ordered by a vote of the Town.

SECT. 13. Whenever it shall be necessary to execute any deed conveying land or other instrument required to carry into effect any vote of the Town, the same shall be executed by the Selectmen, or a majority thereof, in behalf of the Town, unless the Town shall otherwise vote in any special case.

SECT. 14. The Selectmen shall appoint a Town Accountant, who shall perform the duties prescribed by law. At the close of each fiscal year he shall cause an audit of the accounts of the Town to be made under the supervision of the Director of Accounts, as provided by Section 35 of Chapter 44 of the General Laws.

SECT. 15. Whenever damages may be recovered against the Town under General Laws, Chapter 79, entitled "Eminent Domain" and acts in amendment thereto and in addition thereto, the Board of Selectmen, unless otherwise provided by vote of the Town, may exercise in the name and behalf of the Town all the powers granted in Section 39 of said Chapter relative to settlement of damages, assumption of betterments, offers of settlement, and other matters in said section contained.

CHAPTER 5

THE CEMETERY

SECTION 1. The sole care, superintendence, management, and control of the Cemetery shall be intrusted to a Board of five Trustees to serve for the period of five years; one of said Board shall retire and a new member be elected at each annual meeting of the Town.

In case of vacancies in the Board of Trustees the remaining members may fill the same, but any member so chosen shall hold office only until the next annual Town meeting, when a Trustee shall be elected for the unexpired term.

SECT. 2. Citizens of Milton who are heads of families and have been residents of the Town not less than five years shall be entitled to lots in the Cemetery, allowing one lot to a family, subject to the regulations adopted by the Town, upon payment of the charges for putting the lot in order; but by unanimous consent of the Trustees the five years' residence requirement may be waived.

SECT. 3. The Trustees, when in their judgment it shall be deemed advisable, may sell lots at the rate of not less than fifty cents a square foot, but only to those who are in some way connected with Milton people.

SECT. 4. The proprietor of each lot shall cause to be erected, at his own expense, corner-stones, and a step with his name and the number of the lot inscribed on the same, and shall cause his lot to be kept in proper order; and if the proprietor shall omit for thirty days after notice to erect such land marks and to keep the lot in order, the Trustees shall have authority to have the same done at the expense of said proprietor.

SECT. 5. No lot shall be used for any other purpose than as a place of burial for the dead, and no proprietor shall suffer the remains of any person to be deposited within the bounds of his lot for hire; nor shall any proprietor sell or transfer the whole or any part of his lot without the consent of the Trustees.

SECT. 6. If in the judgment of the Trustees any trees or shrubs in any lot shall become detrimental to the adjacent lots or avenues, or dangerous or inconvenient, it shall be the duty of the Trustees to enter upon said lot and to remove said trees and shrubs, or such parts thereof as are thus detrimental, dangerous or inconvenient.

SECT. 7. There shall be no structure or inscription placed in, upon or around any lot which the Trustees shall deem offensive or improper; and it shall be the duty of the trustees to remove all offensive or improper objects.

SECT. 8. The Trustees shall have authority to purchase any tomb in the Cemetery offered for sale, paying for the same such sums as, in their judgment, may be fair and reasonable. They shall also have authority to give for any tomb a lot to be constructed on the land occupied by the tomb, or to be selected at some other point in the Cemetery grounds, as they may agree with the proprietor of the tomb. Should there be no living proprietors, or legal representatives of deceased proprietors, the Trustees may take possession of such Tomb, carefully remove its contents to a lot prepared for the purpose, and erect over the remains a suitable memorial stone.

SECT. 9. The following regulations shall be posted within the Cemetery:—

1. All persons are prohibited from driving on the borders.
2. No horse shall be left upon the grounds without a keeper, unless fastened to posts provided for the purpose.
3. All persons are prohibited from discharging firearms within the grounds of the Cemetery, except in connection with military memorial services.
4. All persons are prohibited from writing upon or otherwise defacing any sign, monument, fence, or other structure.
5. All persons are prohibited from gathering flowers, or breaking any tree, plant or shrub.
6. Dogs are not allowed within the Cemetery grounds.

CHAPTER 6

POLICE REGULATIONS

SECTION 1. No person shall move or assist in moving any building, over any way which the Town is obliged to keep in repair, without the written permit of the Selectmen being first obtained; nor, having obtained such permit, without complying with the restrictions and provisions thereof.

SECT. 2. Whoever, without a written license from the Selectmen, shall cause or suffer any cart or wagon to remain within the limits of any public way so as in any manner to obstruct travel thereon, or for more than twenty-four hours, shall forfeit and pay a sum not less than one dollar and not more than ten dollars for each offence; and he shall be subject to a like penalty if he neglects to remove the same within the time ordered by such officers, who may revoke such license at any time.

SECT. 3. No person shall place or cause to be placed, upon any public way or sidewalk, any lumber, iron, wood, coal, trunk, bale, box, crate, cask, barrel, package or other thing, and allow the same to remain for more than one hour, or more than ten minutes after being notified by a constable, police officer or the Selectmen.

SECT. 4. Any person who intends to erect, repair or take down any building on land abutting on any way which this Town is obliged to keep in repair, and desires to make use of any portion of said way for the purpose of placing thereon building materials or rubbish, shall give notice thereof to the Selectmen. And thereupon the Selectmen may grant a permit in writing to occupy such a portion of said way to be used for such purpose as in their judgment the necessity of the case demands and the security of the public allows; such permit in no case to be in force longer than ninety days, and to be on such conditions as the Selectmen may require; and especially in every case, upon condition that during the whole of every night, from twilight in the evening until sunrise in the morning, lighted lanterns shall be so placed as effectually to secure all travellers from liability to come in contact with such building materials or rubbish.

SECT. 5. No person shall throw or place, or cause to be thrown or placed, any ice or snow into or upon any public way unless the same be broken into small pieces and spread evenly.

SECT. 6. Whoever, without the written permission of the Selectmen, shall place or cause to be placed in or upon any public way, or sidewalk, any ashes, dirt, rubbish or filth of any kind, or any animal or vegetable substance, shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence.

SECT. 7. Whoever shall suffer any horse or grazing beast, or swine, to run at large in the Town, or to feed in any public way either with or without a keeper, and whoever shall drive any such animal upon any sidewalk, or suffer any horse to remain hitched across any sidewalk, shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence.

SECT. 8. Three or more persons shall not continue to stand or remain in a group, or near to each other, on any sidewalk or in any public place in such a manner as to obstruct a free passage for foot passengers, after having been requested by a constable or police officer to move on. Any person who shall violate the provisions of this section shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence.

SECT. 9. No person shall dig up or obstruct any portion of any way which the Town is obliged to keep in repair without the permit, in writing, of the Selectmen, nor, having obtained such permit, shall fail to comply with the conditions thereof; and in addition to any penalty to which he may be subjected under these By-Laws for such failure, he shall reimburse the Town for all expenses and damages which, or for which, the Town may be compelled to pay by reason of such unauthorized use, or any failure to comply with said conditions.

SECT. 10. No person shall ride or drive any beast of burden, carriage or draught, or shall propel or cause to be propelled any bicycle, tricycle, automobile or any vehicle whatsoever, at a rate of speed exceeding ten miles an hour, in or over any crossing in any public way.

SECT. 11. No person shall permit any team under his care or control to stand across

any public way in such a manner as to obstruct the travel over the same for an unnecessary length of time; no person shall stop with any team in any public way so near to another team as to obstruct public travel; and no person shall stop with any team or carriage upon or across any crossing in any public way.

SECT. 12. No person shall drive or take charge of at the same time in any public way two or more vehicles drawn by horses or other beasts; or shall allow any vehicle belonging to him to be driven in any public way without some competent person in charge thereof.

SECT. 13. Whoever shall coast upon ice or snow on Adams Street, between Churchill's Lane and the line of the City of Boston, or upon any public way on which the Selectmen or Superintendent of Police shall by public notice have forbidden such coasting, and whoever shall drive, wheel or draw any coach, cart, wheelbarrow, handcart, velocipede, bicycle or any carriage of burden or pleasure, except children's carriages, or coast upon any sidewalk in the Town, shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence.

SECT. 14. Whoever shall behave in an indecent or disorderly manner, or use profane, indecent, or insulting language in or upon any sidewalk, public way, or other public place, to the annoyance or disturbance of any other person there being or passing in a peaceable manner, shall forfeit and pay a sum not less than one dollar nor more than twenty dollars for each offence.

SECT. 15. Any person or persons who shall play or perform on any musical instruments, or sing, parade, march, or congregate in any public way or public place, except in connection with a funeral, without the written permit of the Selectmen, shall forfeit and pay a sum not less than one dollar nor more than twenty dollars for each offence.

SECT. 16. Whoever shall be or remain on any doorstep, portico, or other projection from any house or building, or upon any wall or fence on or near any public way or public place, after being requested by the occupant of the premises or by any constable or police officer to remove therefrom, shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence.

SECT. 17. No person shall throw stones, snowballs, sticks, or other missiles, or kick a football or play at any game in which a ball is used, or fly any kites or balloons, in any public way.

SECT. 18. Whoever shall affix, by paste or otherwise, any handbill, placard, notice, or advertisement, or paint, draw or stamp the same, or any marks or figures, to or upon any sign board of the Town, or to or upon any building, fence, wall, tree or structure, without the permission of the owner of such building, fence, wall, tree or structure, shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence; and if such handbill, placard, notice, advertisement, mark, or figure be obscene or indecent, the penalty shall not be less than twenty dollars for each offence.

SECT. 19. Whoever shall undertake to enter a particular drain into a common sewer without a permit in writing from the Sewer Commissioners or without complying with the conditions and directions of such permit, shall forfeit and pay a sum not exceeding ten dollars.

SECT. 20. Whoever shall lead or cause to be led into any public way, or running stream, any drain or pipe from any house or other buildings whereby filthy water or other unclean matter may be emptied into or upon any such public way or running stream; and whoever shall throw, lead or discharge or cause to be thrown, led or discharged, into any public way, or running stream, any noxious or poisonous matter or substance, or any matter or substance which shall cause an offensive smell or odor, or which shall be destructive of, or injurious to, animal life, shall forfeit and pay a sum not less than five dollars nor more than twenty dollars.

SECT. 21. The Selectmen may grant licenses to use a certain portion of any public way as a carriage-stand, under such terms and conditions as they may prescribe; and no person shall use any portion of any public way as a carriage-stand for the solicitation of passengers for hire without a license from the Selectmen. But licenses shall not be confined to one person to the exclusion of other applicants, and shall be granted so as to allow competition and promote public convenience.

SECT. 22. No person shall distribute papers, circulars or advertisements through

the Town or any portion thereof in such a manner as to make a litter or otherwise cause public annoyance.

SECT. 23. No person shall fire, discharge, explode or set off any gun, firearm, torpedo, fire-cracker or fire-works in such manner as to frighten any horse, or to disturb the peace or quiet of any neighborhood.

SECT. 24. No person shall wilfully deface or injure any public playground, planting space, flower bed, tree, shrub or grass border.

SECT. 25. No person shall own or keep a dog which by barking, biting, howling or in any other manner is disturbing the peace or quiet of any neighborhood.

SECT. 26. The Selectmen may license suitable persons to be dealers in and keepers of shops for the purchase, sale, or barter of junk, old metals, or second-hand articles, in the Town. They may also license suitable persons as junk collectors, to collect, by purchase or otherwise, junk, old metals, and second-hand articles from place to place in the Town; and they may provide that such collectors shall display badges upon their persons, or upon their vehicles, or upon both, when engaged in collecting, transporting, or dealing in junk, old metals, or second-hand articles; and may prescribe the design thereof. They may also provide that such shops and all articles of merchandise therein, and any place, vehicle or receptacle used for the collection or keeping of the articles aforesaid, may be examined at all times by the Selectmen or by any person by them authorized thereto. The aforesaid licenses may be revoked at pleasure, and shall be subjected to the provisions of Section 186 to 189 inclusive of Chapter 102 of the Revised Laws.

Whoever violates any provisions of Section 26 and 27 shall in cases not otherwise provided for, forfeit and pay for each offence a fine not exceeding twenty dollars.

SECT. 27. The Selectmen may order numbers to be affixed to or painted on the buildings on any street in their discretion. The owner of every house shall comply with such order within thirty days thereafter.

PROSECUTIONS AND PENALTIES

Except when otherwise provided by law, prosecutions for offences under the By-Laws of the Town may be made by any constable or police officer of the Town.

CHAPTER 7

THE CONSTRUCTION AND INSPECTION OF BUILDINGS

SECTION 1. This Chapter shall constitute and be known as the Building Code and may be cited as such. It provides, in conjunction with Chapter 635, Acts of 1912, known as the "Tenement House Act", for all matters concerning the construction, equipment, alteration, repair, demolition or moving of buildings or structures erected or to be erected in the Town of Milton.

SECT. 2. Whenever the word "Inspector" occurs in this Chapter it means the Inspector of Buildings.

SECT. 3. The Inspector may, so far as is necessary for the performance of his duties, enter any building or premises within the Town at any reasonable hour.

SECT. 4. In this Chapter the following terms shall have the meanings respectively assigned to them:

First Class Buildings: A first class building shall consist of fireproof material throughout, with floors constructed of iron, steel or reinforced concrete beams, filled in between with terra cotta or other masonry arches or with concrete or reinforced concrete slabs. Wood may be used only for under and upper floors, window and door frames, sashes, doors, interior finish, handrails for stairs, necessary sleepers bedded in cement, and for isolated furrings bedded in mortar. There shall be no air space between the top of any floor arches and the floor boarding.

Second Class Building: Second class buildings shall include all buildings not of the first class, the external and party walls of which are of brick, stone, iron, steel, concrete, reinforced concrete, concrete blocks or other equally substantial and fireproof material.

Third Class Buildings: Third class buildings shall include all buildings not of the first or second class.

Thickness of Wall: The minimum thickness of such wall.

Grade: Average grade of the ground immediately adjoining a building.

Cellar: A story more than one-half below the average grade of the ground immediately adjoining a building.

Wooden Frame Building: Any building of which an external wall is constructed wholly or partly of wood. Wood frames covered with metal, wire lath and plaster or brick shall be deemed to be wood structures.

Reinforced Concrete: By the term "reinforced concrete" is meant an approved concrete mixture reinforced by steel of any shape so combined that the steel takes up the tensile stress and assists in the resistance to shear.

Story: That part of a building between the top of any floor beams and the top of the floor or roof beams next above.

PERMITS

SECT. 5. Before the erection, construction or alteration of any building or part of any building, structure or part of any structure, wall or any platform or flooring to be used for standing or seating purposes, is commenced, the owner or lessee, or agent of either, or the architect or builder employed by such owner or lessee in connection with the proposed erection or alteration shall, except for ordinary repairs, submit to the Inspector a detailed description of the location, purpose and construction of the proposed structure or work on proper blanks to be furnished by the Inspector, and full and complete copies of the plans of such proposed work, and such structural detailed drawings as the Inspector may require.

Such plans and detailed drawings shall be furnished in duplicate and, if approved by the Inspector, one set shall be kept at the building during the progress of the work, open to the inspection of the Inspector or his representative. The other shall be kept on file in the office of the Inspector.

The Inspector may require an applicant for a permit to submit with the plans of a building or other structure detailed drawings and calculations of any portions thereof subjected to unusual stresses, or of complicated construction, or for a steel frame or reinforced construction, or of any type of construction not particularly described in this chapter.

Nothing in this section shall be construed to prevent the Inspector from granting his approval of the erection of any part of a building or structure where the general plans and detailed descriptions have been filed for the same, before the entire detailed plans have been submitted.

SECT. 6. It shall be the duty of the Inspector to approve or reject any plans filed with him pursuant to the provisions of this chapter within a reasonable time and within ten (10) days in any event, and no work shall be commenced until a permit is issued.

SECT. 7. Upon approval of plans the Inspector shall issue a permit. The permit shall be void unless work is commenced within three (3) months from the date thereof.

SECT. 8. No building shall be lathed nor shall any metal ceiling, plaster board or other covering be put on until the Inspector has been notified that the building is ready for such work, and until he has given written consent thereto.

SECT. 9. If a proposed building or structure is of a size or character not provided for by this chapter, plans and specifications of such building or structure shall be submitted to the Inspector and referred by him, with his recommendations thereon, to the Board of Selectmen for approval.

CONSTRUCTION

SECT. 10. The Inspector shall examine all buildings in the course of erection or alteration as frequently as is necessary, to see that the Law and the By-Laws of the Town are complied with.

SECT. 11. Every portion of every building or other structure in process of construction, alteration, repair or removal and every neighboring building or other structure

or portion thereof affected by such process, or by any excavation, shall be properly supported during such process or excavation.

SECT. 12. All masonry below the finished grade shall be laid up in mortar no poorer than one part Portland cement and three parts sand.

All masonry above grade shall be laid up in mortar no poorer than one part Portland cement, one part lime, and six parts sand.

SECT. 13. Every building or structure hereafter erected shall have a masonry foundation resting upon the solid ground, piles or other durable structure. Said foundation shall be securely and properly built, and shall be of such thickness as to properly sustain the weight it is intended to support; provided, however, that the Inspector may, in his discretion, permit the use of other materials for foundations of buildings not over one and one-half stories high.

SECT. 14. The underpinning above grade, if of concrete, shall be not less than ten (10) inches in thickness; if of brick, not less than twelve (12) inches in thickness; if of stone, not less than sixteen (16) inches in thickness; and shall be laid in cement mortar, as prescribed in Section 12.

SECT. 15. All foundation walls and pier footings shall be laid at least three (3) inches below cellar bottom and not less than three (3) feet six (6) inches below any adjoining surface exposed to frost.

SECT. 16. All piers shall be built of stone, good, hard burnt brick laid in mortar, or reinforced concrete. Isolated brick piers shall not exceed in height ten (10) times their horizontal dimensions and, if of reinforced concrete, fifteen (15) times their least horizontal dimensions, which shall not be less than twelve (12) inches. Cement filled iron columns may be substituted for piers if of suitable size to carry the superimposed load. Such columns shall have cast iron caps and bases and shall rest on footings of masonry, stone or concrete which shall be at least twelve (12) inches in each dimension.

SECT. 17. For buildings other than frame, where the walls are of brick or solid concrete, the minimum thickness in inches of all exterior and dividing walls carrying the loads of floors and roofs and including foundation walls for the same shall be not less than specified in the following table.:—

Height	Founda-tion	Basement	Stories					
			1	2	3	4	5	6
1 story . .	16	12	8					
2 stories . .	16	12	12	8				
3 stories . .	20	16	12	12				
4 stories . .	20	16	16	12	12			
5 stories . .	20	16	16	16	12	12		
6 stories . .	24	20	16	16	16	12	12	8

The height of stories for the thickness of walls shall not exceed:

First Story	17 feet
Second Story	15 feet
Third Story	13 feet
Fourth and Upper Stories	12 feet

and if any story exceeds the foregoing heights, it shall be counted as one additional story for each twelve feet in height or fraction thereof and the thickness of the walls not diminished from the thickness of the lower portions of such story.

If stone is used in place of brick or solid concrete, the thickness of walls shall be made four (4) inches thicker than above specified.

In external walls of the thickness specified in this section, the area of openings for windows, doors, flues, etc., shall not exceed 50 per cent of the gross area. In case the width of such openings exceeds one-half the length of the wall, the thickness of piers between openings shall be increased so as to maintain an area of at least fifty

(50) per cent of the gross area required by the specified thickness, provided, however, that in the upper half of any vertical portion of the wall required to be of constant thickness a smaller addition may be made to the thickness of piers, if the stresses allowed by this code are not exceeded. Curtain walls of brick or concrete between piers, where carried to the piers by arches or lintels at each story, shall be not less than eight (8) inches in thickness.

SECT. 18. Vaulted walls shall contain, exclusive of ties, the same amount of material as required for solid walls, and shall be securely tied together with headers in every sixth course at least.

SECT. 19. In reckoning the thickness of walls, no allowance for ashlar shall be made unless it is at least eight (8) inches thick, in which case the excess over four (4) inches shall be reckoned as part of the thickness of the wall. Ashlar shall be at least four (4) inches thick and properly held by metal clamps to the backing or properly bonded to the same.

SECT. 20. Reinforced concrete construction will be accepted for buildings of the first class, and must be designed in accordance with the recommendations of the Joint Committee of the American Society of Civil Engineers, or American Society for Testing Materials, and all materials used in the construction must conform to the requirements of the standard specifications of the American Society for Testing Materials.

The Building Inspector shall have authority to require tests to be made of all materials used in the construction. Such tests shall conform to the requirements as approved by the American Society for Testing Materials.

Only stone or gravel concrete shall be allowed in the construction of reinforced concrete buildings, except that slag or cinder concrete may be used for fireproofing purposes and for floors or roofs where the superimposed load does not exceed fifty (50) pounds per square foot, and the spacing between supports does not exceed six (6) feet.

The allowable unit stresses shall not exceed those recommended by the Joint Committee above mentioned.

Before issuing permit for the construction of reinforced concrete buildings, the Inspector of Buildings shall require the owner to submit a complete set of working drawings and details of the proposed construction with the approval of some well-known consulting engineer written upon each sheet of the drawing, and the cost of such approved drawings shall be paid by the owner.

SECT. 21. The studding in outside walls shall be at least two (2) by four (4) inches in size and spaced not over sixteen (16) inches on centers.

Studs next door and window openings shall be at least three (3) inches by four (4) inches and shall be mortised into sills and girts.

Openings in outside walls shall be trussed if the Inspector so requires.

SECT. 22. Every wooden building hereafter erected or altered shall have all parts of sufficient strength to carry the weight of the super-structure; shall be built with sills, posts, girts, studs, and plates all properly framed, braced and secured together by mortising, strapping or halving, to the satisfaction of the Inspector.

The posts and girts shall be not less than four (4) inches in size except intermediate posts, which shall be not less than four (4) inches by eight (8) inches in size. Studs in interior partitions shall be placed not more than twenty (20) inches on centers. Plates shall be not less than four (4) inches by four (4) inches in size, but may be two (2) inches by four (4) inches doubled. Sills shall be not less than four (4) inches by six (6) inches in size.

SECT. 23. The studding of main or carrying partitions shall be not less than two (2) by four (4) inches in size, and shall rest on a sole piece of hard pine two (2) by four (4) inches. All openings in main partitions of more than thirty-six (36) inches shall be trussed and have studs doubled at sides. Every partition shall have a header extending the length of the partition, and carrying partitions shall be bridged with stock the full width of studding and two (2) inches thick, at least once in height.

Partitions over twelve (12) feet in height shall be bridged at least once in every six (6) feet.

When carrying partitions rest directly over each other, the studs shall run down between the floor beams and rest on the header of the partition below.

Headers of carrying partitions shall be at least two (2) inches by four (4) inches in size, doubled and of hard pine.

SECT. 23A. All wooden header beams more than four (4) feet long used in any building shall be framed together and pinned or hung to the trimmer beam in stirrup-irons. When it is not practical to frame or secure the ends of tail beams into header beams, the ends of the tail beams shall be hung to the header beams by stirrup-irons.

SECT. 24. All wooden beams of floors or flat roofs shall be properly bridged with cross bridging at least one (1) inch by three (3) inches in size, and the distance between bridging or between bridging and walls shall not exceed eight (8) feet.

SECT. 25. No part of any floor timber shall be within two (2) inches of any chimney; no studding or furring shall be within one (1) inch of any chimney; and no timbers or woodwork shall be within two (2) inches of the back wall of any fireplace. The header beam, carrying the tail beams of a floor and supporting the trimmer arch in front of a fireplace, shall be not less than eighteen (18) inches from the finished chimney breast.

SECT. 26. Every wooden beam, except header beams, shall rest four (4) inches in the wall at each end, or upon a girder or columns as authorized by this chapter, unless the wall is properly corbelled out of four (4) inches, in which case the brickwork or corbelling shall extend to the top of the floor beams.

SECT. 27. The ends of all wooden beams of floors where they rest on brick walls, and the ends of all wooden roof beams in parapeted walls, shall be cut to a bevel three (3) inches in their depth.

SECT. 28. No cutting of timbers for any purpose shall be done so as to reduce the strength of the supporting posts below that required by the provisions of this chapter. No floor, timber, header or trimmer beam of any building shall be cut into more than two (2) inches in depth for piping without a permit from the Inspector. Holes for electric wires through wooden beams, girders or floor beams shall not be located more than one (1) inch from the neutral axis thereof.

SECT. 29. Every second and third class building hereafter built shall have in each story all vertical space in the exterior walls, and carrying partitions thoroughly stopped with fireproof materials not less than four (4) inches in height. These stops may be omitted on approval of the Inspector in cases where the studding is to remain open and uncovered. In every building used solely as a mill or factory there shall be a firestop between the upper and under floor. This fire stop may, however, be omitted if the floor boards are at least two (2) inches thick and splined or tongued together and the space between the timbers of the floor open and uncovered.

SECT. 30. All floors shall be of sufficient strength to bear the weight imposed thereon and of sufficient strength in all parts to safely bear (in addition to the weight of the material of which the floor is composed), upon every square foot of its surface not less than the weights named below for the specified purposes for which such floors are respectively used or designed to be used:

Dwelling houses and hotels, [except public rooms having a floor area of over five hundred (500) square feet and corridors], fifty (50) pounds; unfinished attics used for storage purposes only, thirty (30) pounds; schoolhouses, except corridors and assembly halls, sixty (60) pounds; stairs, landings, platforms, fire escapes, office floors, places of public assembly and public buildings having permanent seats, seventy-five (75) pounds; stables, private garages and the portions of public garages not containing machinery, seventy-five (75) pounds; corridors of hotels, of public buildings and of schoolhouses and rooms in hotels exceeding five hundred (500) square feet in area, one hundred (100) pounds; retail stores and buildings for light manufacturing purposes, one hundred and twenty-five (125) pounds; places of public assembly and public buildings having movable seats, dance halls and gymnasiums, two hundred (200) pounds; warehouses and buildings for heavy manufacturing purposes, two hundred and fifty (250) pounds. Loads not included in the above classification shall be determined by the inspector.

SECT. 31. The pressure upon brick masonry in walls or piers, of which the thickness or least dimension is more than one-sixth of the height, when lime mortar is used, shall not exceed eight (8) tons per square foot, with lime and cement mortar, twelve (12) tons per square foot; with cement mortar, eighteen (18) tons per square foot. When the thickness or least dimension is between one-sixth and one-twelfth the height, and lime mortar is used, the pressure shall not exceed seven (7) tons per square foot; lime and cement mortar, ten (10) tons per square foot; with cement mortar, fifteen (15) tons per square foot.

On first class stone work laid in cement, pressure shall not exceed: on sandstone, thirty (30) tons per square foot; on marble or limestone, forty (40) tons per square foot; on granite, sixty (60) tons per square foot.

Hollow blocks of terra cotta or concrete when used for bearing walls shall have not more than fifty (50) per cent of cellular space. Concrete blocks shall not be used in construction until they have attained the age of twenty-eight days, or developed the strength required in this section. All blocks shall be laid in Portland cement mortar.

The compressive strength of building blocks shall in all cases be calculated upon the gross area of the bedding faces, no account being taken of the cellular spaces. The average ultimate compressive strength for terra cotta blocks laid with cells vertical shall be not less than twelve hundred (1,200) pounds per square inch; the average for concrete blocks laid with cells vertical shall be not less than eight hundred (800) pounds per square inch. Concrete blocks shall be not less than thirty-six (36) days old when tested. The average strength of the blocks as here given shall be obtained by testing ten blocks of average quality.

The allowable working stress of hollow building blocks shall not exceed one hundred (100) pounds per square inch of gross area for terra cotta blocks, or seventy-five (75) pounds per square inch of gross area for concrete blocks. If a wall be built of blocks with the cells horizontal, the allowable working stress shall not exceed thirty (30) pounds per square inch of gross area.

The maximum stress in pounds per square inch in woodwork shall not exceed the following:

	Long-leaved Yellow Pine, Oak & Locust	Other Woods
Direct tension on compression or fibre stress	1,500	1,000
Direct compression side grain	500	300
Shear across fiber	1,200	800
Shear with fiber	150	100
Short columns	1,000	700

Columns may be used with a length not exceeding forty (40) times the least dimension. The unit strain for lengths up to ten (10) times the least dimensions shall be as given in the above table, with a reduction of one hundred (100) pounds per square inch for every increase of ten in the ratio of length to least dimension.

The maximum stress in tension in cast iron, or tensile fiber stress in case of beams, shall not exceed three thousand (3,000) pounds per square inch. The maximum compression fiber stresses in beams shall not exceed sixteen thousand (16,000) pounds per square inch. Cast iron columns may be used with a length not exceeding twenty (20) times their external diameter. The unit stress for lengths up to three (3) times their diameter shall not exceed eleven thousand (11,000) pounds per square inch, with a reduction of five hundred (500) pounds per square inch for every increase of 3 in the ratio of length to least diameter.

In rolled steel the maximum stresses shall not exceed the following:

Tension and fiber stress, 16,000 pounds per square inch; compression in columns, 13,000 pounds per square inch.

Columns may be used with a ratio of length (l) to least radius of gyration (r) not exceeding 16, l being expressed in feet and the r in inches. The unit stress allowed shall be 13,000 pounds per square inch for 1-r from 2 to 4; 12,000 from 4 to 6; with a decrease of 1,000 pounds for each succeeding increase of 2 in the ratio of l to r.

Shear in rivets, 10,000 pounds per square inch; shear in rough bolts, 9,000 pounds per square inch; shear in web (stiffened), 8,000 pounds per square inch in short pieces, or compressive bearing on rough bolts, 15,000 pounds per square inch.

The maximum stresses in wrought iron shall not exceed seventy-five (75) per cent of those allowed in rolled steel.

Materials not specifically mentioned above shall not be allowed to carry stresses exceeding one-quarter the stresses which would cause fracture or cracks in specimens

of such material of average quality under similar conditions of loading. In cases of doubt of the strength of such materials, the owner may be required to make such tests as the Inspector shall deem necessary to determine the strength, said tests to be made in the presence of the Inspector or his authorized representative.

SECT. 32. Frame buildings veneered on the outside with four (4) inches of brick or stone work shall have such brick or stone work supported on a foundation of masonry, and bearing on rivets, 18,000 pounds per square inch; shall be properly anchored to the frame structure. The height of any such veneer shall not exceed twenty-five (25) feet above the solid masonry.

SECT. 33. All hot air furnaces, low pressure boilers, and hot water heaters shall be placed at least two (2) feet from any wooden or combustible partition or ceiling, unless such partition or ceiling is properly protected by incombustible material, when the distance shall be not less than one (1) foot.

SECT. 34. No wood shall be placed within one (1) inch of any smoke flue or metal pipe used to convey hot air. No smoke pipe shall pass through any wood floor. No smoke pipe shall be placed nearer than twelve (12) inches to any woodwork unless it is properly guarded by metal shields; if so guarded smoke pipes shall be not less than six (6) inches distant. Where smoke pipes pass through a lath and plaster partition they shall be guarded by galvanized iron ventilated thimbles at least twelve (12) inches larger in diameter extending through the partition and eight (8) inches larger than the pipe. No smoke pipe shall pass through the roof of any building unless a special permit be first obtained from the Inspector of Buildings.

SECT. 35. Steam or hot water heating pipe shall not be placed within two (2) inches of any timber or woodwork, unless the timber or woodwork is protected by a metal shield; the distance shall be not less than one (1) inch. All steam or hot water heating pipes passing through floors and ceilings or lathed and plastered partitions shall be protected by a metal tube one (1) inch larger in diameter than the pipe—having a metal cap at the floor.

All pipes or ducts used to convey air warmed by steam or hot water shall be of metal or other fireproof material. All steam and hot water pipe coverings shall consist of fireproof materials only.

SECT. 36. All walls, ceilings and partitions inclosing drying-rooms, when not made of fireproof material, shall be wire lathed and plastered, or covered with metal, tile or other hard, incombustible material.

SECT. 36A. No portion of any building of third class construction to which the provisions of Chapter 635 of the Acts of 1912 do not apply shall be hereafter erected, enlarged, altered, or placed nearer than four (4) feet to the line of any adjacent lot or to any other building of the first or second class; or nearer than eight (8) feet to any portion of any other building of the third class on the same lot, unless fireproof masonry walls, with openings protected as required by Section 36, are built next to the said lot or other building, such walls to be of thickness provided under Section 17.

SECT. 37. In first or second class buildings all openings in walls within four (4) feet of adjoining property lines shall be protected by metal shutters or by metal sash, frames and wire glass.

SECT. 38. Every building of the third class hereafter erected to form a block of two or more buildings shall have a wall of brick, or Portland cement concrete, or other equally substantial and approved fireproof material between adjoining buildings, completely separating same. Such walls to be of thickness specified in Section 17, carried to under side of roof boarding.

SECT. 38A. Every dwelling to which the provisions of Chapter 635 of the Acts of 1912 do not apply shall have at least two independent means of egress.

ELECTRIC WIRING AND FIXTURES

SECT. 39. All wires, appliances and apparatus in the interior of a public building or on private premises, which are intended for the transmission of electricity and to be connected with an outside circuit, shall be made and at all times kept safe, and shall be placed, arranged, attached, changed and maintained by the person, firm or corporation owning or using the same, to the satisfaction of the Inspector of Wires

appointed in accordance with the provisions of Chapter 337 of the Acts of the year 1899. The Inspector of Wires shall have access at all reasonable times to such wires, appliances and apparatus.

Before any person, firm or corporation shall arrange, fix, or essentially change any such wires, appliances and apparatus, the Inspector of Wires shall be notified and given full opportunity to inspect the said wires and their arrangement and fixtures before the same are covered or enclosed. Wires in the interior of buildings and on private premises shall not be connected with an outside circuit which crosses or runs along, over or under any street or way of the Town without written permission therefor having been first obtained from the Inspector of Wires.

Companies and contractors making any repairs on or installing any electric plants in the Town of Milton shall send a notice to the Inspector of Wires before the work is commenced.

All work and material must be supplied and installed in accordance with provisions of the National Electric code and any amendments or additions thereto.

GAS FIXTURES

SECT. 40. The burners of all gas fixtures shall be at least three (3) feet below any ceiling or woodwork, unless the same is properly protected by a shield, in which case the distance shall be not less than eighteen (18) inches. No gas bracket on any lath and plaster partition or woodwork shall be less than five (5) inches in length, measured from the burner to the plaster surface or woodwork.

SECT. 41. Gas pipes in any building or structure shall be installed in accordance with the rules and regulations prescribed by the company furnishing gas. All gas pipes shall be inspected and tested by the gas company before the pipes are covered, and a certificate of the same from the gas company shall be placed on file with the Inspector of Buildings by the owner of the building or his representative. The method of installation of the gas pipes shall be subject to the approval of the Inspector of Buildings.

SECT. 42. Every hot water boiler hereafter installed, to be used for heating purposes, shall be provided with a safety or relief valve of a size not less than that known commercially as one half ($\frac{1}{2}$) inch. Such valve shall be attached either directly to the boiler or to some pipe connected therewith at a point not more than one foot from the boiler.

REGULATIONS MADE BY THE FIRE ENGINEERS ACCORDING TO THE PROVISIONS OF CHAPTER 32, SECTION 46, OF THE REVISED LAWS IN REGARD TO CHIMNEYS, FLUES, FIREPLACES AND HEATING PIPES

SECT. 43. All chimneys hereafter erected shall be built of brick, stone or other incombustible material.

SECT. 44. All chimneys hereafter erected, if walls are less than eight (8) inches thick, shall be lined on the inside with terra cotta or tile pipe, made smooth on the inside from two (2) feet below girder, or from the throat of the fireplace, if the flue starts from the latter, and carried up continuously to the top. The ends of all such lining pipes shall be made to fit close together, and the pipe shall be built in, as the flue or flues are carried up. The walls shall be at least four (4) inches thick. No paring mortar shall be used on the inside of any fireplace, chimney or flue. The firebacks of all fireplaces hereafter erected shall be not less than eight (8) inches in thickness if of solid brickwork not less than twelve (12) inches if of stone. When a grate is set in a fireplace, a lining of firebrick at least two (2) inches in thickness shall be added to the fireback, unless soapstone, tile or cast iron is used and filled solidly behind with fireproof material.

All chimneys shall extend at least three (3) feet above the highest point at which the chimney cuts the roof and at least six (6) inches above any roof surface within ten (10) feet in a horizontal line.

SECT. 45. Imitation fireplaces intended for use with gas or electricity and not having a flue shall be constructed throughout, including the hearth, of fireproof material not less than two (2) inches thick.

Hearths of all fireplaces and chimney breasts where mantels are placed shall be supported by trimmer arches of brick, stone, burnt clay or concrete built of clay or concrete at least eighteen (18) inches in width, measured from the face of the finished chimney breast and not less than sixteen (16) inches longer than the width of the finished fireplace opening. Wooden centers under trimmer arches shall be removed before plastering the ceiling underneath. Hearths may be supported on steel cantilever beams built not less than sixteen (16) inches into the chimney.

SECT. 46. No chimney shall be supported by, started or built upon any woodwork.

In no case shall a chimney be corbelled out more than two-thirds the thickness of a wall to which it is attached, and in all such cases the corbellings shall consist of at least five course of brick. Where chimneys are supported by piers, the piers shall start from the foundation on the same line with the chimney breast, and shall be not less than twelve (12) inches on the face, properly bonded into the walls. When a chimney is to be cut off below, in whole or in part, it shall be wholly supported by stone, concrete, brick, iron or steel.

All chimneys which become dangerous in any manner whatever shall be repaired or made safe, or taken down.

SECT. 47. All hot air furnaces, low pressure boilers, and hot water heaters shall be placed at least two (2) feet from any wooden or combustible partition or ceiling, unless such partition or ceiling is properly protected by incombustible material, when the distance shall not be less than one (1) foot.

SECT. 48. No wood shall be placed within one (1) inch of any smoke flue or metal pipe used to convey hot air. No smoke pipe shall pass through any wood floor. No smoke pipe shall be placed nearer than twelve (12) inches to any woodwork unless it is properly guarded by metal shields; if so guarded smoke pipes shall be not less than six (6) inches distant. Where smoke pipes pass through a lath and plaster partition they shall be guarded by galvanized iron ventilated thimbles at least twelve (12) inches larger in diameter than the pipes, or by galvanized iron thimbles surrounded by solid masonry extending through the partition and eight (8) inches larger than the pipes. No smoke pipe shall pass through the roof of any building unless a special permit be first obtained from the Inspector of Buildings.

SECT. 49. Steam or hot water heating pipe shall not be placed within two (2) inches of any timber or woodwork, unless the timber or woodwork is protected by a metal shield, then the distance shall be not less than one (1) inch. All steam or hot water heating pipes passing through floors and ceilings or lathed and plastered partitions shall be protected by a metal cap at the floor.

All pipes or ducts used to convey air warmed by steam or hot water shall be of metal or other fireproof material. All steam and hot water pipe coverings shall consist of fireproof materials only.

CHAPTER 8

1988515

THE REGULATION AND INSPECTION OF PLUMBING

SECTION 1. There shall be in the Town a department for the inspection of plumbing in accordance with the provisions of Chapter 103 of the Revised Laws.

SECT. 2. The word "Inspector" without further addition wherever used in this chapter means the Inspector of Plumbing.

SECT. 3. Every plumber before commencing work on any part of the drainage system in a building, except in the case of the repair of leaks, shall file at the office of the Inspector upon blanks provided for that purpose, a description of the proposed work. No such work shall be done in any building unless approved by the Inspector and after a permit is issued therefor. Permits to perform plumbing shall be issued only to master plumbers. Drawings of the proposed work shall be filed when required by the Inspector.

SECT. 4. No drainage, waste or ventilation pipes shall be covered or concealed in any way until the same have been examined and approved by the Inspector. Notice shall be sent to the Inspector when the work is sufficiently advanced for such inspection, and it shall be the duty of such Inspector, within two (2) working days after receiving such notice, to inspect the same; and in case any change therein shall be found necessary, he shall direct in writing the change to be made.

SECT. 5. All drainage, waste and ventilation pipes shall be subjected to the water test before the fixtures are set, said pipings and fixtures shall be subjected to pneumatic or other reliable test. All such tests shall be made in the presence of the Inspector.

SECT. 6. The drainage and waste piping of every building shall be connected with the public sewer when such sewer is located in a street, way or other land adjacent to the lot upon which the building is located, if the sewer is within two hundred (200) feet of such building and is so located as to take the sewerage therefrom. If the building is more than two hundred (200) feet from the sewer or a sewer is not accessible, connection may be made with a proper cesspool, provided a permit is granted therefor by the Board of Health.

SECT. 7. The soil pipe of every building shall be of sufficient size to receive and allow freely to pass, all that enters or should enter the same. All soil pipes shall be of extra heavy cast iron pipe. All drain and connecting ventilating pipes within the building shall be of sufficient size, and made of cast iron with leaded and caulked joints, but galvanized wrought iron pipe may be used for vent purposes. All pipes shall be properly secured to walls and ceilings with wrought iron hangers. Waste pipes shall be of cast iron, of lead, or of annealed brass of a thickness not less than No. 13 Stubbs gauge with brass or cast iron recessed fittings. No soil pipe of any building shall be less than four (4) inches inside diameter, except by written permission of the Board of Health. No vent pipe shall be less than one and a quarter ($1\frac{1}{4}$) inches inside diameter.

SECT. 8. All drain pipes shall have a proper pitch, shall have an accessible cleanout, and shall extend to a point ten (10) feet outside of the cellar wall. The pipe from the sewer or cesspool to within ten (10) feet of the cellar wall shall have tight joints. The clean-out, if made accessible, may be placed outside the cellar wall. All drain or ventilation pipes shall extend undiminished in inside diameter at least two (2) feet above the highest window on the roof. Every drain pipe, except a drain pipe from a building having but one sink, or but one sink with adjoining trays, shall have a suitable trap placed with an accessible clean-out at a reasonable distance from the point where such drain pipe leaves the building. All changes in direction of soil pipes shall be made by Y branches or by curved pipes. No ventilation pipes on the outside of any building shall be less than two (2) inches in diameter.

SECT. 9. All joints in iron pipes, soil or vent pipes shall be made by thoroughly caulking the same with molten lead. Joints of lead pipes with iron pipes shall be made by soldering the same into brass ferrules by means of a full sized wiped joint and caulking the ferrules to pipes which are of cast iron, or screwing them to pipes which are of wrought iron.

SECT. 10. Every water-closet, urinal, sink, basin, bath-tub, slop hopper, and every tray or set of four or less wash trays shall have a separate trap, placed as near the fixture as possible, except that when two sinks or two basins, or a sink and a set of four or less wash trays adjoin, one trap shall be sufficient. A basin and bath-tub adjoining shall each have a separate trap, and in no case shall the waste from the bath-tub or other fixture be connected with the water-closet trap or water-closet lead outlet pipe.

All fixture traps shall be protected from siphonage or air pressure by special vent pipes having a diameter not less than the diameter of the waste pipe at a point not lower than the seal of the trap in such a manner as to make the vent pipe a continuation of or a Y branch from the waste pipe, except that the highest fixture on a stack which extends through the roof shall not require such special vent pipe unless the length of the waste pipe from the trap of said fixture to the said stack exceed three (3) feet. Vent pipes for water-closets shall be of not less than two (2) inches bore and may be connected with the water-closet waste pipe below the level of the trap seal. Two or more vent pipes may be connected together or with a soil pipe, but such connection with a soil pipe shall be above the uppermost fixture connected with such soil pipe. Lead vent pipes may be used only where they are exposed to view.

SECT. 11. No drip or overflow pipes from safes under water-closets, urinals, or other fixtures, no overflow pipes from tanks or cisterns, no waste pipes from refrigerators or other receptacles in which food is stored, no rain water conductors, and no steam exhaust pipes or steam waste pipes shall be connected with any soil pipe. No openings shall be allowed in the soil or waste pipe of any building for the purpose of receiving the surface drainage of the cellar except by permission of, and in a manner satisfactory

to the Board of Health. No brick, sheet metal, earthenware, or chimney flue shall be used as a sewer ventilator, or to ventilate any trap, drain, soil or waste pipe.

SECT. 12. Every water-closet shall be supplied with water from a tank or cistern, and shall have a flushing pipe of not less than one and a quarter ($1\frac{1}{4}$) inches inside diameter. Flushing valves attached directly to a water-closet may be used, but when used the method of installation shall conform in every particular to the requirements of the Inspector.

SECT. 13. Cesspools shall have a top of stone or arched brick, with iron rim and cover, and may be laid up dry, unless otherwise ordered by the Board of Health.

SECT. 14. No water-closet shall be enclosed with any woodwork.

SECT. 15. None of the provisions of the foregoing sections of this chapter shall apply to the drainage systems of barns and stables, except so far as ordered by the Board of Health, and all drainage systems of barns and stables shall be constructed according to plans approved in writing by the Board of Health.

SECT. 16. Every closed tank or boiler hereafter installed, which is to be used for the storage and supply of hot water, shall, if fed by direct pressure from any source outside of the building, have a safety or relief valve and a vacuum valve. Each valve shall be of a size not less than that known commercially as one-half ($\frac{1}{2}$) inch.

SECT. 17. Any person violating any of the provisions of Chapters numbered Seven and Eight shall be liable to a fine of not less than twenty (20) dollars nor more than one hundred (100) dollars for each offence, to be paid into the treasury of the Town of Milton.

SECT. 18. Upon the approval of Chapters 7 and 8 by the Attorney General of the Commonwealth and the publication as required by law, they shall go into effect, and all building laws heretofore adopted by the Town shall be thereby repealed, except that in cases where permits have been issued prior to the approval and publication as above provided, the laws then existing shall govern the work to be performed under said permits.

CHAPTER 9

STREET RAILWAYS

SECTION 1. The annual report shall contain the following concerning the street railways in the Town and the street railway companies owning or operating the same, viz.:—

Copies or full statements of all locations granted to street railways during the preceding calendar year, with all the terms, conditions and modifications thereof, and the terms of any modifications granted during the year of locations previously granted.

A copy of all regulations in force as to the rate of speed, the mode, manner and extent of use of tracks, and the number and routes of cars of any and all such companies made by the Selectmen under the provisions of Sections 40 and 42 of Chapter 112 of the Revised Laws.

A statement of all taxes paid in the Town by street railway companies during the preceding calendar year, which by the terms of Section 47 of Chapter 14 of the Revised Laws are to be applied toward the construction, repair and maintenance of the public ways and removal of snow therefrom within the Town.

SECT. 2. Whenever the Selectmen are of the opinion that additional accommodations for the traveling public are required upon any street railway in the Town, and the company neglects or refuses to furnish the same at their request, it shall be their duty to petition the Board of Railroad Commissioners to order such additional accommodations to be provided under the terms of Section 70 of Chapter 112 of the Revised Laws.

CHAPTER 10

TOWN WAYS

SECTION 1. Every way that shall be laid out for the acceptance of the Town as a town way shall be not less than fifty feet in width, provided, however, that this section shall not prevent the layout of any way, which, prior to the time this amendment

takes effect, shall have been duly approved by the Board of Survey. Provided, however, that upon written certification by the Board of Survey, in respect to the layout of a particular way, that the requirement of a width of fifty feet will cause practical difficulty or unnecessary hardship, such way, or ways, may be laid out less than fifty feet but not less than forty feet in width.

SECT. 2. If an existing private way the fee of which is in the abutters shall be laid out for the acceptance of the Town as a town way, such way shall not be accepted unless and until the Selectmen shall have certified in writing that such way is well built, and as constructed it is equal to the average construction of existing highways of the Town; provided, however, that this section shall not apply to ways laid out subject to the provisions of law relating to the assessment of betterments.

SECT. 3. Whenever any way shall have been laid out or altered by the Selectmen, and accepted and allowed by the Town, no entry for the purpose of constructing any part of such laying out or alteration shall be made until all claims for damages by reason thereof shall have been finally adjusted or determined, unless such entry shall be authorized by special vote of the Town.

CHAPTER 11

BILLBOARDS

SECTION 1. No person or corporation shall erect or maintain a billboard sign or other outdoor advertising device, except as provided in Section 32 of Chapter 93 of General Laws, on any location within three hundred feet of any public park or playground or Metropolitan Park or Parkway, if within public view from any portion of such parks, playgrounds, or parkways; or within three hundred feet of any other public way and within public view from any portion of the same, if such billboard, sign or device exceed five feet in height or eight feet in length, and no billboard, sign or device placed within three hundred feet of any such public way and within public view shall be nearer than fifty feet to any other such billboard, sign or device; or at the corner of any public ways and within the radius of one hundred fifty feet from the point where the center lines of such ways intersect; or in any place unless the lowest portion of such billboard, sign or device is at least three feet from the ground, and the entire structure, including its braces and supports, is maintained in good repair, painted, and free from accumulation of rubbish and filth and from the pupæ, eggs and caterpillars of gypsy and brown-tail moths and other tree and shrub destroying pests; provided that this section shall not apply to signs or other devices which advertise or indicate either the person occupying the premises in question or the business transacted thereon, or advertise the property itself or any part thereof if for sale or to let.

CHAPTER 12

USE OF BUILDINGS

SECTION 1. *Districts.*—A residence district is hereby created in the Town of Milton to be known as District A, the bounds of which shall be set forth in the Zoning Map hereinafter in this By-Law referred to, the said district comprising all territory within the corporate limits of the Town of Milton, excepting the districts marked B and C. on said Zoning Map, which are bounded and described as follows:

District B.—Beginning at a point in the boundary line between Milton and Quincy at the junction of the northeasterly side line of Bryant Avenue, and said boundary line: thence running northwesterly along said northeasterly boundary of Bryant Avenue to a point where the northwesterly side line of Martin Terrace extended northeasterly would intersect said line of Bryant Avenue: thence turning and running southwesterly along said extension of the northwesterly side line of Martin Terrace and said northwesterly side line itself to the end of said Martin Terrace at the land of L. A. Dame: thence turning to the right and running northwesterly along said land of L. A. Dame to the southeasterly side line of Boulevard Street: thence continuing in a northwesterly direction across said Boulevard Street to the intersection of the northwesterly side line of Boulevard Street with the southeasterly side line of Edge Hill Road: thence turning and running northeasterly and northerly along said southeasterly side line

of Edge Hill Road and continuing northerly in the same line across Adams Street to the easterly boundary line of land of the New York, New Haven and Hartford Railroad Company: thence turning and running northwesterly along said easterly boundary line to a point where the southeasterly side line of Wood Street extended southwesterly would intersect said easterly boundary line: thence turning and running northeasterly along said southeasterly side line of Wood Street to a point distant 200 feet northeasterly from the northeasterly side line of Granite Avenue: thence turning at right angles and running southeasterly in line parallel with the northeasterly side line of Granite Avenue and 200 feet distant therefrom to a point distant 200 feet northerly from the northerly line of Adams Street: thence turning and running easterly in a line parallel with said northerly side line of Adams Street and distant 200 feet therefrom to the westerly side line of Church Street: thence turning and running southerly along the westerly side line of Church Street to a point where the westerly side line extended intersects the southerly side line of Adams Street: thence turning and running westerly to the westerly side line of Mechanic Street: thence turning and running southerly along the westerly side line of Mechanic Street 100 feet: thence turning to the right and running westerly on line parallel with the southerly side line of Adams Street and 100 feet distant therefrom to a point 100 feet northeasterly from the northeasterly side line of Granite Avenue: thence turning and running southeasterly in a line parallel with the northeasterly side line of Granite Avenue and 100 feet distant therefrom to the boundary line between Milton and Quincy: thence turning and running southwesterly along said boundary line to the point of beginning.

District C.—Beginning at a point in the boundary line between Milton and Boston at the Neponset River, said point being at the intersection of the southerly boundary of land of the New England Telephone and Telegraph Company extended easterly and said boundary line between Milton and Boston: thence running westerly along said extension of the southerly boundary line of the New England Telephone and Telegraph Company and said southerly boundary line itself, to the easterly side line of Adams Street; thence continuing in the same general westerly direction across Adams Street and Canton Avenue to a point 100 feet distant westerly from the westerly side of High Street extended: thence turning and running northerly parallel with the westerly side line of High Street and distant westerly 100 feet therefrom to the northerly side line of Eliot Street: thence turning and running westerly along said northerly side line of Eliot Street to Pine Tree Brook: thence turning and running along the center line of said Brook southerly and southwesterly to the southwesterly boundary of land of the Town of Milton used for a Police Station: thence turning and running northwesterly along the southwesterly boundary and southwesterly line extended across Central Avenue to land of Octavia L. Horne: thence turning and running in a general northerly direction along the westerly boundary line of land of said Octavia L. Horne, and said westerly boundary line extended to the northerly side line of Eliot Street: thence turning and running westerly along said northerly side line of Eliot Street to the westerly boundary of land now or formerly of the National Biscuit Company: thence turning and running along said westerly boundary and said westerly boundary produced across land of the New York, New Haven and Hartford Railroad Company to boundary line between Boston and Milton at the Neponset River: thence turning and running in a general easterly and southerly direction along said boundary between Boston and Milton to the point of beginning.

SECT. 2. *Zoning Map.*—(a) The Zoning Map prepared by C. Frederick Joy, Jr. Civil Engineer, dated June 23, 1922, bearing the signatures of the Board of Selectmen and showing the boundaries of Districts A, B, and C, is declared to be a part of this By-Law.

(b) Where a boundary line divides a lot in a single ownership at the time of the adoption of this By-Law, the regulations as to District A shall not apply provided the lot does not extend more than twenty-five feet within the boundary line of said District A.

SECT. 3. *Residence Purposes.*—In district A, except as herein otherwise provided, no building shall be used, and no building shall be erected or altered which is intended or designed to be used for a store or shop, or for manufacturing or commercial purposes, or any other purpose except for one or more of the following:

- (a) A dwelling for one or more families.
- (b) A hotel or a lodging or boarding house.

(c) A club other than a club the chief activity of which is a service customarily carried on as a business.

(d) A church, school or academy.

(e) Other purposes which are not particular industries, trades, manufacturing or commercial purposes.

(f) A railroad passenger station.

(g) A farm, truck garden, nursery or greenhouse.

(h) An accessory purpose customarily incident to the above purposes and not detrimental to the use of other property in the district for the above purposes, including a private garage for not more than two automobiles. An accessory purpose shall not include an advertising sign except a real estate sign advertising for sale or rent the property on which it is placed, but may include a sign not over one square foot in area, bearing a name and the designation of any authorized occupation, and being such a sign as is customary on any building used for the purposes permitted by this section of this By-Law.

(i) A garage for more than two automobiles, or a telephone exchange or transforming station, provided in each case that after a public hearing, fourteen days' notice of which shall be given, in such manner as the Selectmen shall rule that such use in a building or buildings located, designed and constructed as described by them in their ruling, will not be seriously detrimental to the use of other property in the district for the purpose specified in the preceding paragraphs of the section, and provided that the use is confined to a building or buildings conforming to the description of said ruling.

SECT. 3A. Location of Buildings in District A.—After this section shall be duly adopted by the Town and become effective pursuant to law, in District A,

1. Set-back: No part of a building except steps, and eaves not exceeding 18" wide, shall be built within 15 feet of the sideline of the street on which it fronts, provided that no building need be set back more than the average of the set-back of the buildings on the lot next thereto on either side, a vacant lot or a lot occupied by a building set back more than 15 feet being considered as occupied by a building set back 15 feet, and provided further that on a lot less than 100 feet deep of record in the Registry of Deeds at the time this section becomes effective no building need be set back more than 15 per cent of the depth of the lot, and provided that in such cases exceptions shall be permissible as in the case of buildings to which the 15 foot set-back applies.

2. Rear Yards: No part of the building except steps, and eaves not exceeding 18" wide shall be built within 25 feet or a distance equal to one-quarter of the mean depth of the lot, whichever is the less, from the rear lot line, provided that for each foot that the building sets back from the front line in addition to the requirements in the preceding paragraph its distance from the rear lot line may be reduced one foot, but in no case under this provision to less than 20 feet, excepting that buildings of accessory use as defined in Section 3, paragraph (h) may be built within said twenty-five foot or lesser strip.

3. Side Yards: No part of the building except steps, chimneys, and eaves not exceeding 18" wide, and buildings of accessory use as defined in Section 3 paragraph (h) shall be built within 8 feet of a side line on a lot or street, provided that the width of one side yard may be reduced one foot for each foot that the width of the other side yard is increased, but no side yard shall be reduced to less than six feet, and provided further that on no lot of record in Registry of Deeds at the time this section becomes effective, shall the buildable width, with the same permissible exceptions, be reduced to less than 25 feet.

4. Garages: No part of a garage, unless contained within the body of the house, shall be built within 40 feet, or a distance equal to 40 per cent of the mean depth of the lot, whichever is the less, from the front line of the lot, or within 15 feet of a street line forming the side line of a corner lot.

5. Area: No dwelling, exclusive of piazzas, eaves, and steps, shall occupy more than one-third of the lot on which it is placed, and no building other than a dwelling shall occupy more than one-half of the lot on which it is placed, except that on corner lot an additional area of 400 square feet may be occupied, however, subject to the requirements contained in all other paragraphs of this section.

6. No lot shall be so reduced in area that the dimensions of the open spaces thereon shall be smaller than herein prescribed.

7. No building shall be built within 16 feet of any other building on the same lot excepting buildings of accessory use as defined in Section 3, paragraph (h).

SECT. 3B. *Single Family Dwellings.*—After this section shall be duly adopted by the Town and shall become effective pursuant to law, no dwelling shall be erected in District A which is intended or designed to be other than a single family detached dwelling, and no building shall be altered so as to be or become a dwelling other than a single family detached dwelling, and no building erected or altered in violation hereof, shall be used as a dwelling provided, however, that a building may be used, erected or altered which is intended or designed to be used as a dwelling for not more than two families on any lot if, at the time this section becomes effective—

1. It is between two lots on which are buildings designed for occupation by two or more families each, located on the same side of the street and less than 100 feet apart, or if

2. The majority of all the frontage on the same street as the lot on a street or streets in substantially direct continuation thereof and within 300 feet of the site of the proposed building is occupied by buildings designed for two or more families each or side yard adjacent thereto, no such side yard to exceed 10 feet width, all frontage between buildings designed for two or more families and less than 100 feet apart being considered as occupied by dwellings for two families.

SECT. 3C. *Validity.*—The invalidity of Section 3A or Section 3B, or any provision of said Sections, shall not affect the validity of any other Section or provision of said Sections, and said Sections shall affect the provisions of Chapter 12 in force when this amendment becomes effective only so far as said Sections are inconsistent therewith and valid.

SECT. 3D. So much of this amendment as is approved by the Attorney General shall go into effect upon its publication, or notice by delivery, as required by law.

SECT. 4. *Existing Buildings.*—Any building or part of a building in District A which at the time of adoption of this By-Law is being used for a purpose forbidden in said District may continue to be used for the same purpose or for a purpose not substantially different in character. Any such building or part of a building and any addition thereto made by permission of the Selectmen as hereinafter provided may be structurally altered or added to at any time provided the alterations or additions do not substantially enlarge the part of the building used for such purpose; and any such building or part of a building or such addition which is partially or wholly destroyed by fire or other casualty may be repaired or replaced by a structure of substantially the same size and character and used for the purpose for which it was formerly used or for a purpose not substantially different in character.

Any such building may be added to or enlarged at any time and such addition or enlargement used for the purpose for which the original building may lawfully be used under the provisions of the foregoing paragraph of this section provided in each case that after a public hearing, of which fourteen days' notice shall be given in such manner as the Selectmen may decide, the Selectmen shall determine that such addition or enlargement and the use to be made thereof will not to any substantial extent be more detrimental to the use of other property in the district for the purposes permitted in Section 3 than the building to which such addition or enlargement is to be made or the use then lawfully made thereof, and shall issue a permit therefor. Each such permit issued by the Selectmen shall specify the size and character of the addition or enlargement and no such addition or enlargement shall be constructed or used for any purpose forbidden in District A which is not constructed in accordance with the terms of such permit.

SECT. 5. *Incidental Use of Residential Buildings.*—Any building in District A designed solely for residential purposes, and used primarily and principally for residential purposes, may be used incidentally for a purpose forbidden in said District, provided, in each case, that after a public hearing, of which fourteen days' notice shall be given in such manner as the Selectmen may decide, the Selectmen shall determine that the use of such building is incidental only, within the meaning hereof, and that such incidental use will not be detrimental to the use of other property in the district for the purposes permitted in Section 3, and shall issue a permit therefor.

SECT. 6. *Enforcement.*—Whoever violates any of the provisions of this By-Law shall be punished by a fine of not more than twenty dollars for each violation. Upon any well founded information from any citizen that this By-Law is being violated or upon his own initiative, the Inspector of Buildings shall take immediate steps to enforce the By-Law.

SECT. 7. *Validity.*—The invalidity of any section or provision of this By-Law shall not invalidate any other section or provision hereof.

SECT. 8. The provisions of this By-Law shall be construed as being additional to and not as limiting or lessening to any extent whatsoever the requirements of Chapters 7 and 8 of the Revised By-Laws of the Town.

SECT. 9. So much of this By-Law as is approved by the Attorney-General shall go into effect upon its publication, or notice by delivery, as required by law.

CHAPTER 13 PLANNING BOARD

A Board consisting of five members is hereby created and established to be known as the Planning Board. At the annual Town meeting to be held in March, 1923, there shall be elected one member of such Board to serve for one year, two members to serve for two years and two members to serve for three years, and thereafter there shall be elected at the annual meeting in each year one or two members to such Board to fill the places of members whose terms of office expire in such year. The members of such Board shall serve without pay.

The Board shall perform the duties prescribed by Sections 70 and 71 of Chapter 41 of the General Laws. It shall be the duty of the Board also to consider and advise upon municipal improvements in regard to which the advice of the Board, at any time, may be asked by any officials of the Town. The Board may upon its own initiative make to any official or officials of the Town such recommendations in regard to municipal improvements as the Board may from time to time think proper or expedient.

LEGISLATIVE ACTS ACCEPTED BY THE TOWN
OF MILTON

MARCH 19, 1866. *Voted*, To establish a high school, according to the provisions of Section 2 of Chapter 38 of the General Statutes. (Repealed, 1898, Chapter 496, Section 36.)

MARCH 2, 1874. *Voted*, To accept the provisions of Chapter 265 of the Acts of 1873, relative to public landing places in the town of Milton. (Special Act.)

MARCH 4, 1878. *Voted*, To accept the provisions of Sections 23 to 32 of Chapter 24 of the General Statutes, relative to the establishment of a board of fire engineers. (General Laws, Chapter 48, Section 45.)

MARCH 3, 1879. *Voted*, To accept the provisions of Section 21 of Chapter 38 of the General Statutes relative to the election of School Committee. (General Laws, Chapter 41, Section 1.)

DECEMBER 8, 1879. *Voted*, To accept the provisions of Section 1 of Chapter 234 of the Acts of 1878, relative to truants and neglected children. (Repealed, 1919, Chapter 363, Section 16.)

MARCH 7, 1881. *Voted*, To accept the act of the Legislature, Chapter 158 of the Laws of 1871, entitled, "An Act to Provide for the Election of Road Commissioners." (General Laws, Chapter 41, Section 1.)

MARCH 5, 1883. *Voted*, To accept the provisions of Section 10 of Chapter 48 of the General Statutes, relative to truants and neglected children. (Repealed, 1898, Chapter 496, Section 36.)

MARCH 3, 1890. *Voted*, To accept the first nine sections of Chapter 51 of the Public Statutes, said Chapter being entitled, "Of Betterments, and other Assessments on Account of the Cost of Public Improvements." (General Laws, Chapter 80.)

FEBRUARY 12, 1891. *Voted*, To accept the act authorizing towns and cities to lay out public parks within their limits; being Chapter 154 of the Acts of 1882. (General Laws, Chapter 45, Sections 1 to 11.)

MARCH 2, 1891. *Voted*, To accept the provisions of Chapter 386 of the Acts of 1890, relative to the election of town officers. (Repealed 1893, Chapter 417, Section 345.)

FEBRUARY 3, 1894. *Voted*, That the town does hereby accept the provisions of Section 268 of Chapter 417 of the Acts of 1893, relative to the election of a separate Board of Assessors. (General Laws, Chapter 41, Section 1.)

NOVEMBER 28, 1894. *Voted*, To accept the provisions of Chapter 324 of the Acts of 1894, entitled an "Act Relative to the Reservation of Spaces in Public Ways." (General Laws, Chapter 82, Section 34.)

MARCH 4, 1895. *Voted*, That the town hereby accepts the provisions of Chapter 309 of the Acts of 1885, authorizing towns to license groves to be used for picnics and other lawful amusements. (General Laws, Chapter 140, Sections 188 to 190.)

MARCH 4, 1895. *Voted*, To accept the provisions of Section 272 of Chapter 417 of the Acts of 1893, relative to the election of Sewer Commissioners. (General Laws, Chapter 41, Section 1.)

MARCH 4, 1895. *Voted*, To accept the provisions of Chapter 462 of the Acts of 1893, relative to the establishment of a building line on Public Ways. (Repealed, Acts of 1917, Chapter 344, Part 8, Section 1.)

MARCH 4, 1895. *Voted*, To accept the provisions of Chapter 218 of the Acts of 1894 as amended by Chapter 473 of that same year, relative to the election of Boards of Health in towns. (General Laws, Chapter 41, Section 1.)

MARCH 4, 1895. *Voted*, To accept the provisions of Sections 20 and 21 of Chapter 50 of the Public Statutes, relative to the establishment and grading of sidewalks by the Selectmen. (General Laws, Chapter 83, Section 25.)

MARCH 4, 1895. *Voted*, To accept the provisions of Chapter 304 of the Acts of 1895, authorizing the town of Milton to construct one or more systems of sewerage. (Special Act.)

MARCH 1, 1897. *Voted*, To accept the provisions of Chapter 101 of the Public Statutes, relative to the suppression of common nuisances. (General Laws, Chapter 139.)

MARCH 7, 1898. *Voted*, To accept the provisions of Section 11 of Chapter 481 of the Acts of 1894, relative to the regulation and inspection of buildings. (General Laws, Chapter 143, Section 3.)

MARCH 5, 1900. *Voted*, To accept the provisions of Chapter 344 of the Acts of 1899, relative to eight-hour day for town employees. (General Laws, Chapter 149, Section 31.)

MARCH 3, 1902. *Voted*, To accept the provisions of Section 18 of Chapter 122 of the Revised Laws (General Laws, Chapter 166, Section 32), relative to the appointment of an Inspector of Wires by the Selectmen.

JULY 14, 1902. *Voted*, To accept the provisions of Chapter 307 of the Acts of 1902, relative to water supply. (General Laws, Chapter 92, Section 10.)

AUGUST 16, 1902. *Voted*, To accept the provisions of Sections 58 to 64, inclusive, of Chapter 48 of the Revised Laws, relative to the jurisdiction of town over highways and county bridges. (General Laws, Chapter 82, Sections 17 to 20.)

MARCH 2, 1903. *Voted*, To accept the provisions of Sections 20 and 21 of Chapter 25 of the Revised Laws, relative to public baths. (General Laws, Chapter 40, Section 12.)

MARCH 2, 1903. *Voted*, To accept the provisions of Section 339 of Chapter 11 of the Revised Laws, relative to the election of Overseers of the Poor. (General Laws, Chapter 41, Section 1.)

MARCH 7, 1904. *Voted*, To accept the provisions of Section 70 of Chapter 75 of the Revised Laws, relative to privy vaults. (General Laws, Chapter 111, Section 126.)

MARCH 6, 1905. *Voted*, To accept the provisions of Chapter 103 of the Revised Laws, relative to the supervision of plumbing. (General Laws, Chapter 142.)

JULY 21, 1905. *Voted*, To accept the provisions of Chapter 381 of the Acts of 1905, relative to the suppression of gypsy and brown-tail moths. (General Laws, Chapter 132.)

NOVEMBER 2, 1920. *Voted*, To accept the provisions of Chapter 166 of the Acts of 1920, relative to the granting of one day off in every eight days to police officers without loss of pay. (General Laws, Chapter 147, Sections 16 and 17.)

MARCH 12, 1921. *Voted*, To accept the provisions of Section 25A of Chapter 41 of the General Laws, relative to the appointment and renewal of Assistant Assessors by the Assessors.

MARCH 3, 1923. *Voted*, To accept the provisions of Chapter 516 of the Acts of 1922, relative to the adoption of the State accounting system.

JUNE 12, 1923. *Voted*, To accept the provisions of Section 20 of Chapter 39 of the General Laws, relative to precinct voting.

MARCH 8, 1924. *Voted*, To accept the provisions of Chapter 26 of the Acts of 1923, relative to Boards of Public Welfare.

MARCH 8, 1924. *Voted*, To accept the provisions of Chapter 337 of the Acts of 1921, relative to the pensioning of call men.

MARCH 8, 1924. *Voted*, To accept the provisions of Chapter 391 of the Acts of 1923, relative to the collection of water rates.

MARCH 14, 1925. *Voted*, To accept Chapter 9 of the Acts of 1925, authorizing the retirement and pensioning of John H. Higgins of the Police Department.

MARCH 5, 1927. *Voted*, To accept Chapter 27 of the Acts of 1927, an act to erect and constitute in the Town of Milton representative town government by limited town meetings.

MILTON TOWN RECORDS IN THE MUNICIPAL YEAR 1930

MARCH MEETING

WARRANT

1930

COMMONWEALTH OF MASSACHUSETTS,

NORFOLK, ss.

To any Constable of the Town of Milton, in said County,

Greetings:

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the inhabitants of the Town of Milton, qualified to vote in Elections and in Town affairs, to meet at the several designated Polling places in their respective Precincts in said Milton, to wit:

In Precinct I, polling place, Town Hall, Canton Avenue,

In Precinct II, polling place, Tucker School Hall, Blue Hills Parkway,

In Precinct III, polling place, Police Station, Central Avenue,

In Precinct IV, polling place, Belcher School, Church Street, on Saturday, March first next, at fifteen minutes before six o'clock in the forenoon, then and there to bring in to the Precinct Officers of their respective Precincts their votes on one ballot respectively for the following-named Town Officers, to wit:

A Moderator for the term of one year.

A Town Clerk for the term of one year.

A Town Treasurer for the term of one year.

A Collector of Taxes for the term of one year.

Three Selectmen and Surveyors of Highways for the term of one year.

One Assessor for the term of three years.

Two members of the Board of Public Welfare for the term of three years.

One Sewer Commissioner for the term of three years.

A Tree Warden for the term of one year.

Two members of the School Committee for the term of three years.

One member of the Board of Health for the term of three years.

One Trustee of the Cemetery for the term of five years.

Three Library Trustees for the term of three years.

One Park Commissioner for the term of three years.

One Water Commissioner for the term of three years.

One Trustee of the Wadsworth Fund for the term of three years.

One member of the Planning Board for the term of three years.

Four constables for the term of one year.

Seventy-four Town Meeting Members as follows:

Precinct I—Fifteen for three years.

Precinct II—Twenty-seven for three years.

Precinct III—Ten for three years.

Precinct IV—Twenty-two for three years.

For these purposes the polls will be open at each and all of said Precincts at fifteen minutes before six o'clock in the forenoon and will be closed at four o'clock in the afternoon.

And thereupon, by adjournment of said meeting, to meet on the following Saturday, to wit, March eighth next, at thirty minutes past one o'clock in the afternoon at the Town Hall in said Milton, then and there to act upon the following Articles, to which we have requested the Warrant Committee to append their recommendations and report on all printed copies hereof, to wit:

Adjourned Meeting, March 8, 1930

ARTICLE 1. To choose all such Town Officers as are not required by law to be chosen by ballot.

The following officers were elected *viva voce*, namely: Ralph E. Forbes, Bird Warden; George E. Burt, Measurer of Lumber; Carl R. Horne, Measurer of Lumber.

ARTICLE 2. To hear and act upon the report of the Town Accountant and reports of other Town Officers and Committees.

Voted, That the report of the Town Accountant be accepted and placed on file.

LEGISLATIVE COMMITTEE REPORT

To the Inhabitants of the Town of Milton:

The Legislative Committee appointed for the year ending December 31, 1929 has had, as in the past few years, the services of Mr. L. B. Kent, who has examined all bills filed in the Legislature and reported to the Committee such bills as seemed to affect directly the interests of the Town of Milton. In addition, the Committee, through one or more of its members, has examined all bills filed and has met and discussed proposed legislation affecting the Town. Bills which seemed to require action were reported to the Selectmen with the recommendations of the Committee, so that the Selectmen might, in their discretion, instruct the legislative counsel to represent the Town. In the course of the year seventeen (17) bills were submitted to the Selectmen upon which, subsequently, the Town was represented by the legislative counsel.

Respectfully submitted,

(Signed) LINCOLN BRYANT
Chairman for the Committee.

January 2, 1930

Voted, That the above report of the Legislative Committee be accepted and placed on file.

COLLICOT SCHOOL BUILDING COMMITTEE REPORT

The Special Committee appointed to prepare plans, specifications and estimates of cost of an Elementary School Building on Edge Hill Road, the School now called the Collicot School and continued to build the School, has completed the building and equipment of the School and the grading of the grounds at a total cost of \$285,928.12, leaving an unexpended balance to be returned to the Town of \$4,081.87. The original estimate brought into the Town by the Committee was \$283,319.00.

The building and its equipment are modern and adequate in every particular and may, in general, serve as a model for future buildings in the Town. The exterior as set off by the grading is unusually attractive in appearance due to the combined skill of the architect and the landscape architect, namely, Messrs. Shepard & Stearns and Messrs. Olmsted Brothers.

An adequate description of the School is contained in the report of the Superintendent of Schools to the School Committee and as it is published in the Annual Report for the current year need not be repeated here.

The ground area of the building is 17,145 square feet and the total cubical contents approximately 650,000 cubic feet. The cost of the building is 36½c. per cubic foot, including the architect's commission but excluding the equipment and the grading.

Respectfully submitted,

(Signed) CHARLES M. ROGERSON
Chairman for the Committee.

Voted, That the Report of the Collicot School Building Committee be accepted and placed on file and the committee discharged.

ROLL CALL

A Roll Call was taken and the following number of Town Meeting Members were found to be present from the different precincts:

Precinct 1	44
Precinct 2	71
Precinct 3	34
Precinct 4	62
 Total	 <hr/> 211

Those absent were:

Precinct 1	Precinct 2	Precinct 3	Precinct 4
Elsie DeNormandie	Clyde L. Whittier	Walter J. Dodd	Herbert J. Clapp
N. Penrose Hallowell	Walter B. Snow		Earle E. Willard
James W. Rollins	Harold Bisbee		Farquhar D. Carter
	Winthrop L. Carpenter		C. Crawford Hollidge
	Elmer E. Wadsworth		Emily F. Hurd
	William G. Rodd		John G. McHardy

GENERAL GOVERNMENT

ARTICLE 3. To see what sum of money the Town will vote to appropriate for General Government for salaries and expenses of the following departments and other purposes, the present year:

<i>Voted</i> , That the following sums be appropriated:	
1. Warrant Committee	\$500 00
2. Selectmen	\$5,800 00
Including salaries of \$1,500	
\$500 for each Selectman	
3. Accountant	\$2,500 00
4. Town Engineer	\$20,000 00

Including \$500 Salary	
*9. Election and Registration	\$5,500 00
\$5,000 for the current year	
\$500 for unpaid bills 1929	
10. Law	\$4,250 00
11. Town Hall and Lot	\$7,500 00
12. Thacher Building	\$2,500 00
13. Insurance	\$15,314 76
14. Town Reports	\$2,800 00
15. Licensing Commission for one and two-car private garages	\$150 00
16. Planning Board	\$500 00

* Recommendation of Mr. Walter I. Mather that the Selectmen consider favorably the employment at the voting places of men and women who are out of work, so far as it is possible to do so.

ARTICLE 4. To see what sum of money the Town will vote to appropriate for the Reserve Fund for extraordinary or unforeseen expenditures during the current year.

Voted, To appropriate \$9,000 for the Reserve Fund for extraordinary or unforeseen expenditures during the current year.

ARTICLE 5. To see what sum of money the Town will vote to authorize the Assessors to use out of the Excess and Deficiency Account in fixing the tax rate for 1930.

Voted, That the Assessors be authorized to use \$40,000 out of the Excess and Deficiency Account in fixing the tax rate for 1930.

ARTICLE 6. To see if the Town will vote to authorize the Treasurer, with the approval of the Selectmen, to borrow money in anticipation of the revenue of the financial year ending December 31, 1930.

Voted, That the Town Treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow to an amount not to exceed \$650,000, in anticipation of the revenue of the financial year ending December 31, 1930, and to issue a note or notes therefor payable within one year from date thereof, and that any debt or debts incurred under this vote be paid from the revenue of the financial year ending December 31, 1930.

(Unanimous Vote.)

ARTICLE 7. To see if the Town will vote to authorize the Treasurer, with the approval of the Selectmen, to borrow on and after January 1, 1931, in anticipation of the Revenue of the financial year ending December 31, 1931.

Voted, That the Town Treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow on and after January 1, 1931, to an amount not to exceed \$200,000, in anticipation of the revenue of the financial year ending December 31, 1931, and to issue a note or notes therefor, and that any debt or debts incurred under this vote be paid from the revenue of the financial year ending December 31, 1931.

(Unanimous Vote)

ARTICLE 8. To see if the Town will vote to authorize the Collector of Taxes to use all means of collecting taxes which a Town Treasurer when appointed Collector may use.

Voted, To authorize the Collector of Taxes to use all means of collecting taxes which a Town Treasurer when appointed Collector may use.

ARTICLE 9. To see if the Town will vote to authorize the Selectmen to employ counsel to represent the Town at hearings before committees of the General Court.

Voted, To authorize the Selectmen to employ counsel to represent the Town at hearings before committees of the General Court.

ARTICLE 10. To see if the Town will vote to authorize the Moderator to appoint a committee of five citizens to consider such proceedings of the Legislature and State Boards and Commissions as may affect the interests of the Town, and confer as they may think expedient with the Selectmen in regard to the employment of counsel to Represent the Town in any such proceedings; such committee to hold office for the calendar year next following its appointment, to have power to fill vacancies in its own number, and to report to the Town at the Town Meeting next following the close of its term of office.

Voted, To authorize the Moderator to appoint a committee of five citizens to consider such proceedings of the Legislature and State Boards and Commissions as may affect the interests of the Town, and confer as they may think expedient with the Selectmen in regard to the employment of counsel to Represent the Town in any such proceedings; such committee to hold office for the calendar year next following its appointment, to have power to fill vacancies in its own number, and to report to the Town at the Town Meeting next following the close of its term of office.

COMMITTEE

LINCOLN BRYANT ✓
FREDERICK CHASE ✓

FELIX RACKEMANN ✓

EDWARD C. JOHNSON
JOHN J. MOORE ✓

ARTICLE 11. To see what sum of money the Town will vote to appropriate to be expended by the Selectmen for the celebration of the Fourth Day of July, 1930.

Voted, To appropriate \$1000 to be expended by the Selectmen for the celebration of the Fourth Day of July, 1930.

ARTICLE 12. To see if the Town will vote to construct a Town Office Building to be located on land of the Town bordering on Walnut Street and known as the Thacher Building Lot and to raise and appropriate money for the same and act on anything relating thereto.

Voted, That the Town do not so vote.

Voted, To appropriate \$4,000 to enlarge the quarters of the Town Clerk and Tax Collector and provide a suitable vault therefor,—same to be expended by the Board of Selectmen.

PROTECTION OF PERSONS AND PROPERTY

ARTICLE 14. To see what sum of money the Town will vote to appropriate for the Protection of Persons and Property the present year:

Voted, To appropriate the following sums:

1. Police Department	\$84,000 00
2. Fire Department	\$59,800 00
3. Hydrant Service	\$20,230 00
4. Wire Department	\$9,000 00
5. Tree Warden Department For Public Work	\$9,000 00
For Private Work	\$3,500 00
6. Moth Department For Public Work	\$5,500 00
For Private Work	\$4,000 00
7. Street Lighting	\$26,602 85
8. Additional Lights	\$1,000 00
9. Building Inspector	\$3,100 00
10. Sealer of Weights and Measures	\$500 00

ARTICLE 15. To see what sum of money the Town will appropriate for Traffic Signals to be used on public ways, and act on anything relating thereto for 1930, and to appropriate the sum of \$338.67 for the unpaid bills of 1929.

Voted, To appropriate \$2,000 for expenses the current year, and \$338.67 for unpaid bills of 1929.

ARTICLE 16. To see if the Town will vote to supply the members of the Police Department with their uniforms, and appropriate the sum of \$1,229 for the same.

Voted, That the Town do not so vote.

ARTICLE 17. To see if the Town will vote to appropriate the sum of \$37,900, for improvements of the present police signal system and act on anything relating thereto.

Voted, To appropriate \$19,000 for improvements of the present police signal system.

HEALTH AND SANITATION

ARTICLE 18. To see what sum of money the Town will vote to appropriate for Health and Sanitation the present year, and the sum of \$141 for unpaid bills of 1929.

Voted, To appropriate the following sums:

1. Health — General For expenses the current year	\$7,750 00
For unpaid bills of 1929	\$141 00
2. Dental Dispensary for Schools	\$750 00
3. Inspector of Animals	\$300 00
4. Vital Statistics	\$750 00
5. Sewer Maintenance	\$4,000 00
6. Maintenance and Repairs of Norfolk County Hospital	\$9,879 42

ARTICLE 19. To see what sum of money the Town will appropriate for the disposal of garbage, ashes and other refuse and offal, for the present year.

Voted, To appropriate \$23,520 for the disposal of garbage, ashes and other refuse and offal, for the present year.

ARTICLE 20. To see what sum of money the Town will vote to appropriate for the Water Department the present year, to be expended by the Board of Water Commissioners, and act on anything relating thereto.

Voted, To appropriate the sum of \$27,851.60 to be taken from the balance of water receipts accumulated as of December 31, 1929, and the further sum of \$125,000, for the use of the Water Department the current year, to be expended by the Water Commissioners pursuant to the provisions of Acts of 1902, Chapter 307, and acts in amendment thereof and in addition thereto, said expenditures to include payment of the Metropolitan water assessment, the retirement of bonds due in 1930, the interest on bonds and notes outstanding in Town of Milton water loans, and other expenditures authorized under said act.

ARTICLE 21. To see what sum of money not exceeding \$75,000 the Town will vote to raise and appropriate under the provisions of Section 8 of Chapter 44 of the General Laws for the extension of water mains of not less than six inches in diameter, and to act on anything relating thereto.

Voted, That the Treasurer be and he hereby is authorized in the name and behalf of the Town and under authority granted in, and in compliance with, the provisions of Section 8 of Chapter 44 of the General Laws and other acts applicable thereto to borrow a sum not exceeding \$75,000 the same to be expended by the Board of Water Commissioners for the extension of water mains of not less than six inches in diameter and to issue bonds of the Town not exceeding said sum. Said bonds shall bear on their face the words "Town of Milton, Water Loan," and shall be payable as required by said Section 8 of Chapter 44 of the General Laws so that the whole loan shall be paid in not more than fifteen years from their date, or at such earlier dates as the Treasurer and the Water Commissioners may determine. They shall be sold at not less than the par value thereof from time to time, by the Treasurer. Each bond shall be subject to registration as to principal, and may be exchanged in compliance with the statutory provisions for a registered certificate representing an equivalent obligation for principal and interest. The coupon bonds shall not be obligatory without the authenticating certificate of The First National Bank of Boston thereon.

(Unanimous Vote)

ARTICLE 22. To see what sum of money the Town will vote to raise and appropriate for the construction of a building on property of the Town for shelter and care of mechanical equipment of the Water Department and act on anything relating thereto.

Voted, That no appropriation be made.

ARTICLE 23. To see what sum of money the Town will vote to expend for the construction of sewers for sanitary purposes, and for sewage disposal and to raise and appropriate money for the same.

Voted, That the Town appropriate the sum of \$39,000 for the construction of sewers for sanitary purposes and for sewage disposal; and that to meet said appropriation there be raised in the tax levy of the current year the sum of \$10,000 and that the Treasurer with the approval of the Selectmen be and hereby is authorized to borrow the sum of \$29,000 and to issue bonds or notes of the Town therefor, said bonds or notes to bear on their face the words "Town of Milton Sewer Loan, 1930" and to be payable in accordance with the provisions of Section 19 of Chapter 44 of the General Laws, so that the whole loan shall be paid in not more than twelve years from the date of the first bond or note or such earlier dates as the Treasurer or Selectmen may determine. Each bond shall be in coupon form and shall be subject to registration as to principal and may be exchanged in compliance with the statutory provision for a registered certificate representing an equivalent obligation for principal and interest. The coupon bonds shall not be obligatory without the authenticated certificate of The First National Bank of Boston thereon.

(Unanimous Vote)

ARTICLE 24. To see if the Town will vote to appropriate the sum of \$6,839.14 for the unpaid bills of 1929 in connection with the construction of sewers for sanitary and surface drainage purposes and for sewage disposal, in East Milton.

Voted, To appropriate \$6,839.14 for the unpaid bills of 1929 in connection with the construction of sewers for sanitary and surface drainage purposes and for sewage disposal, in East Milton.

RESOLUTION

The following Resolution was offered by Mr. Felix Rackemann and accepted by the meeting:

RESOLVED, That it is the sense of this meeting that disregard of the Town By-Law Chapter 4, Section 10, by Departments and Officers, (as evidenced in eight Articles of the Warrant for this Meeting) must stop.

HIGHWAYS

ARTICLE 25. To see what sum of money the Town will vote to appropriate for the Street Department the present year.

Voted, To appropriate the following sums:

1. General Expense:						
For expenses the current year	\$80,000 00
Unpaid bills of 1927	\$118 50
2. Permanent Construction:						
For expenses the current year	\$20,500 00
Unpaid bills of 1929	\$93 50
3. Sidewalks						
4. Private Work — for work on public ways, for which work private individuals or corporations are required to reimburse the Town, or for which departments of the Town other than the Highway Department are responsible	\$6,000 00
						\$4,000 00

ARTICLE 26. To see if the Town will vote to appropriate the sum of \$35,000 for the reconstruction of Randolph Avenue, from the Milton-Quincy line to Highland Street, in conjunction with the Commonwealth of Massachusetts and/or the County of Norfolk, and to see if the Town will authorize the Board of Selectmen in its name and behalf to enter into all necessary and proper contracts, in connection with the same, with said Commonwealth and/or said County, and with corporations and persons, and act on anything relating thereto.

Voted, To appropriate \$35,000, for the reconstruction of Randolph Avenue, from the Milton-Quincy line to Highland Street, in conjunction with the Commonwealth of Massachusetts and/or the County of Norfolk, and to authorize the Board of Selectmen in the name and behalf of the Town to enter into all necessary and proper contracts, in connection with the same, with said Commonwealth and/or said County, and with corporations and persons, and act on anything relating thereto.

ARTICLE 27. To see if the Town will authorize the Selectmen to waive all rights which the Town may have under the provisions of Section 8 of Chapter 81 of the General Laws to enter into a contract for the construction of a section of state highway which the Commonwealth proposes to lay out or construct in the Town from the Quincy line along Randolph Avenue to a point at or near Highland Street, and to act on anything relating thereto.

Voted, To authorize the Selectmen to waive all rights which the Town may have under the provisions of Section 8 of Chapter 81 of the General Laws to enter into a contract for the construction of a section of state highway which the Commonwealth proposes to lay out or construct in the Town from the Quincy line along Randolph Avenue to a point at or near Highland Street, and to act on anything relating thereto.

ARTICLE 28. To see if the Town will vote to authorize the Selectmen in behalf of the Town to agree to indemnify and save harmless the Commonwealth against all claims and demands for damages which may be sustained by any persons whose property shall be taken for, or shall be injured by the laying out or construction of a state highway which the Commonwealth proposes to construct beginning at the Quincy line along Randolph Avenue to a point at or near Highland Street, and to act on anything relating thereto.

Voted, To authorize the Selectmen in behalf of the Town to agree to indemnify and save harmless the Commonwealth against all claims and demands for damages which may be sustained by any persons whose property shall be taken for, or shall be injured

by the laying out or construction of a state highway which the Commonwealth proposes to construct beginning at the Quincy line along Randolph Avenue to a point at or near Highland Street, and to act on anything relating thereto.

ARTICLE 29. To see if the Town will vote to revoke the reservation of a certain part of the special space for the use of street railways heretofore reserved by the Town under authority of the Acts of 1895, Chapter 121, said part being described as follows:

All that part of space reserved as aforesaid in Randolph Avenue, commencing at the boundary line between the City of Quincy and the Town of Milton and running about 4,500 feet and terminating on the easterly side line of Randolph Avenue at land of the Commonwealth of Massachusetts, and act on anything relating thereto.

Voted, To revoke the reservation of a certain part of the special space for the use of street railways, heretofore reserved by the Town under authority of the Acts of 1895, Chapter 121, said part being described as follows:

All that part of space reserved as aforesaid in Randolph Avenue, commencing at the boundary line between the City of Quincy and the Town of Milton and running about 4,500 feet and terminating on the easterly side line of Randolph Avenue at land of the Commonwealth of Massachusetts, and act on anything relating thereto.

ARTICLE 30. To see what sum of money the Town will appropriate for the drainage of public streets the ensuing year.

Voted, To appropriate \$15,735.00 for the drainage of public streets the ensuing year.

ARTICLE 31. To see if the Town will vote to improve drainage conditions on Blue Hills Parkway from Brook Road to the Neponset River and appropriate money therefor and act on anything relating thereto.

Voted, To appropriate the sum of \$10,225 to be expended by the Selectmen for the improvement of drainage conditions on Blue Hills Parkway from Brook Road to the Neponset River.

ARTICLE 32. To see if the Town will vote to appropriate the sum of \$16,700 for a new shed and new equipment for the Highway Department as follows:

New Shed	\$5,000 00
New 3½—5 ton truck	5,500 00
New one-ton truck	1,000 00
New roller	5,200 00

Voted, To appropriate \$16,150 for a new shed and new equipment for the Highway Department.

ARTICLE 33. To see what sum of money the Town will vote for the care and maintenance of Granite Avenue Bridge over the Neponset River, under Chapter 58, General Acts of 1915.

Voted, To appropriate \$5,770.00 for the care and maintenance of Granite Avenue Bridge over the Neponset River, under Chapter 58, General Acts of 1915.

ARTICLE 34. To see if the Town will vote to accept that part of Concord Avenue running from Blue Hill Avenue to the accepted part of Concord Avenue as a Town way as laid out by the Selectmen, and act on anything relating thereto.

Voted, To accept that part of Concord Avenue running from Blue Hill Avenue to the accepted part of Concord Avenue as a Town way as laid out by the Selectmen.

Voted, To CONSIDER ARTICLES 35 to 49, (both inclusive) TOGETHER.

ARTICLE 35. To see if the Town will vote to accept Churchill Street as a Town way, as laid out by the Selectmen under laws authorizing assessment of betterments, and to appropriate money for the same and act on anything relating thereto.

ARTICLE 36. To see if the Town will vote to accept a part of Lawrence Road, between Pleasant Street and Elton Road, as a Town way, as laid out by the Selectmen under laws authorizing assessment of betterments, and to appropriate money for the same and act on anything relating thereto.

ARTICLE 37. To see if the Town will vote to accept a part of Elton Road as a Town way, as laid out by the Selectmen under laws authorizing assessment of betterments, and to appropriate money for the same and act on anything relating thereto.

ARTICLE 38. To see if the Town will vote to accept Avalon Road as a Town way, as laid out by the Selectmen under laws authorizing assessment of betterments, and to appropriate money for the same and act on anything relating thereto.

ARTICLE 39. To see if the Town will vote to accept Wood Street as a Town way, as laid out by the Selectmen under laws authorizing assessment of betterments, and to appropriate money for the same and act on anything relating thereto.

ARTICLE 40. To see if the Town will vote to accept a part of Hazel Street, extending north from Pleasant Street, as a Town way, as laid out by the Selectmen under laws authorizing assessment of betterments, and to appropriate money for the same and act on anything relating thereto.

ARTICLE 41. To see if the Town will vote to accept Cedar Terrace Street as a Town way, as laid out by the Selectmen under laws authorizing assessment of betterments, and to appropriate money for the same and act on anything relating thereto.

ARTICLE 42. To see if the Town will vote to accept a part of Governors Road, between Edge Hill Road and Warner Road, as a Town way, as laid out by the Selectmen under laws authorizing assessment of betterments, and to appropriate money for the same and act on anything relating thereto.

ARTICLE 43. To see if the Town will vote to accept a part of Governors Road, between Brook Road and Edge Hill Road, as a Town way, as laid out by the Selectmen under laws authorizing assessment of betterments, and to appropriate money for the same and act on anything relating thereto.

ARTICLE 44. To see if the Town will vote to accept Howard Street as a Town way, as laid out by the Selectmen under laws authorizing assessment of betterments, and to appropriate money for the same and act on anything relating thereto.

ARTICLE 45. To see if the Town will vote to accept Verndale Road as a Town way, as laid out by the Selectmen under laws authorizing assessment of betterments, and to appropriate money for the same and act on anything relating thereto.

ARTICLE 46. To see if the Town will vote to accept Virginia Street as a Town way, as laid out by the Selectmen under laws authorizing assessment of betterments, and to appropriate money for the same and act on anything relating thereto.

ARTICLE 47. To see if the Town will vote to accept Westbourne Street as a Town way, as laid out by the Selectmen under laws authorizing assessment of betterments, and to appropriate money for the same and act on anything relating thereto.

ARTICLE 48. To see if the Town will vote to accept Garden Street as a Town way, as laid out by the Selectmen under laws authorizing assessment of betterments, and to appropriate money for the same and act on anything relating thereto.

ARTICLE 49. To see if the Town will vote to accept Meredith Circle as a Town way, as laid out by the Selectmen under laws authorizing assessment of betterments, and to appropriate money for the same and act on anything relating thereto.

Voted under Articles 35 to 49 to accept the following streets as Town ways, as laid out by the Selectmen under the law authorizing the assessment of betterments, and that appropriations for said streets, respectively, be made as follows:

	<i>Appropriation</i>
Churchill Street	\$6,250 00
Lawrence Road, between Pleasant Street and Elton Road	2,610 00
Elton Road	3,600 00
Avalon Road	7,800 00
Wood Street	10,000 00
That part of Hazel Street extending north from Pleasant Street	5,659 55
Cedar Terrace Street	9,509 75
Part of Governors Road, between Edge Hill Road and Warner Road	9,689 37
Part of Governors Road, between Brook Road and Edge Hill Road	7,821 74
Howard Street	1,867 70
Verndale Road	2,424 60
Virginia Street	2,775 95
Westbourne Street	2,901 00
Garden Street	8,991 00
Meredith Circle	14,008 50
	<hr/>
	\$95,909 16

and that said sum of \$95,909.16 be raised as follows:

In the tax levy of the current year the sum of \$35,909.16, and the Treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow the sum of \$60,000 and to issue notes of the town therefor, said notes to be payable in accordance with the provisions of Section 19, Chapter 44, General Laws, so that the whole loan shall be paid in not more than five years from the date of issue of the first bond or note or at such earlier dates as the Treasurer and Selectmen may determine.

(Unanimous Vote)

(The foregoing is the final vote passed March 15, 1930 under Articles 35 to 49, inclusive; the meeting having voted to reconsider the votes passed under these articles at the meeting held March 8, 1930).

RESOLUTION

Offered by Kenneth D. Johnson

RESOLVED, that this meeting go on record by extending a vote of appreciation to Mr. Lincoln W. Pierce and his committee for the service they have rendered the town in the past week in arranging the bond issue.

At 5.45 P.M. March 8, 1930 the Meeting Voted to Adjourn until March 15, 1930 at 1.30 P.M.

Adjourned Meeting, March 15, 1930

Check List showed 199 Town Meeting Members Present and 28 Absent.

ARTICLE 50. To see if the Town will vote to accept the layout, relocation, and alteration of the street lines on the southerly side of Adams Street and the westerly side of Edge Hill Road at the junction of Adams Street and Edge Hill Road, as laid out by the Selectmen, and to appropriate money for the same, and act on anything relating thereto.

Voted, To accept the layout, relocation, and alteration of the street lines on the southerly side of Adams Street and the westerly side of Edge Hill Road at the junction of Adams Street and Edge Hill Road, as laid out by the Selectmen and appropriate \$11,846.74 as follows:

For Damages	\$5,946 74

Voted, To appropriate \$1,500 for expenses the current year, and \$587.31 for unpaid bills of 1929.

ARTICLE 67. To see if the Town will vote to construct and/or equip and furnish, a schoolhouse to be located on the land of the Town bordering on Eliot Street, and to raise and appropriate money for the same and act on anything relating thereto.

Voted, That the Town do not so vote.

ARTICLE 68. To see what action the Town will take relative to the Sumner School building and land on Blue Hill Avenue no longer needed for school purposes and act on anything relating thereto.

Voted, That the Town take no action.

At 5.45 P.M. March 15, 1930 the Meeting Voted to Adjourn until March 22, 1930 at 1.30 P.M.

Adjourned Meeting, March 22, 1930

Check List showed 183 Town Meeting Members Present and 44 Absent

ARTICLE 69. To see what sum of money the Town will vote to appropriate for the Public Library the present year.

Voted, To appropriate \$22,500 for the Public Library the present year.

ARTICLE 70. To see if the Town will accept a gift of a parcel of land in that part of Milton called East Milton, bounded and described substantially as follows:

Bounded Northerly on Hollis Street, 117.01 feet; Westerly on land of Mabel M. Maclary, 140.52 feet; Southerly on land of the First Baptist Church, 26.42 feet; Southwesterly on land of the First Baptist Church, 122.69 feet; Southeasterly on Edge Hill Road, 117.58 feet; Northeasterly on other land of Nathaniel T. Kidder, 91.60 feet; Easterly on other land of Nathaniel T. Kidder, 91.05 feet; containing 27,615 square feet more or less,
and act on anything relating thereto.

Voted, To accept the gift of a parcel of land in that part of Milton called East Milton, bounded and described as follows:

Bounded Northerly on Hollis Street, 117.01 feet; Westerly on land of Mabel M. Maclary, 140.52 feet; Southerly on land of the First Baptist Church, 26.42 feet; Southwesterly on land of the First Baptist Church, 122.69 feet; Southeasterly on Edge Hill Road, 117.58 feet; Northeasterly on other land of Nathaniel T. Kidder, 91.60 feet; Easterly on other land of Nathaniel T. Kidder, 91.05 feet; containing 27,615 square feet more or less.

(A Unanimous Vote of Thanks was given to Mr. Kidder for his gift).

ARTICLE 71. To see if the Town will vote to erect and equip a branch library building in the East Milton district, and acquire land therefor by gift or otherwise, and raise and appropriate money therefor and act on anything relating thereto.

Voted, That the Town do not so vote.

ARTICLE 72. To see if the Town will authorize the Board of Public Library Trustees to acquire in behalf of the Town, by purchase or by eminent domain, under Chapter 79 of the General Laws, for the purpose of a branch library site to be under the control of the Board of Public Library Trustees or other public board as the Town shall determine, the lands bounded and described as follows, to wit:

Northeasterly by Adams Street, 113.81 feet; southeasterly by Edge Hill Road,

167.07 feet; southwesterly by land now or formerly of Brookings, et als., 182.65 feet; northwesterly by Hollis Street, 140.76 feet; be all said measurements more or less, containing about 27,518 square feet. And to raise and appropriate money therefor and act on anything relating thereto.

Voted, That the Town do not so vote.

RECREATION AND UNCLASSIFIED

ARTICLE 73. To see what sum of money the Town will vote to appropriate for the general uses of the Board of Park Commissioners the present year.

Voted, To appropriate \$5,710 for the general uses of the Board of Park Commissioners the present year.

ARTICLE 74. To see what sum of money the Town will vote to appropriate for Pensions and Annuities the present year.

Voted, To appropriate the following sums:

1. Police and Firemen, Section 85, Chapter 32, General Laws	\$4,200 00
2. Annuity, Chapter 16, Special Acts of 1919	\$300 00
3. Police and Firemen's Widows' Pensions, Section 88, Chapter 32, General Laws	\$1,200 00
4. Laborers' Pensions, Section 77, Chapter 32, General Laws	\$6,885 96
5. School Teachers' Pensions, Section 42, Chapter 32, General Laws	\$925 00
6. Pension, Chapter 9, Special Acts of 1925	\$1,000 00

ENTERPRISES AND CEMETERIES

ARTICLE 75. To see what sum of money the Town will vote to appropriate for the improvement of the Cemetery the present year.

Voted, To appropriate \$18,500 for the improvement of the Cemetery the present year.

INTEREST AND MATURING DEBT

ARTICLE 76. To see what sum of money the Town will vote to appropriate for Interest and Maturing Debt the present year.

Voted, To appropriate \$47,557.50 for Interest the present year.

Voted, To appropriate \$73,000.00 for Maturing Debt the present year.

ARTICLE 77. To see if the Town will vote to approve the provisions of House Bill No. 715 entitled "An Act to Establish Powers of the Board of Survey in the Town of Milton" and act on anything relating thereto.

Voted, To approve the provisions of House Bill No. 715 entitled "An Act to Establish Powers of the Board of Survey in the Town of Milton" and act on anything relating thereto.

ARTICLE 78. To see if the Town will vote to approve the provisions of House Bill No. 539 entitled "An Act Further Protecting Locations Reserved for Public Ways" and act on anything relating thereto.

Voted, That the town do not so vote.

ARTICLE 79. To see if the Town will vote to authorize the Moderator to appoint a committee of citizens to consider the matter of obtaining for Milton a Town plan legally protected to the extent permitted by the Massachusetts Constitution, and to appropriate money for the use of such committee and act on anything relating thereto.

Voted, That the subject matter of this article be referred to the Planning Board without appropriation.

ARTICLE 80. To see if the Town will vote to authorize the Moderator to appoint a committee of five citizens to consider the advisability of revising the building laws of the Town and to make a definite report on the suggestions as to proposed revisions therein contained in the report of the special committee appointed under Article 64 of 1929 Warrant and to appropriate money for the use of such committee and act on anything relating thereto.

Voted, To authorize the Moderator to appoint a committee of five citizens to consider the advisability of revising the building laws of the Town and to make a definite report on the suggestions as to proposed revisions therein contained in the report of the special committee appointed under Article 64 of 1929 Warrant and appropriate \$500 for the use of said committee.

COMMITTEE

JOSEPH D. LELAND
ALFRED BECK, JR.

EDWARD G. LOWRY, JR.
JOHN C. PITCHER

LORENZO E. YOUNG

ARTICLE 81. To see if the Town will vote to amend Chapter 12 of Section 1 of the By-Laws of the Town of Milton by striking out in Section 1 in the seventh line the words "B and C" and inserting in place thereof the words "B, C, and D" and by adding in said Section 1 after the paragraph entitled "District C" the following:

"District D—Beginning at a point at the intersection of Granite Avenue and the Neponset River at the junction of property of Barney & Carey, and running Southerly along Granite Avenue and extended Southerly on the Easterly line of Granite Avenue to the Northerly line of the New York, New Haven & Hartford Railroad and extended in a general Easterly direction along the Northerly line of the New York, New Haven & Hartford Railroad to the boundary line of the City of Quincy; thence turning and running Northerly along the boundary line of the City of Quincy and Southerly side to the Neponset River; and thence running in a general Westerly direction along the Neponset River to the point of beginning."

Voted, That the subject matter of this article be referred to a committee of citizens to be appointed by the Moderator for consideration and report to the Town prior to January 1st, 1931.

COMMITTEE

FELIX RACKEMANN
HOWARD S. PATTERSON

JAMES S. GALLAGHER

ARTICLE 82. To see what sum of money the Town will appropriate for printing its early records.

Voted, To appropriate \$4,000 to be expended under the direction of the Selectmen for printing the early records of the Town in so far as this appropriation will permit, and further that the Selectmen be authorized to sell on behalf of the Town copies of these records when so printed.

ARTICLE 83. To see what sum of money the Town will appropriate for erecting a suitable tablet on Adams Street, near the Town Landing to commemorate the Enacting of the Suffolk Resolves on September 9, 1774.

Voted, To appropriate \$1,000 for erecting a suitable tablet on Adams Street, near the Town Landing, to commemorate the Enacting of the Suffolk Resolves on September 9, 1774, to be expended under the direction of the Selectmen.

ARTICLE 84. To see if the Town will vote to authorize the Moderator to appoint a Committee to consider aviation matters from the point of view of the Town and to report to the Town in relation thereto.

Voted, That the Town do not so vote.

ARTICLE 85. To see what sum of money the Town will appropriate for the necessary expenses of officers and employees of the Police Department incurred outside the Commonwealth in securing information upon matters in which the Town is interested or which may tend to improve the service in such Department, such appropriation to be limited to such expenses incurred as aforesaid.

Voted, To appropriate \$50.00 for the necessary expenses of officers and employees of the Police Department incurred outside the Commonwealth in securing information upon matters in which the Town is interested or which may tend to improve the service in said Department, such appropriation to be limited to such expenses incurred as aforesaid.

ARTICLE 86. To see if the Town will vote to ratify and approve the expenditure by the Board of Selectmen out of its general appropriation made at the Annual Town Meeting held in March, 1929, of the sum of \$50.00, for the necessary expenses of the Chief of Police incurred outside the Commonwealth in securing information upon matters in

which the Town is interested or which may tend to improve the service in such Department.

Voted, To ratify, and approve the expenditure by the Board of Selectmen out of its general appropriation made at the Annual Town Meeting held in March, 1929, of the sum of \$50.00, for the necessary expenses of the Chief of Police incurred outside the Commonwealth in securing information upon matters in which the Town is interested or which may tend to improve the service in said Department.

ARTICLE 87. To see what sum of money the Town will appropriate for the necessary expense of officers and employees of the Fire Department incurred outside the Commonwealth in securing information upon matters in which the Town is interested or which may tend to improve the service in such Department, such appropriation to be limited to such expenses incurred as aforesaid.

Voted, To appropriate \$50.00 for the necessary expense of officers and employees of the Fire Department incurred outside the Commonwealth in securing information upon matters in which the Town is interested or which may tend to improve the service in said Department, such appropriation to be limited to such expenses incurred as aforesaid.

ARTICLE 88. To see if the Town will vote to ratify and approve the expenditure by the Board of Selectmen out of the general Fire Department appropriation made at the Annual Town Meeting held in March, 1929, of the sum of \$40.00, for the necessary expenses of the Chief of the Fire Department incurred outside the Commonwealth in securing information upon matters in which the Town is interested or which may tend to improve the service in such Department.

Voted, To ratify and approve the expenditure by the Board of Selectmen out of the general Fire Department appropriation made at the Annual Town Meeting held in March, 1929, of the sum of \$40.00, for the necessary expenses of the Chief of the Fire Department incurred outside the Commonwealth in securing information upon matters in which the Town is interested or which may tend to improve the service in said Department.

ARTICLE 89. To see what sum of money the Town will appropriate for the necessary expenses of officers and employees of the Cemetery Department incurred outside the Commonwealth in securing information upon matters in which the Town is interested or which may tend to improve the service in such Department, such appropriation to be limited to such expenses incurred as aforesaid.

Voted, To appropriate \$50.00 for the necessary expenses of officers and employees of the Cemetery Department incurred outside the Commonwealth in securing information upon matters in which the Town is interested or which may tend to improve the service in said Department, such appropriation to be limited to such expenses incurred as aforesaid.

ARTICLE 90. To see what sum of money the Town will appropriate for the necessary expenses of officers and employees of the Water Department incurred outside the Commonwealth in securing information upon matters in which the Town is interested or which may tend to improve the service in such Department, such appropriation to be limited to such expenses incurred as aforesaid.

Voted, To appropriate \$50.00 for the present year and \$33.09 for unpaid bills of 1929, to be taken from the receipts of the Water Department for the current year, for the necessary expenses of officers and employees of the Water Department incurred outside the Commonwealth in securing information upon matters in which the Town is interested or which may tend to improve the service in said Department, such appropriation to be limited to such expenses incurred as aforesaid.

ARTICLE 91. To see if the Town will vote to ratify and approve the expenditure by the Board of Water Commissioners out of its general appropriation made at the Annual Town Meeting held in March, 1929, of the sum of \$33.09, for the necessary expenses of the Superintendent of Water Department incurred outside the Commonwealth in securing information upon matters in which the Town is interested or which may tend to improve the service in such Department.

See Vote under Article 90.

ARTICLE 92. To see what sum of money the Town will appropriate for the necessary expense of employees of the Trustees of the Public Library incurred outside the Commonwealth in securing information upon matters in which the Town is interested or which

may tend to improve the service in such department, such appropriation to be limited to such expenses incurred as aforesaid.

Voted, To appropriate \$50.00 for the necessary expense of employees of the Trustees of the Public Library incurred outside the Commonwealth in securing information upon matters in which the Town is interested or which may tend to improve the service in said department, such appropriation to be limited to such expenses incurred as aforesaid.

ARTICLE 93. To see if the Town will vote to amend Chapter 3 of the Revised By-Laws by inserting at the end of Section 3 of said Chapter the following:

"The Warrant Committee shall give public hearings on all matters considered by it, giving notice of such hearings, whether original or continued, by publication in each of the local newspapers at least three days before the date thereof."

Voted, That the Town do not so vote.

And you are directed to warn said inhabitants qualified as aforesaid to meet at the times and places and for the purposes herein mentioned, by posting attested copies of this Warrant in each of the post-offices of said Town fourteen days at least before said first of March, and leaving printed copies thereof at the dwelling houses of said Town at least four days before said date.

Hereof fail not, and make due return of this Warrant with your doings thereon to the Town Clerk, on or before said first of March, next.

Given under our hands at Milton, the seventh day of February, nineteen hundred and thirty.

KENNETH D. JOHNSON,
JOSIAH BABCOCK,
NORTON WIGGLESWORTH,
Selectmen of Milton.

COMMONWEALTH OF MASSACHUSETTS,

NORFOLK, ss.

Milton, Mass., February 25, 1930

Pursuant to the within warrant I have notified the inhabitants of the Town of Milton as within directed to meet at the time and places and for the purposes therein mentioned by posting attested copies of the same in the post offices of the town and leaving copies at the dwellings of the inhabitants.

PELEG BRONSDON,
Constable of Milton.

March 22, 1930 at 4.15 P.M.

Voted, That the Meeting be dissolved.

The foregoing meeting was opened March 1, 1930 at 5.45 A.M. by the Wardens in the several precincts.

Attest:

G. FRANK KEMP
Town Clerk

WARRANT COMMITTEE

The following citizens were appointed by the Moderator as a Warrant Committee for the ensuing year in accordance with Chapter 2 of the Revised By-Laws, viz:

WILLIAM B. THURBER
ANNA P. ARNOLD
TILTON S. BELL
WILLIAM CHESWORTH
WILLIAM B. CROSBY
DEMERON L. DEAN, JR.
WILLIAM F. DUGAN

JAMES J. ENGLISH
JOSEPHINE GRIFFITH
EDWARD C. JOHNSON
ALEXANDER H. LADD, JR.
EDWARD P. LEDWITH
FRANCIS S. MOULTON
ROY E. MOULTON

FRANK E. WHEATLEY

G. FRANK KEMP,
Town Clerk

1930
WARRANT
SEPTEMBER PRIMARIES

COMMONWEALTH OF MASSACHUSETTS

NORFOLK SS.

*To any of the Constables of the Town of Milton in said County
Greetings:*

In the name of the Commonwealth of Massachusetts you are hereby required to notify and warn the inhabitants of the Town of Milton qualified to vote in elections and Town affairs, to meet at the several designated polling places in their respective precincts in said Milton, to wit:

In Precinct 1. Polling Place, Town Hall, Canton Avenue,
In Precinct 2. Polling Place, Tucker School Hall, Blue Hills Parkway,
In Precinct 3. Polling Place, Milton Police Station, Central Avenue,
In Precinct 4. Polling Place, Belcher School, Church Street, on Tuesday, the sixteenth day of September, 1930, at 4 o'clock in the afternoon for the following purposes:

To bring in their votes to the primary officers for the nomination of candidates of political parties for the following offices: Governor, Lieutenant Governor, Secretary, Treasurer, Auditor, Attorney General, United States Senator in Congress; all of this Commonwealth. Representative in Congress for the Fourteenth Congressional District, Councillor for the Second Councillor District, Senator for the Norfolk Senatorial District, Representative in General Court for the Seventh Norfolk Representative District, District Attorney for Norfolk and Plymouth District, Register of Probate and Insolvent, One County Commissioner for the County of Norfolk, two Associate County Commissioners for the County of Norfolk, one County Treasurer; and for the election of the following officers: District Member of the State Committee for each political party for the Norfolk Senatorial District, Members of the Republican Town Committee, Members of the Democratic Town Committee, delegates to the State Convention of the Republican Party and delegates to the State Convention of the Democratic Party.

All the above candidates and officers are to be voted for upon one ballot.

The polls will be open from 4 o'clock P.M. to 9 o'clock P.M. and you are directed to warn said inhabitants qualified as aforesaid to meet at the times and places and for the purposes herein mentioned by posting attested copies of the Warrant in each of the post offices of said Town fourteen days at least before said meeting and leaving printed copies thereof at the dwelling houses of said Town at least four days before said meeting.

Hereof fail not and make due return of this Warrant, or a certified copy thereof with your doings thereon to each of the several precinct wardens at the time and places of meeting aforesaid in said precincts, and to the Town Clerk as soon as may be and before said meeting.

Given under our hands at Milton this nineteenth day of August nineteen hundred and thirty.

KENNETH D. JOHNSON
JOSIAH BABCOCK
NORTON WIGGLESWORTH
Selectmen of Milton.

COMMONWEALTH OF MASSACHUSETTS

NORFOLK, SS.

Milton, August 27, 1930

Pursuant to the within warrant I have notified the inhabitants of the Town of Milton as within directed to meet at the time and places and for the purposes therein mentioned by posting attested copies of the same in the post offices of the town and leaving copies at the dwellings of the inhabitants.

PELEG BRONSDON
Constable of Milton.

G. FRANK KEMP,
Town Clerk

1930
WARRANT
NOVEMBER MEETING

COMMONWEALTH OF MASSACHUSETTS

To any Constable of the Town of Milton, in said County,

GREETINGS:

In the name of the Commonwealth of Massachusetts you are hereby required to notify and warn the inhabitants of the Town of Milton qualified to vote in elections and Town affairs, to meet at the several designated polling places in their respective precincts in said Milton, to wit:

In Precinct I Polling place, Town Hall, Canton Avenue

In Precinct II Polling place, Tucker School Hall, Blue Hills Parkway

In Precinct III Polling place, Milton Police Station, Central Avenue

In Precinct IV Polling place, Belcher School, Church Street,

on Tuesday, the fourth day of November, 1930, at fifteen minutes before six o'clock A.M. for the following purposes:

To bring in their ballots to the election officers for the election of the following offices: Governor, Lieutenant Governor, Secretary, Treasurer, Auditor, Attorney General, United States Senator in Congress, all of this Commonwealth. Representative in Congress for the Fourteenth Congressional District, Councillor for the Second Councillor District, Senator for the Norfolk Senatorial District. Representative in General Court for the Seventh Norfolk Representative District. District Attorney for Norfolk and Plymouth District, Register of Probate and Insolvency, One County Commissioner for the County of Norfolk. Two Associate County Commissioners for the County of Norfolk, One County Treasurer for the County of Norfolk and to vote on the following questions:

"Shall an amendment to the Constitution relative to the apportionment of the senatorial representative and council or districts be approved?"

"Acceptance of the following "Laws proposed by Initiative Petition."

Question No. 2 "An Act to repeal section two A of Chapter One Hundred and Thirty-eight of the General Laws, inserted by Chapter Three Hundred and Seventy of the acts of nineteen hundred and twenty-three."

Question No. 3 "An Act to amend Chapter One Hundred and thirty-one of the General Laws."

Acceptance of Chapter 383, Acts of 1929, entitled "An Act relative to transportation facilities in the Metropolitan District."

All the above to be voted for on one ballot.

The Polls will be open at fifteen minutes before six o'clock A.M. and may be closed at 4 o'clock P.M. and you are directed to warn said inhabitants qualified as aforesaid to meet at the time and places and for the purposes herein mentioned by posting attested copies of this Warrant in each of the post offices of said Town fourteen days at least before said meeting and leaving printed copies thereof at the dwelling houses of said town at least four days before said meeting.

Hereof fail not and make due return of this Warrant, or a certified copy thereof, with your doings thereon to each of the several precinct wardens at the time and places of meeting aforesaid in said precincts, and to the Town Clerk as soon as may be and before said meeting.

Given under our hands at Milton this seventeenth day of October, nineteen hundred and thirty.

KENNETH D. JOHNSON
JOSIAH BABCOCK
NORTON WIGGLESWORTH
Selectmen of Milton.

COMMONWEALTH OF MASSACHUSETTS

NORFOLK, ss.

Milton, Mass., October 31, 1930

Pursuant to the within warrant I have notified the inhabitants of the Town of Milton as within directed to meet at the time and places and for the purposes therein mentioned by posting attested copies of the same in the post offices of the town and leaving copies at the dwellings of the inhabitants.

(Signed) PELEG BRONSDON
Constable of Milton.

DEPARTMENT REPORTS

REPORT OF SELECTMEN

Milton, Mass., Dec. 31, 1930.

To the Citizens of Milton:

In accordance with the usual custom, your Board of Selectmen respectfully submits to you the following report for the year 1930:

The results of the annual election in March made no change in the personnel of the Board, and in its organization for the year the Board remained the same with Kenneth D. Johnson as Chairman and Norton Wigglesworth as Secretary.

Appointments

The customary appointments were made during the year and with the exception of three of them the action of the Board was unanimous. By reason of a vacancy on the Board of Library Trustees the Selectmen, in a joint election with the surviving members of that Board, unanimously elected Roger Wolcott to fill that vacancy, and by reason of a vacancy on the Planning Board the Selectmen, in a joint election with the surviving members of that Board, unanimously elected Edward G. Lowry, Jr. to fill that vacancy. Further details about the appointments made by the Board of Selectmen will be found elsewhere in this Annual Report of the Town.

Licenses

Three separate applications for permission to construct and maintain billboards in various parts of the Town were filed during the year and in each case the Board voted unanimously to deny the application. This action was taken primarily on account of the provisions of Chapter 11 of the Revised By-Laws of the Town which the Board believes represent very definitely the opinion of the citizens of Milton. Seven applications for variations of the Zoning By-Law were heard during the year involving requests for additions to existing business structures located in the residential district and also the question of allowing a two-family house to be constructed on a lot of land that was located in the district where two-family houses are prohibited by the By-Laws of the Town. In all but one case the variations requested were granted. The attempt made to change the use of the existing carbarn, operated by the Eastern Massachusetts Street Railway Company, from a carbarn and transfer station to a filling station, was unanimously denied on the ground that to do so would derogate from the intent and purpose of the Zoning By-Law. There were only two applications filed with the Board involving the construction of three-car private garages and in both cases the Board voted to grant the applications. Permission for the operation of only one additional filling station was granted during the year. That is indeed a healthy sign when we realize that in other communities the important intersections of main highways are generally monopolized by that particular business. The usual minor permits for various purposes have been granted and are not of any further importance to refer to in detail.

In view of the report made by the special committee appointed by the Moderator under the provisions of Article 81 of the 1930 annual Town Meeting Warrant, the Selectmen believe that some action should be taken at the next annual Town Meeting to amend the present Zoning-Law so as to permit a restricted commercial and industrial development of seventy or more acres of land located on Granite Avenue between the railroad crossing and the Neponset River, with the further recommendation that whatever change is made will not permit the construction of dwelling houses in that area. We believe that if some reasonable change is provided for in that particular area that both the Town and the private property owners interested will receive some real benefit.

Law

Except for the settlement of a variety of small claims brought against the Town and the usual advice rendered by the Town Counsel to the Board, there has been nothing of any great legal importance that occurred during the past year. Town Counsel, Lincoln Bryant, has continued to prove himself a very capable and helpful Town official and the best evidence of the value of his services to the Town is the fact that

no one making a claim has appealed to the courts for relief. It should be the purpose of a public board to dispose of any differences between private persons and the Town in an amicable fashion, thereby making it unnecessary for either the person aggrieved or the Town to resort to court action.

Highways

Snow.—Not even the usual amount of snow and ice difficulties were faced by the Highway Department during the past year. With the equipment that the department now has, it is no longer a serious problem to handle a severe snow-storm. However, due to the vagaries of our New England climate, it is impossible to depend in one year on the good fortune of a preceding year when it comes to the amount necessary for the removal of snow and ice, because, over a period of five or ten years, experience has taught us that a certain definite amount is usually necessary for this work.

Maintenance.—Superintendent Maynard has completed the first full year of his supervision of the department and has been able to carry out for one entire year the program planned by him. Due to the application of a heavier grade of oil on the public highways during the past two seasons, it has not been necessary to do as much oiling this year as was required in other years. The benefits of the heavier oil are now evident and particularly show during an open winter when the highways are free from snow and ice. The amount of money ordinarily spent by the department in patching defects in the highways has been reduced during the past year and that alone furnishes one of the best evidences of the value of treating the highways with the heavier grade of oil. As part of the resurfacing program during the year, we call your attention to the work done on High Street, Hinckley Road, Brook Hill Road, Oak Street, Edge Hill Road at Governors Road, Thacher Street near Central Avenue, Grafton Avenue in the vicinity of Alden Road, Washington Street from Johnson Street to the Milton-Quincy line, Brook Road at Randolph Avenue, Centre Street between Reedsdale Road and Sias Lane, Brook Road between Blue Hill Avenue and Blue Hills Parkway and Town Farm Lane. By improving these particular surfaces, we believe that our Highway Department has provided the Town with a real material benefit.

Permanent Construction.—With part of the appropriation of \$20,500.00 for this work, the Highway Department reconstructed Canton Avenue from Atherton Street to Robbins Street, as a result of which the demand for the improvement of that particular section of Canton Avenue was met in a most satisfactory fashion. It is the recommendation of the Board that in appropriating money for permanent construction in 1931 special attention be paid to the request for \$7,500.00 so that the remaining section from Robbins Street to the Parkway can be reconstructed. With the exception of a small amount expended on Adams Street, in the vicinity of Squantum Street, where a new type of resurfacing material was experimented with, the balance of this appropriation was spent in resurfacing Eliot Street, from the end of the rapid transit improvement to Central Avenue, and on Central Avenue up to and including the frontage bordering Police Headquarters. This job was done under a contract with Simpson Brothers and the type of material that was used by that company on Adams Street in East Milton and on Thacher Street, was again used. It is our recommendation that a similar type of surface be put on Eliot Street for its entire length to Blue Hills Parkway and we are recommending for 1931 an appropriation that will cover one-half of that street.

In considering recommendations for permanent construction during 1931, it is necessary to have in mind what is to be done with Edge Hill Road, Pleasant Street and Central Avenue where the car tracks have been removed since motor buses have been installed to take the place of the street cars. We believe that a start should be made on this work during the coming year and have recommended an appropriation of over \$17,000.00 for work on Edge Hill Road from Grafton Avenue to Pleasant Street. We have received a petition signed by over one hundred citizens requesting that this particular section of highway be retained as a double highway with a grass plot in the centre. Except for the section from Grafton Avenue to Governors Road, we do not believe it advisable to maintain Edge Hill Road as a double highway, although we appreciate that from the point of view of highway beauty much can be said for the request made by these citizens. The original cost of making this road a double highway would be about \$2,000.00 more than the cost of construction recommended by the Board and the subsequent cost of maintaining such a double roadway would be much in excess of the cost of maintaining a single wide stretch. We also believe, in considering the program for 1931, that immediate attention must be given to that

section of Centre Street from Brook Road to Randolph Avenue. It is in bad condition and each year requires considerable attention. The largest permanent construction project recommended for 1931 is the reconstruction and widening of Pleasant Street from Adams Street to Brae Burn Road. This improvement must necessarily be made during the coming year because of the development of what is commonly known as the Davis Estate. The present owners of that estate have agreed to convey to the Town, without cost, a sufficient area of land to provide for a reasonable widening of that thoroughfare providing the Town makes an immediate improvement. Mr. Frederick O. Houghton has previously offered to the Town land owned by him on the westerly side of Pleasant Street between Adams Street and Brook Road for this same purpose and we sincerely believe that unless we take advantage of these two generous offers during the coming year we will be acting very unwisely.

In addition to these various jobs, we further recommend as part of the permanent construction program for 1931 the building of Belcher Circle from Church Place to the private property line in Babcock Park. That section of Belcher Circle has been laid out for years as a public way and several residences have been constructed abutting on it. The Town has failed to go along with this development and as a result the private property owners are seriously damaged by the failure on the part of the Town to make this necessary improvement.

It is true that the amount of money recommended by the Selectmen for this so-called permanent construction during 1931 exceeds any previous amount appropriated for such a purpose. However, we believe that each one of these recommendations should be acted upon favorably at this time if the Town is interested in having this necessary work done when it will cost the least to do it. With the possible exception of the Belcher Circle job, we can assure the Town that all the other projects are on public ways where public necessity and convenience require modern and comfortable street surfaces, and we sincerely hope that the Town will join with us in accepting these very definite recommendations.

Randolph Avenue and Other State Projects.—During the past year the Town has witnessed the long wished-for improvement of Randolph Avenue from Highland Street to the Milton-Quincy line, a distance of approximately one and one-half miles, by the construction of a state highway at a cost to the Town of \$35,000.00. This is the most important piece of construction engaged in by the State in Milton since the construction of Blue Hill Avenue some eight years ago, and the contribution made by the Town represents just a little more than one-fourth of the entire expense involved. It is now evident that the job should be completed so as to include that part of Randolph Avenue from Highland Street to Reedsdale Road and we are therefore recommending that the Town appropriate an additional \$15,000.00 in 1931 for that purpose, having been informed by the County Commissioners that they will contribute \$15,000.00 and have received assurances from the Department of Public Works that it will contribute another \$15,000.00. The benefits derived by the construction of such a state highway as Randolph Avenue cannot be measured solely on the basis of the great improvement at the present time but must further be measured by the fact that the future maintenance of this thoroughfare is taken over by the State, thus relieving the Town directly of any further cost.

By reason of an Act of the Legislature passed this year, Brook Road, from Blue Hills Parkway to Reedsdale Road, and Reedsdale Road, from Brook Road to Pleasant Street, have been taken over by the State as part of a new parkway system that is to connect Blue Hills Parkway in Milton with Furnace Brook Parkway in Quincy. It is expected that the State will construct this new parkway during the coming year without any direct contribution by the Town and thereafter the State will maintain that parkway entirely at its own expense. In addition to this, we have requested the Metropolitan District Commission to take over as part of its system that section of Hillside Street from the Milton-Canton line to the property of the Metropolitan District Commission. By adding together all these highways, that is, Randolph Avenue, Brook Road, Reedsdale Road and Hillside Street, we find that within a year the State has taken over for future maintenance public roads in Milton amounting to 3.74 miles, thus relieving the Town of a considerable burden. We have considered this to be real progress and feel that it is an appropriate time for us to express our appreciation to the State Departments involved and to inform our citizens of the genuine benefits derived.

Other Road Work.—We believe that this report, although necessarily confined to the actual improvements within the Town limits, should not be presented without some mention of the improvement made by the City of Boston on that part of Granite

Avenue located in Boston from the Neponset River to Gallivan Boulevard. The reconstruction of that roadway has been a real benefit to the citizens of Milton and we are sure that the entire Town joins with us in expressing very sincere words of appreciation to the City of Boston for its cooperation in giving us now an improved highway.

Sidewalks

The major sidewalk job performed in 1930 was the 4 ft. granolithic sidewalk laid on the westerly side of Thacher Street from the Parkway to Pine Tree Brook. The recommendation for this improvement was contained in our report for 1929 and we believe that it is one of the most important sidewalk improvements made by the Town in its history. Other short stretches of granolithic walk have been laid on Warren Avenue, Grafton Avenue, Washington Street, and on Andrews Road approximately 700 square feet of the old permanent sidewalk was relaid. An area of granolithic walk was also relaid on Central Avenue between Brook Hill Road and the Police Station. In addition to this, as result of cooperation received from the Metropolitan District Commission, a granolithic walk was laid on Blue Hills Parkway in front of the Tucker School, thus providing an improvement that has been requested several times in the past. Gravel sidewalks have been constructed during the year on Hillside Street and Canton Avenue and improvements have been made to the gravel sidewalk on Centre Street between Randolph Avenue and the Hathaway House. Immediately after the gravel sidewalks were constructed on Hillside Street and Canton Avenue, the Board received complaints about the use of these sidewalks by equestrians and we immediately gave public notice to these complaints. In spite of the lack of cooperation displayed by a very few of our local citizens who engage in horseback riding, we feel that the majority of our citizens join with us in demanding that these gravel walks be used solely by pedestrians. We trust that it will not be necessary for the Town to take any further action against the persons who have previously given rise to these complaints since it is perfectly evident that these same sidewalks cannot be used both by pedestrians and equestrians if they are to be of any real value to the pedestrians for whom they are primarily constructed.

In 1931 we are again asking for a \$6,000.00 appropriation for sidewalk purposes and already have on file requests for granolithic sidewalks that anticipate an expense far in excess of that amount.

Drainage

The drainage work completed in 1930 may be divided into four different groups.

1. The contribution made by the Town towards the cost of the work done on Blue Hills Parkway under the supervision of the Metropolitan District Commission. As result of this expenditure of over \$10,000.00, which represents one-half the cost of this work, we have made a very great improvement in the storm water drainage situation that for a long time has been the serious problem in that neighborhood.

2. In the acceptance of fifteen private ways as Town ways under the Betterment Act, it was necessary to provide for additional drainage particularly in reference to Churchill Street where an underground system was constructed from that street to the Neponset River, under private property, across Blue Hill Avenue, through Oak Street, and across Brook Road and Brush Hill Road. This particular piece of drainage construction will not only take care of Churchill Street but will be of great benefit to that entire area and to any future betterment construction in that vicinity.

3. The regular drainage work was carried on in the Warren Avenue, Houston Avenue, and Dyer Avenue section and resulted in providing all of these important thoroughfares with a complete underground drainage system, thus meeting a demand that has been most serious ever since this area was developed as a closely congested residential section.

4. An additional transfer of \$2,000.00 from the Reserve Fund to the Drainage account by the Warrant Committee furnished the department with an amount that made it possible to complete the drainage work in the Mattapan section so as to include Kahler Avenue, although only approximately \$1,400.00 of the additional amount was spent in 1930 because of the lack of time necessary for the completion of this work. We can now report to the Town that the major part of the storm water drainage work in the Mattapan area, north of Pine Tree Brook and west of Thacher Street, is practically completed. When the streets on which this work has been done have been resurfaced, we will no longer hear the just complaints about "the chain of lakes" that have obtained in this area for many years. We wish to make it perfectly clear that the immediate benefits of this work will not be visible until after these streets have been properly resurfaced.

Being more impressed than ever that the drainage of our public ways is a matter of most vital importance, we have prepared for 1931 a drainage program that will take care of a section of Canton Avenue in the vicinity of Turner's Pond and the upper and lower ends of Adams Street. Because this type of work can be done during the winter season and because of the problem of unemployment, to which we refer more in detail later in this report, we have presented for consideration by the Warrant Committee a further recommendation for additional drainage work in the vicinity of Unquity Brook. This work is something that the Town must attend to within a year or two and because it is work that will provide employment for a number of our citizens, we are definitely planning on it as part of the 1931 program. The wisdom of this action has been recognized by the Warrant Committee and will no doubt be more fully explained in its recommendation for a larger amount than is ordinarily appropriated for the Reserve Fund.

Relocations and Widenings

There was only one project of this type before us during the year and that was the relocation and widening of Adams Street between Hollis Street and Edge Hill Road and of Edge Hill Road between Adams Street and Grafton Avenue. This work was done by the local department and has resulted in opening up for public use an area that will do a great deal towards the relief of traffic congestion. It will be recalled that at the annual meeting in March 1930 some effort was made to secure an appropriation for damages to be paid to the First Baptist Church of an amount in excess of that recommended by the Selectmen. At that time we opposed that request on the ground that we did not believe that anyone was justified in placing the alleged damage to the church property at an amount greater than \$1.00 per square foot recommended by us for the land taken in making this widening. However, we did agree to leave the question open until after the job had been completed when we felt it would be easier to determine more exactly what damage had been done. Now that this improvement has been completed, we have received a further request from a committee representing the church for an appropriation by the Town in addition to the amount provided for land damages. Because of the peculiar nature of this request, we have felt it wise to refer it to a Board of Arbitration consisting of three members, one to be appointed by the church, one by the Selectmen and a third member by these two appointees. The personnel of this Board has been decided upon and both the Church and the Selectmen have agreed to recommend that the Town adopt the recommendation of this Board of Arbitration in settlement of the claim made by the church. We feel that in this way everything has reasonably been done that should be done to protect the interests of the church and the interests of the Town and we certainly trust that at the next annual Town Meeting this matter can be finally settled in an amicable and satisfactory manner.

The recommendations for appropriations for 1931 for this type of work amount to a little over \$1,000.00 and involve anticipated improvements at the intersection of Highland Street and Canton Avenue where the land necessary for the improvement has been generously offered to the Town by Geoffrey Whitney and at the intersection of Adams Street and Washington Street where a petition signed by forty-six citizens has been presented requesting radius curves that will remove the present alleged traffic hazard at that intersection. We recommend that both of these improvements be provided for during the coming year.

Bridges

The Granite Avenue Bridge continues to be an item of expense from the point of view of repairs. During the past year Milton's share of the cost of renewing the piers and approaches of this bridge was \$3,186.83 and during 1931 the engineers who are familiar with the defects of this bridge recommend additional work which will cost us another \$5,000.00. That part of the Adams Street Bridge over the Neponset River, which is maintained entirely by the Town, demands immediate attention and we are therefore recommending an appropriation of \$4,500.00 so that the present danger on that bridge may be removed.

Betterment Construction

During the past year the Town engaged in the most extensive program in its history in connection with the construction of new streets under the Betterment Act. Over \$95,000.00 was appropriated at the Town Meeting for the construction of fifteen new streets, six of which were built by private contract and nine by the local Highway Department. The actual cost of construction was approximately \$87,000.00 and as

a result the Town now has about two miles more of public highway than it had a year ago. Several of these new streets involved the largest expenditures of any individual street that may be anticipated for some time to come and we feel very definitely that in carrying out this program the Town has provided improvements that will inure to the permanent benefit of a great number of our citizens.

There have been filed with the Board during the year sixteen petitions for betterment construction in 1931 and although it is not anticipated that all of these will be acted upon favorably by the Board, we feel very certain that a sufficient number of them should be constructed in 1931 so that this type of benefit will be continued for the time being at least as part of the regular program of the Town. We may say in passing that by reason of the liberal attitude displayed at the last annual Town Meeting in reference to petitions of this type, the Selectmen have received very few requests for work with public funds on private ways. Our citizens are getting to realize that the proper way to improve the private ways on which they live is to go before the Town for a permanent improvement, for which, in accordance with the present policy, they pay two-thirds of the cost.

Street Lighting

Most of the money appropriated for additional street lights for the past year has been spent in installing the arc light type on Canton Avenue between Reedsdale Road and Highland Street and on Adams Street in Milton Village as well as one additional arc light at the corner of Granite Avenue and Hope Avenue, which is an important bus stop. The work in Milton Village was done in cooperation with the Edison Company, which company arranged to put all its wires underground in that vicinity. This was provided for by the Selectmen at the request of the officials of the Blue Hill Bank and Trust Company who were anxious to have this improvement made in view of the construction of the beautiful new bank building. For many years there have been complaints about the poor street lighting facilities in the vicinity of the Town Hall. We now believe that the change made there will satisfy all of our citizens.

Traffic Regulation

The past year has given the Town an opportunity to experience the value of the signal equipment that was installed in 1929 and to which no substantial addition has been made during the past year. From the statistics prepared by the Police Department, we learn that although the number of persons killed and injured has increased during 1930 as compared with 1929 the actual number of accidents has decreased by approximately 14%. This decrease in number of accidents we believe can be attributed to the excellent signal system which the Town maintains and we believe it calls for special attention, particularly when we realize that our highways have carried more traffic this year than ever before. We have also put into effect the "through way" system on Blue Hill Avenue and Granite Avenue and are of the opinion that this system is a wise one. Additional silent policemen have been installed at the intersection of Adams and Eliot Streets and at Pleasant Street and Edge Hill Road.

Board of Survey

Due to the general decline in residential construction, there have been only five petitions presented to this Board for approval of street layouts during the past year. The one that has required our most serious consideration was that presented by the present owners of the Davis Estate, which called for the layout of five new streets on which it is anticipated that over one hundred new houses are to be constructed. In connection with this layout we have discussed with the developers the widening and relocation of Pleasant Street and recommend that the Town adopt the proposal already agreed to by the developers which we have previously referred to in this report.

It will be recalled that as a result of the study of the special committee, headed by James S. Russell, certain legislation was approved at the last Town Meeting. Under the provisions of Chapter 273 of the Acts of 1930 an important recommendation of that committee was actually put in the form of legislation so that now, in addition to controlling the location, direction, width and grades of these new streets, our local Board of Survey may also control "the materials, method of construction and plan of drainage" on these new streets. This is indeed a very progressive step in the right direction and will assist the Town materially in preventing the development by private parties of new streets that will later prove to be expensive projects for the Town.

Public Transportation

For a little more than thirty years Milton has observed the street railways come and go. During the past year the Eastern Massachusetts Street Railway Company abandoned all of its street railroad locations in the Town with the exception of the short stretch on Granite Avenue from the Quincy line to Adams Street, which section will be abandoned in a very short time. Motor buses have been substituted in place of the street cars and we believe that the Town will find that the abandonment of the street railways will be of great advantage. Near the close of 1929 the Boston Elevated, by reason of the rapid transit extension from Ashmont to Mattapan, entered Milton for the first time in the history of the Town. We expressed in our report for that year the hope that certain improvements would be made in connection with that extension and we are now pleased to report that as a result of agitation made by the Selectmen, and with the cooperation of the Elevated, shelters have been provided at the various stations along the line in Milton and an additional stop provided at Capen Street, all of which improvements have resulted in greater convenience for our citizens.

Town Engineer

The fact that our Town Engineer is also Superintendent of the Highway Department has in no way decreased the efficiency of this Department but rather, in our opinion, has resulted in improving the efficiency of both Departments and we sincerely recommend that you give close attention to the separate reports found in this same volume that have been filed by Mr. Maynard.

Police Department

The vacancy caused in this department by the sudden death of Officer Francis T. Hanna in September 1929 was filled this year by the appointment of Officer Charles P. Duffy, who was the highest man on the Civil Service list of eligible candidates. It has been necessary during the year to discipline only one member of the department.

Work has been started on the complete installation of a new box signal system for which one-half the cost was appropriated in March. With a similar appropriation at the next annual Town Meeting this important job can be completed. Two additional boxes have been installed this year. There has been added to the department a new up-to-date ambulance which has been received with a great deal of approval, particularly by the many doctors in Town. We have also provided for the installation of the teletype apparatus at our local Police Headquarters, thus joining the Town with some twenty-three other Metropolitan Departments in a very necessary system of police communication. The regular members of the department have been furnished with new badges and new revolvers and we are thoroughly of the opinion that the efficiency of this department has increased during the past year. Except for the last few weeks of the year, the Town has been free from the activities of house-breakers, which activities have occupied many of the neighboring departments throughout the year.

Fire Department

By reason of the appropriation made at the last Town Meeting, a new piece of apparatus has been purchased for this department. We are very much pleased with the manner in which Chief Holmes and his men have conducted the affairs of the department and believe that the Town is receiving real service from its firemen. We do not believe in adding to the personnel of the department and recommend that any effort to increase its personnel be opposed.

Town Hall and Thacher Building

Several improvements have been made in the Town Hall during the past year including the enlargement of the quarters occupied by the Town Clerk and Tax Collector, all of which was done under the personal supervision of Mr. Kemp. In addition to this, the entire interior of the Town Hall was repainted and as a result of a complaint received from the Woman's Club, improvements were made in the Ladies' Room. We believe that there should be no further delay in improving the roof of the Town Hall which is in bad condition, and have, therefore, recommended an appropriation of \$1,050.00 for that purpose.

The Thacher Building continues to be one of the busiest of our public buildings and is providing both Town Departments and private patriotic organizations with very comfortable and convenient quarters.

Insurance

There is nothing new to report on the matter of Town insurance. All questions on this subject have been efficiently attended to by our Insurance Adviser, Frank R. Forde.

Tercentenary Celebration

During the past twelve months Milton, along with other municipalities of Massachusetts, has been engaged in a proper observance of the 300th anniversary of the founding of the Massachusetts Bay Colony. A great deal of the planning of our participation in this celebration was done by former Selectman Arthur H. Tucker, whose sudden death early in the year put an end to his personal participation in the carrying out of the plans that had interested him so intensely. However, Messrs. Leonard M. Patton and Chauncy C. Nash, the other members of the special committee appointed by the Selectmen, carried on the work in an unusually satisfactory manner and on September 9 there was the dedication of a boulder on which was placed a tablet commemorating the signing of the Suffolk Resolves. This was indeed a very happy occasion and as a result the Town has finally provided an official commemoration of that most historic event. In addition to the dedication of this tablet, this same committee prepared for publication five hundred volumes of the early records of the Town, thus perpetuating in an excellent form, the records that heretofore were available only in the office of the Town Clerk. May we at this time, in behalf of the Town, express our sincere appreciation of the tremendous amount of work performed and the splendid cooperation given by Messrs. Tucker, Patton and Nash and other citizens who have been responsible for the success of Milton's part in the tercentenary celebration.

Unemployment

We believe that we would be derelict in our duty if we did not make some mention of the problem of unemployment which has continually increased during the past year. Early in the spring, as a result of appropriations made at the Town Meeting, twelve additional men were put to work on the Highway Department. As we approached the fall of the year it was evident that a considerable number of our citizens were suffering because of unemployment. Following a suggestion made by Governor Frank G. Allen, the Selectmen appointed a local Emergency Unemployment Committee consisting of William B. Thurber, Chairman, James W. Rollins, John G. McHardy, Frank G. Nilson, Mrs. Roderick Stebbins, Mrs. Rollin M. Gallagher, Frank A. Stout, William B. Crosby, Thomas F. White, Rev. Horace G. Robson, Mrs. Susan D. Stone, Malcolm A. LeFevre, Mrs. Edward M. Cox, Mrs. W. R. Landers, Mrs. John Merrill, Mrs. Henry Sheldon, Mrs. Russell S. Hadlock, Mrs. Robert L. Shewell, Wallace Dexter, and Louis A. Pendis. After the organization of this committee in a very satisfactory manner, Mr. Thurber, by reason of the very heavy duties imposed on him as Chairman of the Warrant Committee, was forced to resign and his place as chairman was taken by James W. Rollins. The Selectmen, because of the cooperation received from the Warrant Committee in approving a transfer of \$2,000.00 from the Reserve Fund to the Drainage Account, were able to put to work in November sixteen additional men, thus increasing the total number of extra men employed in the Highway Department by twenty-eight. We are pleased to report that these men are still at work, primarily engaged in drainage construction which we believe to be an expense that will be of benefit not only to the men employed but to the Town. In order to keep these extra men on the payroll of the Highway Department it will, of course, be necessary for the Town to appropriate additional funds at the annual Meeting in March and it is for that reason that we have taken up with the Warrant Committee the matter of an additional appropriation for drainage work which can be provided for by adding to the Reserve Fund and by having the extra amount transferred from the Excess and Deficiency Account, thus meeting the emergency to some degree without directly putting an additional financial burden on the Town. Of course it is evident that there are more than twenty-eight unemployed citizens in Milton and it is further evident that the unemployment problem is not with us simply for a matter of weeks or a few months. We have no doubt that following the March Meeting other departments of the Town will be able to make use of the services of our citizens who continue to be unemployed and we must also depend on private persons to cooperate as they have in the past in making use of these services. By this cooperation of the Town departments and private persons we believe that the most serious features of the unemployment problem can be taken care of. Although we appreciate fully the seriousness of the problem, we do not propose to become hysterical and we do not believe that any further

appropriation by the Town, other than has been suggested, is necessary at this time. It is easy for public officials and for those aspiring to public office to make capital "on the empty stomachs" of their fellowmen. We hope that the Town will approach this problem in the same spirit with which we and the very able members of our unemployment committee have approached it and as a result, we believe that the present difficulties can be disposed of.

Miscellaneous

Voting Precincts.—As a result of a request that has come to us from the Superintendent of Schools, it will be necessary to provide for a new location for voting in Precinct 2. However, because during the coming year only one regular election is anticipated and because that election does not fall on a school day, we need make no extra appropriation for hiring other quarters.

Fourth of July.—Because the Town increased its appropriation for the celebration of the Fourth of July from \$500.00 to \$1,000.00, we were able to have this celebration ably taken care of by the local Post of the American Legion. The results speak for themselves and we again recommend, as we did a year ago, the \$1,000.00 appropriation for this purpose.

Armistice Day.—For the first time in its history the Town this year appropriated \$100.00 for the observance of Armistice Day. Again the local Post of the American Legion, at the request of the Selectmen, assumed the responsibility of conducting this celebration and we believe that it was done in a way that satisfied all of our citizens. We again recommend a similar appropriation for this purpose.

Memorial Day.—For many years the Town has appropriated \$400.00 for the observance of Memorial Day under the auspices of the local G. A. R. Post and Sons of Veterans Camp. It has been evident for some time that because of the decreasing contributions in the form of flowers, additional funds are necessary. We are therefore asking that this appropriation during the coming year be increased to \$450.00.

We trust that in presenting this report we have furnished the citizens of the Town with an intelligent review of what has been accomplished in 1930 and with a clear outline of what we recommend for 1931. We can assure you that it has been a genuine pleasure to serve you, and further, may we inform you that whatever service we have been privileged to render would have been wholly impossible without the unselfish, sincere and generous cooperation of all Town employees and other citizens associated with us.

The problems of Milton are the problems of an active, suburban municipality. They all require a modern, progressive and intelligent consideration. We trust that in our consideration of the Town problems presented to us we have not fallen short of the standard required by you.

KENNETH D. JOHNSON
JOSIAH BABCOCK
NORTON WIGGLESWORTH

Selectmen of Milton

REPORT OF THE TOWN ENGINEER

To the Honorable Board of Selectmen:

GENTLEMEN:

The report of the Engineering Department for the year ending December 31, 1930 is respectfully submitted.

The work of this department has progressed satisfactorily, according to the program worked out in the spring.

The Town survey has taken the time of two field parties, each party consisting of three men. The work has been done with extreme accuracy and recorded in field books. As the major part of this outside work has been completed, it will require but one party to complete the survey. The engineer of the second party has been placed on map production work and the two chainmen have been dismissed. I estimate that the field work for the Town survey can be completed in a year by one party and I recommend that a draughtsman now be supplied this department for as long as may be needed to produce these plans.

An interesting feature of the Town line survey was the recovery of the witness mark which definitely locates the junction point of Milton, Canton and Boston. This stone has been lost to view since 1913, when the Neponset River was straightened and deepened by the Metropolitan Park Commission. This was found by extending the line from existing markers on the Boston-Canton line to the river bank and excavating to the original stone. On the top of Blue Hill is a copper bolt locating another angle point on the Milton-Canton line. Over this point the tower of the Blue Hill Observatory has been erected. This point was transferred to the top of the tower and used as a foresite, thus a very accurate line was run from the original point on the bank of the Neponset River to the foot of Blue Hill on Canton Avenue, which definitely locates the Town boundary. This extends the Milton-Canton boundary line into the Canton territory thirty to forty feet beyond the old road stones located on Green Street and Canton Avenue. At this time I wish to thank the owners in this vicinity for their courtesy and cooperation.

Since last January we have made tracings from a portion of the Town survey maps and supplied them to the Assessors' Office. These are marked according to the present plate system. In many towns where a Town Engineer is employed, the Section, Block and Lot System is used. With this system the original plans and tracings are kept in the Engineers' Office and the slight changes required to bring them up to date are made yearly. I recommend that a study of this system be made.

Construction

The construction work on streets and drains has required the entire time of one engineer and two assistants. The first Assistant Engineer, George N. Watson, resigned in the spring to become Town Engineer of Braintree, Mass. John H. Bowie, second Assistant was promoted to the position of first Assistant and placed in charge of street construction. Other duties given this party will be listed as miscellaneous work.

Miscellaneous Work

Miscellaneous plans for Planning Board.

Information to outside engineers as to street lines, sewer, gas and water mains and connections.

Basement plans.

Plans and lines for retaining walls.

Police plans.

Appearance at Court on cases involving accidents.

Traffic counts.

Information for Gas Companies, Contractors and Real Estate men.

Plans for accidents for the police and fire alarm maps.

Plans and grades for granolithic sidewalks.

Plans for street acceptance and corner takings.

Trips to registry at Dedham.

Plans on tracing cloth and making extra blue prints.

Street lines for tree planting.

Layout for hydrants and water mains.

Lines for electric light poles.

Field work necessary for correct location of houses.

Lines and grades for all curbings, set ground elevations run, stakes set and grades figured.

Maps and tracings made for land takings.

The engineer on construction is assisted by an employee in the office who spends his time plotting and making tracings.

Betterment Streets

The streets constructed under the Betterment Act this year are as follows:

Street	Length (Feet)	Estimated Cost	Actual Cost	Balance
Avalon Road	880	\$7,800.00	\$7,156.22	\$643.78
*Cedar Terrace Street	900	9,509.75	8,737.75	772.00
Churchill Street	915	6,250.00	5,507.22	742.78
Elton Road	415	3,600.00	3,557.72	42.28
*Garden Street	910	8,991.00	7,854.63	1,136.37
*Governors Road (Edge Hill to Warner)	930	9,689.37	8,244.67	1,444.70
*Governors Road (Edge Hill to Brook)	783	7,821.74	6,320.37	1,501.37
Hazel Street	570	5,659.55	4,967.69	691.86
Howard Street	297	1,867.70	1,563.99	303.71
Lawrence Road	270	2,610.00	2,523.82	86.18
*Meredith Circle	1,362	14,008.50	12,682.72	1,325.78
Virginia Street	293	2,775.95	2,760.96	14.99
Verdale Road	358	2,424.60	1,904.72	519.88
Westbourne Street.	284	2,901.00	2,458.15	442.85
*Wood Street	1,160	10,087.10	10,087.10	0.0
TOTALS.	10,327	\$95,996.26	\$86,327.73	\$9,668.53
		or		
		1.959 miles		

*Street built by a contractor.

Of the above list of streets, five were awarded to Octavius Menici of Peabody, and one to E. C. Sargent of Quincy, who were the lowest bidders. The nine remaining streets were constructed by Town labor.

Detailed plans and estimates have been made for the Board of Selectmen for the acceptance of the following streets:

Betterment Streets Proposed for the Year 1931

Street		Length (Feet)	Estimated Cost
Aberdeen Road	.	888	\$10,931.80
Audubon Road	.	660	6,661.11
Bradford Road	.	525	5,719.40
Brae Burn Road	.	883	8,861.16
Cary Avenue	.	1,027	10,442.46
Clark Road	.	402	3,731.85
Hillcrest Road	.	811	8,135.46
Holbourne Street	.	265	3,236.25
Johnson Street	.	266	2,693.25
Meagher Avenue	.	1,142	9,535.47
Pond Street	.	450	3,832.95
Pilgrim Road	.	440	3,117.30
Petersburg Avenue	.	790	7,576.51
Valley Road Extension	.	225	2,266.14
Windsor Road	.	900	4,500.00
West Street	.	715	6,538.86
		10,389	\$97,779.97
		or	
		1,967 miles	

Drainage

The following is a list of drainage installed during 1930:

Location	Length (Feet)	Size in Inches	No. of Basins	No. of Manholes
Adams Street at Edge Hill Road	151.5	8	2	1
Avalon Road	824.9	8	6	5
Canton Avenue	354	15	1	1
Cedar Terrace Street	911.4	8	9	5
Churchill Street	515.7	8	5	2
Dana Avenue	120.6	8		1
Dyer Avenue	878.0	10		
	171.0	8	8	4
Elton Road	94.5	8		
	610.3	12	5	6
Garden Street	691.0	8	6	2
Governors Road	784	12		
	1,182.4	8	11	8
Hazel Street	412.8	8	2	2
Houston Avenue	273.5	12		
	685.6	10	4	3
Kahler Avenue (to be completed in 1931)	390.5	10		
	22.0	8	3	2
Lawrence Road	88.5	8	2	1
Meredith Circle	1,114.	8	10	5
Petersburg Avenue	479.5	10		1
Reedsdale Road	100.0	24		
Valley Road	62	8	1	
Virginia Street	350.7	8	4	2
Warren Avenue	1,020.0	10		
	172.0	8	9	3
Westbourne Road	111.5	8	2	
Wood Street	385.4	8		
	338.3	10	11	3
From Neponset River to Churchill Street	141.0	15		
	1,004.8	12		4
	14,441.4			
			101	61

I recommend that careful consideration be given to the drainage program.

The large flat area along Brook Road should have first consideration. Until this trunk line drain is installed there can be no permanent relief for the adjacent territory. A study of this area was made and a map was published in last year's report. Part of this is an open trench and could be done by manual labor in the late fall and winter months.

After a thorough study of the flood conditions existing in the Shadow Lawn District, I have recommended to the Board of Selectmen the installation of a thirty-inch storm water drain, which will intercept a brook at Pleasant Street. This brook drains the area in the vicinity of Cunningham Park and the outlying districts. It is planned to do this work in connection with the widening and resurfacing of Pleasant Street.

Board of Survey

At the request of the Town Counsel, a set of specifications for the construction of streets has been supplied to the Board of Survey.

Following is a list of streets accepted by the Board of Survey this year:

Name	From	To	Length	Width
Crown Street	Oak View St.	Decker St.	547.12	40
Highfield Circle	Brook Rd.	Private Land	286.0	40—70
Mulberry Road	Blue Hill Terrace St.	Private Land	387.91	40
Thompson Lane	Brook Rd.	Reedsdale Rd.	813.17	40

Curbing Laid During the Year 1930

Location	Circular	Straight	Granite Blocks	Corner Blocks
Adams Street, East Milton	44.3 88.5		
Adams Street, Lower Mills	16.50 139.00		
Avalon Road	95.60 20		
Brush Hill Road at Dana Avenue	14.50 8.00

Details of the financial statement will be found in the report of the Town Accountant. I wish to thank the engineering force for their willing and efficient work.

Respectfully submitted,
FORREST J. MAYNARD,
Town Engineer.

REPORT OF ASSESSORS OF TAXES

December 31, 1930

To the Citizens of the Town of Milton, Massachusetts:

The Assessors of Taxes herewith submit their report for the year 1930.

At the annual election of Town Officers for 1930, Mr. William W. Churchill was elected for the three-year term, and on March 6, 1930, the Board organized as follows: William W. Churchill, Chairman; George S. Murray, Secretary. The following two appointments were made: Clerk of the Board, Miss Dorothy L. Maxwell; Secretary to the Board, Miss Bertha M. Johnson.

During the past year, the following number of bills have been sent out: real and personal tax bills, 5,000; poll tax bills, 4,800; excise tax bills, 6,100. The total, 15,900, is an increase of 1,500 over the number of bills committed last year.

Due to the early adjournment of the State Legislature this year, Milton received notices of its share in the State taxes much earlier than usual, and inasmuch as all figures were in readiness, the Assessors were able to announce the tax rate within a few hours after the receipt of the State taxes. To their knowledge, there is only one other town in the State which has ever succeeded in announcing its tax rate on the same day that the State taxes are received. As a result of the early announcement of the rate of \$26.80, which was a reduction of \$1.00 from that of last year, the real estate and personal tax bills were sent out about three weeks earlier than usual.

On April 23, 1930, the Motor Vehicle Excise law was, to a certain extent, revised, the new rulings being much more favorable to the taxpayer. The new regulations have caused additional work in the office because of the computation of taxes by months, and the amount of time consumed in making the required adjustments for cars traded or sold. Approximately 850 of these adjustments were made during 1930, and an additional 150 abatements because of failure of the taxpayers to supply correct information on the registration blanks.

The Assessors respectfully call attention to last year's report, and the recommendations contained therein, and, as has already been done this year, urge upon the Warrant Committee the necessity of giving the whole subject of local taxation that serious consideration which it demands and must have, if the review of annual expenditures and the distribution of the consequent taxation burden is to be made with fairness to all taxpayers.

The following figures were used by the Assessors in determining the tax rate of 1930:

1930 Income

Estimated:

Receipts from State—		
Income Tax	.	\$127,960.86
Corporation Excise	.	9,890.00
Public Service Tax	.	6,510.00
Trust Companies	.	5,890.00
National Banks	.	4,830.00
Street Railway Tax	.	1,125.00
		<hr/>
Licenses	.	560.00
Court Fines	.	485.00
Dog Licenses (from County)	.	3,795.00
Special Assessments	.	41,590.00
Departmental Revenue	.	35,450.00
Interest Deposit	.	\$ 4,650.00
Taxes and Assessments	.	12,180.00
		<hr/>
Water	.	125,000.00
Motor Vehicle Excise	.	58,000.00
Polls (4,818)	.	9,636.00
Amount voted by Town from free cash	.	40,000.00
		<hr/>
		\$487,551.86
		<hr/>

1930 Expenses

State Tax	\$34,020.00
State Highway Tax	3,831.84
Fire Prevention Tax	267.26
Metropolitan Parks	\$26,513.23
Metropolitan Planning Board	195.39
	<hr/>

South Metropolitan Sewer Tax	22,301.00
South Sewerage Tax-Special Assessment	231.00
Charles River Basin Tax	4,627.87
Neponset River Cleansing	1,125.39
Southern Artery	197.61
Special Investigation—Southern Artery Extension	826.04
Smoke Nuisance Abatement	177.90
State Audit	828.62
Snow Removal Tax	459.00
County Tax	42,066.96
Town Appropriations (including Bond Maturities)	1,289,444.78
Overlay Deficit of 1926	11.12
Soldiers' Exemption	72.67
	<hr/>
	\$1,427,197.68
	<hr/> <hr/> <hr/>

Total expenses for 1930	\$1,427,197.68
Total income for 1930	487,551.86
	<hr/>

<i>Balance to be raised by tax on real and personal estate</i>	\$939,645.82
Overlay reserve (to provide for abatements, exemptions, etc., except on motor excise)	6,198.54
	<hr/>
	\$945,844.36
	<hr/> <hr/> <hr/>

Valuation of real estate	\$32,001,850.00
Valuation of personal estate	3,290,850.00
	<hr/>

$$\$35,292,700.00 @ \$26.80 = 945,844.36$$

The population of the Town, as computed by the Assessors for the year ending April 1, 1930, was 16,220.

Other statistics are as follows:

Number of licensed dogs	1,049
Number of horses assessed	101
Number of cows assessed	296
Number of sheep assessed	40
Number of swine assessed	36
Number of fowl assessed	1,640
Number of dwelling houses assessed	3,648
Number of acres assessed	6,218
Number of persons assessed for military duty.	2,999

1930 Taxes, In Addition to Those Assessed as of April 1, 1930

28 polls at \$2.00 (December levy)	\$56.00
Tax on personal estate (December levy)	99.16
Local sidewalk tax and interest	487.43
Local sewer tax and interest	34,544.34
Local street betterment tax and interest	10,193.67
Local moth tax	<u>120.00</u>
						<u>\$45,500.60</u>
Total of All Taxes Assessed						
Real and personal taxes (April levy)	\$945,844.36
Poll taxes (April levy)	9,636.00
All additional taxes	<u>45,500.60</u>
						<u>\$1,000.980 96</u>

Respectfully submitted,

WILLIAM W. CHURCHILL,
GEORGE S. MURRAY,
ROBERT BOWIE,

Assessors of Milton.

REPORT OF BIRD WARDEN

Milton, Mass., December 31, 1930.

To the Citizens of the Town of Milton:

I beg to submit to you my report as Bird Warden for the year 1930.

There was no appropriation and there are no accounts to be submitted.

Evidence is accumulating that the Starlings are driving away a number of species of the native birds which are beneficial. The Starlings are increasing in various parts of the town and it is desirable to encourage the trapping and shooting of these birds where possible, as they do a good deal of damage in fruit orchards and are not considered particularly valuable in aiding the control of any pest.

The number of English Sparrows seems to be still diminishing in the town.

My observation on the Spring migration in 1930 was that it was spread out over a longer period without the usual large numbers of insectivorous birds at any one time.

I believe that some of the more common birds and those which inhabit the cultivated fields and gardens are holding their own or even increasing, but that the rarer birds and woodland birds are apparently diminishing.

I wish to repeat my recommendation to the citizens who are interested in establishing feeding stations during the winter months, to continue this practice.

Respectfully submitted,

RALPH E. FORBES,
Bird Warden.

REPORT OF TRUSTEES OF MILTON CEMETERY

Milton, Mass., January 12, 1931.

To the Citizens of Milton:

The Trustees report as follows for the year 1930:

There were 178 interments in the Cemetery during the year, 112 of which were from out of town.

Thirty new lots were completed.

Sixty-one lots were taken by residents of the town and nine single graves were sold to residents.

Thirty-four lots and four single graves were placed under Perpetual Care.

Eighty-nine foundations for monuments and markers were made during the year.

Three lots were regraded and reseeded.

The new building in the Cemetery was completed and the ground around it was graded and seeded. Evergreen trees and Euonymous were planted around the building to beautify the same.

A trench was dug by the Water Department, in conjunction with the employees of the Cemetery Department, from Centre Street to the new building in the Cemetery, and pipe laid for the water, with six additional outlets available.

Respectfully submitted,

PERCY E. SHELDON,
REGINALD L. ROBBINS
THOMAS K. CUMMINS,
ASAPH CHURCHILL,
WM. PRESCOTT WOLCOTT,

Trustees
THOMAS W. POND, *Superintendent.*

REPORT OF THE FIRE DEPARTMENT

Milton, Mass., January 5, 1931.

To the Honorable Board of Selectmen, Milton, Mass.:

GENTLEMEN: I herewith submit my report of the Fire Department for the year 1930.

Alarms

There have been 418 alarms received as follows:

165 bell alarms, 253 telephone alarms; 17 calls to Boston.

Boston responded 28 times to Milton.

Alarms each month:

January	13	July	30
February	13	August	17
March	79	September	52
April	87	October	37
May	29	November	28
June	14	December	19

Classification

Automobile	28	False	19
Awning	2	Factory	1
Bank	1	Fence	1
Barn	1	Garage	4
Bog	4	Gasoline	2
Boy's Hut	1	Grass	86
Bowling Alley	1	Hay Stack	2
Brush	118	Leaves	2
Cable Box	1	Needless	8
Chimney	10	Office Bldg.	2
Church	1	Restaurant	1
Cordwood	1	Rubbish	8
Derrick	2	Shed	7
Dog Kennel	1	Station platform	1
Dump	28	Tree	8
Dwelling	39						

Other Calls

To rescue animals;

To assist persons from locked room

Figures on Property at Risk

Value	.	\$727,350 00	Insurance Paid	.	\$32,832 40
Fire Loss	.	26,950 00	Per Capita Loss	.	1 65

(Reason for difference in above figures on loss and insurance paid is that conservative amounts allowed for loss by this department and a reliable contractor of this Town did not agree with Insurance Adjustor within \$6,000.00 on one fire.)

Work Performed

Feet of hose laid	.	35,450	Feet of ladder raised	.	607
Gallons of chemical used	.	3,537 $\frac{1}{2}$	Miles traveled	.	2,468.01

Permits Issued

Out-of-doors fires	.	747	Explosives	.	50
Inflammable fluids	.	12	Fireworks	.	6
Oil burners	.	107			

Inspections

On oil burners	.	170	Factory	.	15
On stores	.	258	Bowling alley	.	14
On garages	.	36			

Personnel

The force remains the same as last year.

Apparatus

All of the apparatus is in very good condition. The Chief's car has been newly painted, rear tires of Ladder Truck have been replaced with new, and minor repairs have been made during the year.

In April a Chevrolet truck chassis was purchased from Woodward's Garage, and sent to O. F. Kress & Son, Lawrence, to be equipped with body, water tank and 75 gallon pump. This piece of apparatus was placed in service June 28th. The equipment of this new apparatus consists of 600 feet of $2\frac{1}{2}$ -inch hose, 300 feet of $\frac{3}{4}$ -inch hose, 150 gallon water tank, 75 gallon pump, axes, bars, extinguishers, etc., etc. This piece of apparatus replaced the Oldsmobile and responds to the same calls that wagon did. This new wagon has had a large number of calls since being placed in service and has worked very satisfactorily.

The Oldsmobile has been dismantled and kept for emergency.

It is interesting to note that the total upkeep, beside gasoline and oil, for the Oldsmobile for almost eleven years of service was about \$515.00.

Fire Alarm

Two new boxes have been purchased and will be installed very soon. Several tappers have been purchased for call and permanent men.

Discipline

The discipline in the Department still continues to be of the highest.

Recommendations

Again I call to your attention the need of more permanent firemen in this Department. We are adding over a million dollars' worth of new buildings each year and nothing is being done about more fire protection to keep pace with this growth. The past year has shown the real need of more men.

More fires are occurring than ever before, in several cases two or three at the same time, and it seems that the time has arrived when the force should be large enough to be able to leave a man on duty at Headquarters at all times to take care of extra calls received, to despatch apparatus, or to procure additional aid from outside departments if necessary.

Along this line, it must be remembered that every fireman is growing older each year and no new young blood is being added to the force. In order to maintain the proper efficiency, young men should be added to the force at intervals of every few years to make up for slowing up of men who are nearing the sixty year age.

I would like to say at this time that in a very few years, a new fire house will be required in East Milton. Repairs to the present one are coming more often and some extensive ones are very near at hand, and it does not seem good business to spend any large amount on a building in the condition of this one.

I extend my sincere thanks to your Honorable Board for your assistance during the year.

I wish to thank the Police Department for their co-operation.

This year the number of calls for the Fire Department has far exceeded any year in the history of the Department. There have been many times when all of the apparatus has been engaged in separate fires at the same time and it has been only through good luck that something serious did not happen. The permanent men have given up a lot of their "time off" to be on duty when brush and wood fires were occurring by twos and threes, callmen have helped out many times without any extra pay, and at this time I wish to extend my appreciation and sincere thanks to them for their co-operation.

Respectfully submitted,

J. HARRY HOLMES,

Chief of Department.

REPORT OF LICENSING COMMISSION ON ONE AND TWO CAR PRIVATE GARAGES

Milton, Mass., December 31, 1930.

To the Honorable Board of Selectmen, Milton, Mass.

GENTLEMEN: The Licensing Commission for One and Two-Car Private Garages respectfully submits the following report for the year ending December 31, 1930.

Forty-three hearings were held and one hundred thirty-nine (139) licenses were issued. Inspections were made on all locations and garages.

Respectfully submitted,

J. HARRY HOLMES, *Chairman*
G. E. BURT
JOSEPH H. DUFFY.

REPORT OF TREE WARDEN

Milton, Mass., December 31, 1930.

To the Honorable Board of Selectmen:

I beg to submit the following report of the work of the Tree Warden Department of this town, for the past year.

Trimming

There has been practically no damage to the trees from storms, during the past year. The trimming has been somewhat in excess of that of previous years.

Planting

We have planted 146 new trees this year.

Insects

There has been an increase in the insect pests during the past year. The Elm Leaf Beetle especially has done noticeable damage. The infestation of the Satin Moth is about the same as last year. The Tent Caterpillar was about the same as last year, throughout the town in general, but less numerous upon the highways.

Saw Mill

The volume of work at the saw mill was about the same as last year.

Plans for Next Year

Owing to the fact that for several years prior to 1928 we were behind in the planting of trees on the public ways, which we believe desirable, we are hoping to plant 150 or more trees this year.

Appendix A

Trees planted:	
Norway Maples	146
Trees removed	
American Elms	9
Maples	6
Ash	5
Cherry	4

Appendix B. ~~T~~(General Account)

Appropriation for public work	\$9,000 00
Credit	3 25

Credit Balance	142.27

Credit Balance \$312.63

Respectfully submitted,

RALPH E. FORBES,
Tree Warden.

REPORT OF MOTH SUPERINTENDENT

December 31, 1930.

To the Honorable Board of Selectmen:

I beg to submit the following report of the work of the Moth Department of this town, for the past year.

Suppression Work

The infestation of Gypsy Moths is only slightly different from last year. There was probably a slight reduction of this pest, especially where the clusters were previously congested, but unfortunately, we find some infestation in new locations.

The amount of creosoting done this year was about the same as last year.

We have found no Brown-tail Moths during the year.

Equipment

We have had the trucks overhauled and new tires were put on the 3½ ton G.M.C. truck. We believe that all the equipment is now in good condition.

Appendix A

Inventory of property of Moth and Tree Warden Department.		
1—1926—3½ ton	G. M. C. truck with Sprayer and platform body	3,000 00
1—1913 Packard truck		50 00
1—1 ton G. M. C. truck		100 00
1—1 ton Ford truck 1928		500 00
1—Nash Coupe 1928		550 00
2 Sprayer tanks and Pumps		500 00
Tools of all kinds (including field supplies)		600 00
Office Equipment		250 00
Buildings (including Sawmill)		10,500 00
Hose		200 00
Total		\$16,250 00

Appendix B. (General Account)

Appropriation		\$5,500 00
Expenditures.		5,491 38

Balance reverting to Treasurer.		\$8 62
---------------------------------	--	--------

Appendix C. (Private Account)

Appropriation		\$4,000 00
Expenditures.		2,446 55

Balance reverting to Treasurer.		\$1,553 45
---------------------------------	--	------------

Receipts from Private work		2,434 36
----------------------------	--	----------

Total reverting to Treasurer		\$3,987 81
------------------------------	--	------------

Receipts		\$2,434 36
Less Expenditures		2,446 55

Total; Loss on Private Work*		\$12 19
------------------------------	--	---------

*Note: This apparent loss on Private work is due to work done late in December, payments for which will appear in next year's account.

Respectfully submitted,

RALPH E. FORBES,
Local Moth Superintendent.

REPORT OF BOARD OF HEALTH

Milton, Mass., December 31, 1930.

To the Citizens of Milton:

The number of contagious diseases reported to the Board of Health for the past three years has been as follows:

		1930	1929	1928
Anterior Poliomyelitis	.	—	1	1
Chicken Pox	.	70	38	59
Diphtheria	.	5	—	4
German Measles	.	25	3	9
Lobar Pneumonia	.	6	16	15
Measles	.	54	35	336
Mumps	.	45	5	6
Scarlet Fever	.	29	40	52
Tuberculosis (Pulmonary)	.	6	10	13
Tuberculosis (all other forms)	.	4	2	—
Whooping Cough	.	15	48	65
Influenza	.	—	44	—
Dog Bite	.	14	10	5
Typhoid Fever	.	2	—	1
Ophthalmia Neonatorum	.	—	—	2
Septic Sore Throat	.	3	3	—

The Board organized March 3rd, 1930. Mr. Hervey W. King was elected Chairman and Mr. Philip Y. DeNormandie, Secretary. The following appointments were made: Agent, Dr. Paul W. Kimball; Inspector of Milk, Dr. Paul W. Kimball; Deputy Inspector of Milk, S. R. Ramsdell; Inspector of Plumbing, L. E. Young; Deputy Plumbing Inspector, B. F. Murray; Agent for Issuing Burial Permits, G. F. Kemp; General Contractor, A. B. Snow; Inspector of Slaughtering, P. W. Kimball; Caretaker of Contagious Hospital, John Dexter. The contract for collecting ashes and garbage was awarded to S. G. Craig.

As a measure of protection against diphtheria, the Board, following its usual practice, offered the Schick Test for susceptibility to diphtheria, and the toxin-antitoxin preventive treatment for those not immune.

Four hundred and thirteen persons visited the clinic. One hundred forty-one were given the Schick Test, 130 of these were shown to be immune and 11 susceptible. Two hundred seventy-two were given the toxin-antitoxin treatment. The Board wishes to express its appreciation of the cooperation of the School Department.

One hundred thirty-seven permits for connecting houses with the common sewer have been issued during the past year.

The Board has changed its method of milk examination during the year and is having much more extensive tests made of the milk supplied to Milton residents. Beginning with July 1st, 1930, the Milk Inspectors' report is being published once every three months instead of once a month and the bacteriological examinations are made according to the standard plate method of the American Public Health Association.

During the past year the Board has had its regulations carefully revised and brought up to date. At the regular monthly meeting held on December 3rd, 1930 the Board adopted the revised rules and regulations for the public health and safety which became legally effective by publication in the *Milton Record*, on Saturday, December 13th, 1930.

In its report last year, the Board called attention to the problem of tuberculosis in Milton and recommended the establishment of a Tuberculosis Clinic. There are 48

known cases of tuberculosis over which the Board should have supervision and between 150 and 250 contacts in the families of these cases. The request of the Board for the establishment of a clinic was denied last year but the Public Health Committee of the Milton Women's Club, realizing the needs of the situation, offered to donate \$500 to the Board of Health for the purpose of establishing a tuberculosis clinic to meet this need.

After consultation with the various agencies interested, the Board arranged a meeting at which representatives of the Milton Women's Club and the Milton Visiting Nurse and Social Service League were present. At this meeting it was decided that a clinic should be established under the joint auspices of the Milton Visiting Nurse and Social Service League and the Public Health Committee of the Milton Women's Club with the approval and cooperation of the Board of Health.

The Milton Social Service League offered the use of its headquarters on Blue Hills Parkway as a place to hold the clinic and offered the assistance of its nurses. Dr. Philip Grabfield was appointed Physician in Charge of the clinic. The first clinic was held September 17th and successive clinics every two weeks. Eight clinics were held in 1930 which were visited by a total of 49 persons. Forty of these persons were in contact with known cases of tuberculosis. Among these 40, three new cases were discovered. Through the kind cooperation of the Milton Hospital 10 of the cases were X-rayed at the Hospital. Fifty follow-up visits were made to clinic patients by the visiting nurses.

The early discovery of the three new cases above mentioned, making it possible to take steps to arrest the further development of the disease, is the best argument the Board could present to the town for the establishment of this clinic under authority of the town. From the standpoint of the health of the public and from the economic saving to be effected by the early treatment of these cases, rather than their later hospitalization, with its attendant expense, this problem is one that should be assumed by the town and not be left to private enterprise and generosity. It costs \$437.20 to keep one patient in the Norfolk County Hospital for one year.

The Board recommends that the town vote to establish a clinic for the discovery and treatment of cases of tuberculosis among the residents of the town and appropriate \$700 to cover the expenses for the first year.

Respectfully submitted,

HERVEY W. KING, *Chairman*
PAUL R. WITHINGTON, M. D.
PHILIP Y. DE NORMANDIE, *Secretary*

Board of Health of Milton.

REPORT OF COLLECTION OF ASHES AND GARBAGE

Milton, Mass., December 31, 1930.

To the Board of Health:

I herewith submit my report for the year ending December 1, 1930. There have been collected 465 truck loads and 7,621 double loads of ashes, and 372 cords of garbage.

Respectfully submitted,

SAMUEL G. CRAIG.

REPORT OF GENERAL CONTRACTOR

Milton, Mass., January 5, 1931.

To the Board of Health:

GENTLEMEN: I herewith submit my report for the year ending December 31, 1930.
2 vaults cleaned
41 cesspools cleaned
48 loads removed from same
19 dead animals removed and buried same.

Yours respectfully,

ALVAH B. SNOW.

REPORT OF INSPECTOR OF MILK

Milton, Mass., December 31, 1930.

To the Board of Health:

GENTLEMEN: During the year 1930, there were issued 52 licenses to sell milk or cream, of which 47 were for the sale of pasteurized milk or cream and 5 for milk or cream from cows that have been tuberculin tested and maintained in accordance with State and Federal regulations. For the sale of oleomargarine, 10 dealers were registered. Three establishments for the pasteurization of milk and two for the manufacture of ice cream have been licensed. Beginning July 1, 1930, the milk inspector's report is published once every three months instead of once monthly and the bacteriological examinations of milk are made according to the standard plate method of the American Public Health Association.

Respectfully submitted,

PAUL W. KIMBALL, *Inspector*

SHERMAN R. RAMSDELL,

Deputy Inspector.

REPORT OF INSPECTOR OF PLUMBING

Milton, Mass., January 1, 1931:

To the Honorable Board of Health:

GENTLEMEN:—Herewith I submit report for the Department of Inspection of Plumbing for the year ending December 31, 1930.

Month.	Permits Issued	Valuation of work, per Applications
January	12	\$5,230 00
February	12	7,205 00
March	15	9,960 00
April	23	13,350 00
May	21	21,135 00
June	18	8,155 00
July	10	4,425 00
August	29	16,680 00
September	25	9,080 00
October	13	6,995 00
November	17	7,515 00
December	2	2,025 00
Totals	197	\$111,755 00

Respectfully submitted.

LORENZO E. YOUNG,

Inspector of Plumbing.

REPORT OF INSPECTOR OF SLAUGHTERING

Milton, Mass., December 31, 1930.

To the Board of Health:

GENTLEMEN: No animals were passed for food during the year 1930.

Respectfully submitted,

PAUL W. KIMBALL,

Inspector of Slaughtering.

REPORT OF INSPECTOR OF ANIMALS

Milton, Mass., January 1st, 1931.

To the Honorable Board of Selectmen:

GENTLEMEN: I herewith submit my report for the year ending December 31st, 1930.

I visited and inspected 49 barns and premises where cattle are kept and found the conditions pertaining to the health and sanitation satisfactory.

Physical examination was given to 354 cows and to 12 bulls for infectious diseases.

Interstate shipments of cattle have been complied with.

Two barns and premises were inspected for proper disinfection following the removal of reactors to the tuberculin test.

It was necessary to quarantine 41 dogs as contacts or for having bitten people; two of the quarantined dogs developed rabies.

Respectfully submitted.

ROBERT H. SEWELL.

Inspector of Animals.

REPORT OF INSPECTOR OF BUILDINGS

Milton, Mass., January 5, 1931.

To the Honorable Board of Selectmen:

GENTLEMEN: I herewith submit my report for the Building Department for the year ending December 31, 1930.

Month	Number of Permits	Permits for New Dwellings	Permits for Alterations	Permits for Garages	Permits for Other Buildings	Valuation
January . .	16	3	10	3	0	\$28,575 00
February . .	17	3	5	8	1	23,750 00
March . .	32	12	11	8	1	76,480 00
April . .	35	9	14	9	3	312,860 00
May . .	44	11	14	17	2	74,205 00

July . .	45	13	18	13	1	139,500 00
August . .	29	6	9	14	0	57,010 00
September . .	35	11	10	13	1	90,865 00
October . .	36	7	12	15	2	64,630 00
November . .	30	12	6	12	0	102,333 00
December . .	35	11	7	17	0	72,140 00
Totals . .	386	107	128	139	12	\$1,114,278 00

Making valuation as per applications \$1,114,278 00.

Respectfully submitted,

G. E. BURT,

Inspector of Buildings.

REPORT OF SUPERINTENDENT OF WIRES

Milton, Mass., January 10, 1931.

*To the Honorable Board of Selectmen,
Town of Milton, Massachusetts.*

GENTLEMEN:—I herewith present the report of the Wire Department for the year ending December 31, 1930.

This department has supervision of the Fire and Police Signal System, inspection of all buildings equipped with electric light service and all poles and wires on town streets.

Interior Wiring

	1929	1930
Certificates issued for light and power	315	344
Number of inspections	812	756
Number of incandescent lights wired for	8003	7867
Number of motors installed	29	18
Total horsepower	49	39
Number of electric heaters and ranges installed	3	3
Total watts	11000	11000

Radio

All outside antenna wires must be protected by a lightning arrester.

Anyone wishing a copy of rules concerning Radio Installation may have same by notifying the Wire Department.

Fire and Police Signal System (overhead and underground)

Have replaced arms on poles reset by different companies in town.

Emergency calls 257.

For the maintenance of the Wire Department I have requested an appropriation of eight thousand, eight hundred and twenty-five dollars and sixty-eight cents (\$8,825.68).

Respectfully submitted,

E. E. CHOATE,

Superintendent of Wires.

REPORT OF PARK COMMISSIONERS

Milton, Mass., December 31, 1930.

To the Citizens of the Town of Milton:

The Park Commissioners herewith present their report for the year ending December 31, 1930.

The personnel of the department was as follows:

Superintendent	John L. Kelly
Playground Director	:	:	:	:	:	Aaron H. Yeaton
Assistants	Miss Ethel Hannigan Miss Helen Kelly Miss Barbara Hart
Supervisor of Academy Tennis Courts	.	.				Paul McPeake

The Brook Road Playground in 1930 enjoyed a use unsurpassed in any year since its opening. The High School, with its program engaging every boy and girl in some recreational work, used every available space during the months that the weather was fit for outside activity.

The Mattapan Baptist Church, the Milton Police Department's Baseball Team and the Milton Town Team played their respective schedules at the Playground and it was particularly gratifying to the Park Commissioners that so much summer baseball was afforded the townspeople. Altogether fifty-six (56) permits were issued for the use of the baseball diamond and twelve (12) permits for the football oval in the autumn, were granted to the Milton Athletic Club.

Two tennis courts upon the Milton Academy grounds near Brook Road were loaned to the town from June 23 to September 13 through the kindness of the Academy Trustees and good use was made of them which greatly relieved the congestion at the Playground courts.

The supervised playground activities extended through the eight weeks of July and August, and were well attended both at Brook Road Playground and at Hollingsworth Field. A daily average attendance of two hundred and forty-one (241) at the Brook Road Playground and fifty-three (53) at Hollingsworth Field.

Considerable filling was given to the Park Department by the Highway Department and a large area was graded near the tennis courts which greatly improved the baseball field.

The Park Commissioners have become cognizant of the fact that the State Public Highway Department are taking, by the right of eminent domain, a strip of land sixty feet wide the entire length of the Brush Hill Road Playground. This will, in our opinion, practically ruin this piece of land for playground purposes owing to the narrow width of land remaining between the proposed roadway and Neponset River.

The Metropolitan District Commission are planning to take by the same right a strip of land ten feet in width the entire length of the Brook Road Playground. If they do this it will probably necessitate moving the baseball diamond at considerable expense owing to the nature of the land.

The Park Commissioners are working with Town Counsel in both of these takings and hope that some solution may be arrived at whereby the land may be retained.

We ask for an appropriation of \$5600.00 for the carrying out of our program for the year of 1931.

Respectfully submitted,

WILLIAM G. RODD,
GEORGE OWEN, JR.,
JOHN F. KERRIGAN,

Board of Park Commissioners.

REPORT OF POLICE DEPARTMENT

To the Honorable Board of Selectmen:

GENTLEMEN: I herewith submit my report of the Police Department for the year ending December 31, 1930.

Officers detailed for public service	106
Officers detailed at the request of citizens	346
Solicitors driven out of Town	21
Amount of property reported stolen	\$13,224 34
Amount of stolen property recovered	8,143 00

Crime

A few houses were entered up to December and in some cases the burglars were caught. Ten houses were entered in December and the burglar is still at large, although everything is being done to apprehend him by this and surrounding departments.

Three houses were raided for liquor and a small quantity was seized.

January 1st, a pipe bomb was found on a private estate and upon examination was found to be of a noisy although harmless nature.

The most serious crime committed was an atrocious assault on a seventeen-year-old girl. The criminal was caught and is serving a sentence of 18 to 20 years in State Prison.

Traffic

There were 185 accidents in 1930 which is a decrease in comparison with 1928. The automatic traffic signals have proved their usefulness in reducing accidents at the dangerous intersections. A semi-actuated traffic signal was installed at Canton Avenue Highland and Thacher Streets and is giving satisfaction. I recommend traffic signals be installed at Central Avenue and Eliot Street, and Blue Hill Avenue and Cheever Street.

Motor Service

A new Ford and motorcycle were purchased to replace the old machines and I recommend that replacements be made for the Ford and motorcycle bought in 1929. June 1st a new Chevrolet ambulance was purchased.

Red Cross—First Aid

A course of instructions in first aid work was given to the members of the Department by Mr. George P. Johnson of the American Red Cross, Boston Metropolitan Chapter. The knowledge gained from the instructions has been a valuable asset to the officers and the American Red Cross is worthy of commendation in giving this course.

The Force

Charles F. Duffy was appointed a patrolman March 7th to fill a vacancy.

Patrolman Fred M. Farrington, a retired member of the Department, died November 30, 1930.

Charges were made and sustained against one member of the Department.

The members of the Department were called upon to do extra duty without compensation and responded willingly.

Equipment

New badges and revolvers were purchased for the Department.

December 17th, a Teletype was installed in the station and has already proved to be an important factor in police work. It affords instant communication with surrounding departments.

Revolver Practice

The members of the Department are showing improvement in shooting by compulsory weekly practice. Patrolman John W. Dalton won the shoot this year, thereby winning two legs of the Selectmen's trophy.

Police Alarm

The work of replacing Circuits No. 3 and No. 4 of the signal system was begun and is nearing completion. I recommend that Circuits No. 1 and No. 2 be replaced in 1931 to put the system in complete working order and up to date.

Conclusion

I desire to thank the Court and its officers, the Selectmen and Town Counsel for their advice and assistance, other Town Departments, the Public and the Press for their cooperation during the year.

I am grateful for the excellent services of the members of this Department.

Respectfully submitted,

JAMES R. TRAVERS,

Chief of Police.

REPORT OF BOARD OF PUBLIC WELFARE

January 2, 1931.

To the Citizens of the Town of Milton:

The work of our department is made much more difficult and less efficient because we have no rooms of our own in which to keep our records or interview our clients. We looked forward eagerly to the new town office building with the hope that in that building our needs would be recognized. We trust that the citizens realize that we are doing our work under difficulties.

At some time in the distant future the town will benefit by the Weston Will which leaves the sum of \$15,000.00 to be expended for the poor of the town after the death of all the heirs. A copy of this will is in the custody of the Town Treasurer.

Among the receipts of this department there is the interesting one of \$2,142.00, a reimbursement of board for an inmate of the Town Farm who received a legacy and whose board is now paid regularly. The Town Farm has paid to the Town Treasurer the sum of \$4,769.06. We consider that the building is of great usefulness in providing a home for those who have no other, or who have no relatives who can care for them. We do not anticipate a large increase in the amount of aid rendered in the town because of the new Old Age Assistance Law as this new law does not change any of the existing laws.

Before the appointment of the town committee on unemployment it was necessary to give aid to two men with families who were out of work, but after the appointment of this committee jobs were found for these men and aid ceased. The increase that we ask in our appropriation is because we fear there may be further need of such aid.

The establishment this year of a Tuberculosis Clinic in the town should prove in the future to be a real help to our department for some of our most serious problems of relief have been due to this disease.

There is excellent cooperation in the town between the private and the public sources of relief and if we were to acknowledge all the help that has come to us in the solving of our problems it would include all such agencies in the town and all their employees, besides many individuals.

We wish to acknowledge again our indebtedness to Mr. and Mrs. Dexter for their devoted service at the Town Farm.

The financial report is so fully given by the Town Accountant that it is not necessary to repeat it here.

Respectfully submitted,

HORACE N. PLUMMER, *Chairman*,
HUGH McCUE, *Secretary*,

JOHN TALBOT,
EDITH ENDICOTT STEBBINS.

REPORT OF PLANNING BOARD

January 15, 1931

To the Citizens of Milton:

Town Plan

At the annual meeting last March under Article 79 the Town referred the question of obtaining a Town Plan for Milton to us.

In view of the repeated rejection by the legislature of the so-called "Nichols" bill, embodying this Town Plan idea, and the opposition to it by many of our own people, we advise no further action at this time. We are also influenced in this decision by the passage in 1930 of "an act establishing the powers of the Board of Survey in the Town of Milton" (Chapter 273).

By it, our Selectmen, acting as a Board of Survey, are given more complete control over new streets.

A Metropolitan Road From Randolph Avenue to Canton Avenue on the North Slope of the Blue Hills

This was again suggested by the Division of Metropolitan Planning. We engaged Edward G. Lowry, Jr. as counsel and hope the project has been laid to rest, as shown by the following correspondence.

Metropolitan Planning Board
60 Battery March
Boston, Massachusetts

Gentlemen:

On December 4, 1929, your Board filed with the Legislature House Bill No. 40 and House Bill No. 41 proposing certain new thoroughfares. House Bill No. 41 Part two section 8 sub-section c2 Lines 40 to 46 reads as follows:

"Beginning at the intersection of Brook Road and Blue Hill Parkway, thence with suitable widenings along Brook Road, White Street and Reedsdale Road to a point near the intersection of Reedsdale Road and Randolph Avenue, thence over public and private lands and public and private ways to a suitable connection with Furnace Brook Parkway."

At the same time your Board caused to be prepared a map entitled:

"Map of the
Boston
Metropolitan District
prepared by
The Division of Metropolitan Planning
of the
Commonwealth of Massachusetts
showing
Existing and Projected Main Thoroughfares
of the district
1929"

which illustrates what your Board has planned under the proposed legislation, and which further illustrates what your Board planned in the way of thoroughfares not set forth in your proposed legislation.

On that map is shown the thoroughfare set forth in House Bill No. 41 Part Two section 8 sub-section c2 and also a further thoroughfare running from a point on Blue

Hill Avenue approximately at the intersection of Dollar Lane thence easterly along the northern boundary of the Blue Hills Reservation to Harland Street and thence easterly to a point on Randolph Avenue approximately half way between Hillside and Highland Streets thence easterly until it joins the road set forth in the bill, section and sub-section above mentioned.

Against this thoroughfare we, a group of landowners through whose property it would pass, together with other landowners in the vicinity, hereby take this our earliest opportunity to record our protest. We do so at this time lest in the event that such a thoroughfare were actually proposed to the Legislature in the future, it should be said that we allowed without a protest the inception of a general plan of which such a thoroughfare was to our knowledge a part. We base our protest upon two arguments:

First, the proposed thoroughfare is not necessary. Easterly traffic from Hyde Park which would use such a thoroughfare has now two satisfactory easterly routes of travel, —one by way of Canton Avenue and Brook Road, and the other by way of Blue Hill River Road, recently constructed as a circumferential route to take care of exactly the same traffic for which the proposed new route is designed.

Second, the proposed thoroughfare would greatly alter the residential character of the land through which it passes. This land now is divided into estates ranging in size up to several hundred acres, whose financial value to the Town of Milton is demonstrably greater on the basis of the ratio of services demanded to taxes paid than a more minute subdivision of the same land would be. Such further subdivision would necessarily follow if the proposed thoroughfare should be constructed, the chief value of the land in question to its present owners being its secluded character. We believe further that any compensation which might be received by reason of the necessary taking of sufficient land to construct the thoroughfare in question would represent only a small portion of the damage that would be done.

With this letter we enclose a map of the Town of Milton showing the proposed route, also showing the property lines of the estates through which it would pass. We feel that this map illustrates graphically the damage which such a route would do to the property in question.

Respectfully submitted, .

s/ Arthur Wallace Rice	s/ Roger Wolcott
s/ John F. Perkins	s/ W. Rodman Peabody
s/ B. W. Trafford	s/ Charlotte H. Bartol
s/ Edward C. Bradlee	s/ H. Clifford Gallagher
s/ F. A. Eustis	s/ Alexander Forbes

s/ James S. Russell

Office of Selectmen

Milton, Mass., February 14, 1930.

Metropolitan Planning Board
60 Battery March
Boston, Massachusetts

Gentlemen:

A copy of a letter to your Board dated February 11, 1930 and signed by Arthur Wallace Rice, John F. Perkins, B. W. Trafford, Edward G. Bradlee, F. A. Eustis, Roger Wolcott, W. Rodman Peabody, Charlotte H. Bartol, H. Clifford Gallagher, Alexander Forbes, and James S. Russell, has been shown to us, the Selectmen of the Town of Milton.

In our capacity as Selectmen we wish to go on record as endorsing the statements and arguments set forth in that letter. We do not feel that the thoroughfare under discussion is a necessary one at this time. We also feel that anything which tended

to bring about the breaking up of the remaining large estates of Milton into smaller developments would be highly detrimental to the town. The thoroughfare under consideration if actually proposed or constructed would in all probability tend to bring about that result.

Yours very truly,

s/ Kenneth D. Johnson
s/ Josiah Babcock
s/ Norton Wigglesworth

Division of
Metropolitan Planning
89 Broad Street, Boston

March 6, 1930.

Mr. Edward G. Lowry, Jr.
60 State Street
Boston, Mass.

Dear Mr. Lowry:—

I acknowledge receipt of a letter dated February 11th signed by Mr. Arthur W. Rice and ten other property owners in Milton with reference to a proposed road shown on a plan prepared by this Division extending from a point near the end of Dollar Lane mostly across private property to Randolph Avenue south of its junction with Highland Street. I also acknowledge receipt of a letter dated February 14th signed by the three Selectmen of Milton.

There is no proposal to construct this road at the present time and it was shown on the map in connection with the general study made of a cross country road north of or on the northerly side of the Blue Hills Reservation.

An agreement was recently reached between the Planning Division and the officials of Milton and Quincy with reference to an extension of Reedsdale Road from its present junction with Pleasant Street to a point on the Furnace Brook Parkway west of the place where said parkway passes under the Granite Division of the New York, New Haven & Hartford Railroad.

If the Legislature grants authority for the construction of the road, it is my personal view that the road your clients refer to will not be required for many years as there will then be a suitable crosstown connection north of the Blue Hills Range.

It is my personal view that the factors so well brought out by your clients are worthy of careful consideration by the Planning Division and should be very carefully considered in the laying out of any route. There are, however, many cases when public necessity and convenience must override the interests of the property owners.

May I call your attention to the fact the route shown on your map is not technically correct. The proposed route was supposed to be an extension of the Neponset River Parkway, which now ends at Blue Hill Avenue and it was to follow on land already owned by the Commonwealth to a point well east of Canton Avenue, the actual route being substantially south of the route which you have shown.

In writing you this letter, I have expressed to you my own personal views and it must be distinctly understood that the Division of Metropolitan Planning has expressed no view and that nothing I have said should in any way be construed as binding upon the Division or as any other than a personal opinion.

Very truly yours,

s/ H. I. Harriman

Director.

Various other matters at the State House have engaged our attention; perhaps the most important being the taking of Reedsdale Road and a part of Brook Road by the state as a portion of a new trunk line between the Blue Hills Parkway in Milton and the Furnace Brook Parkway in Quincy. Work is going forward on this project under Chapter 420 of the Acts of 1930.

Death of Arthur H. Tucker

The following letter expresses our feeling on this great loss.

Dear Mrs. Tucker:

The members of the Milton Planning Board wish you to know how much they miss your late husband. As a friend of many years' standing we knew him intimately, and had long admired his fine public spirit and unusual services to the Milton he loved so well.

He was elected to the Planning Board when it started in 1923, and served until his death on the fourth of last May.

His distinguished and varied experience in town affairs made him a valuable member, and his interest was always alive.

When in conference with state commissioners, or County Commissioners, or representatives of other towns; he spoke with authority, and his influence was important.

We treasure his memory, and shall try to profit by his example.

Sincerely yours,

s/James S. Russell,
s/David A. Heffernan
s/Jesse B. Baxter,
s/Fred N. Russell,

Planning Board of Milton.

The Selectmen and surviving members of our Board, acting jointly, unanimously elected Edward G. Lowry, Jr. to fill the vacancy caused by Mr. Tucker's death.

Respectfully submitted,

JAMES S. RUSSELL,
DAVID A. HEFFERNAN,
JESSE B. BAXTER,
FRED N. RUSSELL,
EDMUND G. LOWRY, JR.

Planning Board of Milton.

REPORT OF THE TRUSTEES OF THE MILTON PUBLIC LIBRARY

January 12, 1931.

To the Citizens of the Town of Milton:

Read the Librarian's report is our first advice to those who would know what the Library has accomplished in 1930 and her report sets forth interesting statistics of its sixty years of being. It is not necessary to repeat them in this report by the Trustees, but the year's circulation of 148,562 is fully worth emphasizing, and also the fact that this is an average of 9½ books for each inhabitant of the town. It must be restated too that this takes no account of the books used but not taken out at the Library or its branches.

The demand for the school children shows need of more money for duplicate books, a need naturally following on the heels of the increased circulation.

In November 1929 the new branch building at Mattapan was opened to the public. It is of considerable interest that there has been returned to the town treasury a balance of \$2,697.94 after all the needs of the undertaking had been met. The income of the Oakland Hall Fund paid for the books added. Of greater interest in the estimation of the Trustees is the increase in circulation of books from that branch, 7509 over the previous year, and the use of the reading room for study and reference work. In the old quarters the congestion made study impossible even had it been possible to house the necessary books. We must congratulate Miss Hills, the assistant at Mattapan on her success.

The Trustees feel that East Milton is entitled to similar improvement. Land is now owned by the town, running through from Edge Hill Road to Hollis Street, which waits only for a vote with appropriation for a library branch. An appropriation of \$40,000, the same sum appropriated in March 1929 for Mattapan, would enable the Trustees to erect and equip a building adequate for present needs, and further, the Department would thus be rounded out to a system which would provide for all normal growth for many years to come with only running expenses to be cared for.

It would seem that the present is a good time to get a contract for such a building. The question is put before the Town Meeting by citizens who are not on the Library Board and it remains to be seen what action will be taken by the Town Meeting members in March.

Russell Reading Room serves a small settlement but serves it well.

House to house delivery grows and is economical. It can not be expected to furnish the reference books supplied in the closely settled communities like Mattapan and East Milton and the Centre.

Trouble with the boiler installed only this summer is to be regretted, but fortunately the Library suffered only a scare. The boiler is to be made good without further expense by the contractor.

By the death of Arthur H. Tucker the Library has lost a wise and devoted Trustee always ready to help and notably valuable in his knowledge as a builder. Elected in 1902, he served on the committee to build the main Library and in all emergencies requiring his special knowledge.

Mr. Tucker's interests were broad and a long cherished hope of his was that the Town print its old Records. This, by a vote of the Town, was done by a Committee of which Mr. Tucker was Chairman, and copies are on sale at the Library and its Branches.

The Board, meeting jointly with the Selectmen to fill the vacancy, chose Roger Wolcott to serve until the March meeting of 1931.

The Librarian attended the conference of the American Library Association at Los Angeles largely at her own expense.

Respectfully submitted,

NATHANIEL T. KIDDER, *Chairman*,
FRANK E. LANE, *Treasurer*,
STANLEY CUNNINGHAM, *Secretary*,
VINCENT LEROY BENNETT,

FREDERIC M. STONE,
ROGER WOLCOTT,

Trustees of the Milton Public Library.

REPORT OF LIBRARIAN

January 12, 1931.

To the Trustees of the Milton Public Library:

GENTLEMEN:

I have the honor to submit my report for the year ending December 31, 1930:

This is an anniversary year for the library. Sixty years ago, in March 1870, the town voted "to appropriate the sum of \$3000 for a public library, to be paid to trustees when a like amount had been raised by subscription or donation and secured to the satisfaction of the selectmen." As a result of this vote and through the efforts of generous citizens who subscribed to the fund, the first public library in Milton was opened in Milton Village on February 23, 1871.

Some of our townspeople can remember those pioneer days when we were housed in one room in a dwelling house on Wharf Street. Many can remember when we moved, in 1881 to what the trustees then considered the spacious quarters in Associates Building and most of us recall the proud day in 1904 when we dedicated the present building.

Our predecessors did not always realize the importance of keeping records of statistics, so we occasionally have meagre data of those early years. We know that at the end of the first year, 15,500 volumes were circulated, but the following year we read that "the trustees are unable to state the precise number of books taken out during the second year which is now just ended, but it is considerably larger." However, they were much concerned with the type of book read and in 1875 we learn that "the readers are as numerous as ever and the reading seems to be equally solid and select."

In 1876, which was the year of the founding of the American Library Association, we learn that these far seeing men of the first Board of Trustees were already sensing what was to become in the near future one of the essential features of library work, i.e.: work with children, for their report reads, "A special effort was made this year to increase the number of books for the young, with the hope of interesting a larger number of our youngest readers."

In view of this glance into the past it may be interesting to see the comparative figures of growth during sixty years.

	1872	1880	1890	1900	1910	1920	1930
Circulation	15,550		15,165	31,367	61,919	85,632	148,562
Vols. in Library		8,636	10,349	12,561	24,064	32,319	43,001
No. of borrowers	790	1,860	597	1,475	3,117	4,442	8,230
Town Appropriation	\$1,200	\$1,342	\$1,848	\$3,800	\$9,900	\$12,405	\$22,500
Fines collected	\$69.38	\$46.00	\$51.00	\$50.00	\$403.78	\$684.04	\$1,132.91

So much for the past. During the last ten years we have heard much of the harmful influence upon our reading habits of the automobile, the moving pictures and the radio. In spite of these adjuncts to our modern civilization, the people of Milton borrowed from the library and its branches, 148,562 volumes, which is an average of nine and one-half books for each inhabitant in the town, and a gain over last year of 12,112.

We are not prepared to say whether the kind of books read would measure up to the standards of that Board of 1875 who judged those then taken out to be "solid and select." We do know that almost one third of the books issued were non-fiction and that Biography led, with travel second and literature a close third.

It has been a particularly busy year at the central library for naturally as the circulation increases, the amount of routine work grows proportionately. We have

answered or attempted to answer a wide variety of reference questions. A few asked at the desk have been:

- What is the legend about the painting of the Madonna of the Chair?
- What is the Russian word for "dead"?
- What is the horticultural name for begonia?
- Why is Indian Summer so called?
- Some poetry to recite "because my Uncle is engaged."
- What is the name of the Army Post at San Antonio, Texas?
- What is the origin of the Wedding Ring?
- On what date did Easter come in 1884?
- Who wrote the poem "The face on the bar-room floor"?

The gain in circulation in the Children's Room has been 1219. The Children's Room is the drawing point for all agencies in our system and after schools and deposits are selected each month it leaves a scant choice of titles for the children who are the regular visitors to the Central Library. We, therefore, need more money for books in this department, not for new titles, but for replacing and duplicating the standards and old favorites.

The mounted picture collection has been increased by six hundred new pictures. There is a steady demand from the schools for this material and 2,864 have been issued in addition to 12,894 books circulated from class room libraries.

A valuable addition to our illustrative material is the Harriet Whittier Post Card Collection. Last spring Miss Whittier gave us approximately 1450 foreign post cards with boxes to file them in. They have been in constant circulation.

As a part of our participation in Good Book Week we issued a special bulletin of children's books, and most of the titles were on display in the children's room. During this week the children were asked to vote for their favorite book and "Tom Sawyer" proved to be first choice of both boys and girls.

When the last report was read Mattapan Branch had been housed less than two months in the new building. As had been anticipated, its first full year has been a busy and a very useful one. Thirty-eight thousand six hundred eighty-three books have been issued, 24,336 from the adult collection and 14,347 from the juvenile, with a total gain of 7,509 over 1929. Cards have been given to 304 people which is almost fifty per cent of our total registration of new borrowers.

The younger children flock in after school and in the evenings the tables are filled with High School boys and girls doing reference work.

Miss Hills has reason to be proud of this first very successful year in her new branch.

We are glad to report that the lecture room has already proved its usefulness and several small meetings have been held there.

It was a great disappointment that money was not appropriated in March for a new Branch Library building in East Milton. Although Mr. Kidder's generous gift of land for this purpose was accepted, by the town, the money to build was not appropriated. Consequently we are still struggling along in the cramped quarters that we have occupied for thirty-five years. There is no reason why East Milton should not circulate as many books as does the Mattapan Branch given an equal opportunity for service. As the figures now stand, the circulation for this Branch in 1930 was 28,662, almost an even ten thousand less than the number issued at Mattapan.

Our third and smallest Branch, Russell Reading Room, circulated 3,815 books. This Branch is used by practically every one in the neighborhood and since the population there varies almost not at all from year to year, the work necessarily varies little.

The delivery wagon continues to be a valuable asset to our service. During the year 14,067 were delivered through the House to House Delivery service and of this number 11,936 were issued directly from the truck.

During the summer a new boiler was installed. On November 20 a crack in one of the drums necessitated closing down the heating plant for two days but owing to the unusually warm weather and the fine spirit of the staff who were willing to keep at work under most unfavorable conditions, we did not have to close the library.

There has been one resignation. In June Miss Mary P. Lane left to attend Simmons College Library School. Mrs. Grace M. Simpson, who had been a former member of the staff, was appointed to take Miss Lane's place.

For several years the Milton Garden Club has furnished us with flowers during the summer months. We are greatly indebted to them and particularly to Mrs. Frank M. Eshleman, who had charge of the work last summer and whose efforts were so much appreciated by all who came to the Library.

Once again the library has met with a great loss in the death of Arthur Holmes Tucker. For twenty-eight consecutive years Mr. Tucker served on the board and during that time was a member of many committees. As a staff we turned to him as a matter of course whenever a local history problem had to be solved. We shall miss his patient and kindly help.

The members of the staff have attended meetings of the Massachusetts Library Club and have taken University Extension Courses and courses offered by the Massachusetts Division of Public Libraries.

The trustees allowed the librarian time to attend the annual Conference of the American Library Association at Los Angeles in June. For this and for constant cooperation she extends a grateful acknowledgment.

Respectfully submitted,

CARRIE S. ALLEN,

Librarian.

APPENDIX I

Art Room Exhibits .

Oil paintings by Charles W. Hudson; water colors by M. Donald Plummer and Stephen Yacobowski; Brulé prints by John W. Robinson; work of Milton Artists; Tercentenary Exhibit, arranged by Milton Historical Society; paintings and pastel portraits by Sonia Mazer; water colors by Russell Goodwin; oil, water colors and block prints by William B. Hazelton; Paintings by Mrs. John V. Apthorp.

Treasurer, Milton Public Library.

REPORT OF THE SEWER COMMISSIONERS

January 1, 1931.

The Board of Sewer Commissioners makes the following report of operations of the Sewer Department during the year ending December 31, 1930.

General

Population by the census of 1930	16,397
Estimated length of streets of the town (miles)	83.15
Percentage of length provided with sewers*	34.4
Method of disposal	Metropolitan system

Collection Mains

	For Sewage	For Sewage and Surface Water.
Linear feet of pipe (measured)	157,135.0	700. (storm overflow)
Linear feet extended during the year:		
By town	7,903.8	
By private parties	2,444.8	
Number of manholes	765	
Number of inverted siphons	1	
Number of storm overflows	1	
Number of emergency overflows	1	
Number of automatic pumping stations	1	
Linear feet of force-main (12")	960.6	
Number of gate chambers on force-main	1	

House Connections

Number made during the year	133
Number of stoppages coming to the notice of the department	19

Discharge of Sewers

Estimated population using the sewer system	12,030
Number of buildings connected	2,311

Financial

Total cost of collection mains to December 31, 1930 (including the East Milton sewer and drain through Babcock Park District)	\$557,637.88
Bonded debt at date (including East Milton sewer and drain bonds)	\$161,000.00
Average rate of interest on bonds	4.087%

For details of sewer construction and maintenance accounts, reference is made to the Financial Report compiled by the Town Accountant, as shown elsewhere.

The sewer extensions made during the year were as follows:

By the town: Adams Street, Reservation Road to Otis Street, 452.6 feet; Blue Hills Parkway, (East side), Parkway Crescent to Parkway Crescent, 410.2 feet; Cedar Terrace Street, 280.0 feet; Edge Hill Road, from Collicot School lot to Lawrence Road, 696.7 feet; Elton Road, 293.6 feet; Fullers Lane, 322.6 feet; Governors Road, from

Rowe Street to Edge Hill Road, 201.5 feet; Granite Avenue, from Squantum Street, northerly, 456.0 feet; Howe Street, from trunk sewer to Wood Street, 599.3 feet; Lawrence Road, from Edge Hill Road to Elton Road, 312.9 feet; Libby Road, 165.5 feet; Parkway Crescent, 67.0 feet; Squantum Street, from Augusta Road to Cedar Terrace Street, 1642.7 feet; Wood Street, 1028.2 feet; Blue Hill Terrace Street, from Crown Street to Mulberry Road, 776.0 feet; Brook Road, from Pleasant Street to Hillcrest Road, 199.0 feet.

By private parties: Augusta Road, 332.5 feet; Hurlcroft Road, 879.8 feet; Taff Road, 313.1 feet; Pillon Road, 919.4 feet.

J. W. ROLLINS, *Chairman,*
FRED Y. MARSHALL,
STANLEY CUNNINGHAM,
Board of Sewer Commissioners.

REPORT OF SEALER OF WEIGHTS AND MEASURES

Milton, Mass., January 14, 1931.

Honorable Board of Selectmen:

GENTLEMEN: I herewith submit my report as Sealer of Weights and Measures for the year 1930:

Number of scales sealed	975
Number of scales condemned	5
Number of scales adjusted	20
Number of inspections	200
Number of reweighings	190

Respectfully submitted,

JAMES SANGSTER,
Sealer of Weights and Measures.

REPORT OF THE HIGHWAY DEPARTMENT

Milton, Mass., January 9, 1931.

To the Honorable Board of Selectmen:

GENTLEMEN: I submit herewith my second annual report as Superintendent of Streets.

"Service" has been the slogan of the department and the workmen have co-operated splendidly.

Highway Construction

The public streets resurfaced this year are as follows:

Street	From	To	Length	Width	Sq. Yds.
Brook Road	100' east from Blue Hill Ave.	325' east of Blue Hill Ave.	225	24.5	613
Brook Road	At Randolph Ave.		206	25.0—44.0	888
Brook Hill Road	Eliot Street	West Side Road	735	25.5	2,082
Canton Avenue	Robbins Street	Atherton Street	3,150	25.3	8,890
Centre Street	Reedsdale Road	Sias Lane	665	25.6	1,942
Edge Hill Road	Adams Street	Boulevard Street	400	15.5—23.0	1,010
Grafton Avenue	100' north of Alden Road	Alden Rdad	286.5	17.5—37.5	614
High Street	Eliot Street	Canton Avenue	500.0	17.0	944
Hinckley Road	Fairfax Road	Ridge Road	691	24.0	1,843
Oak Street	Blue Hill Avenue	Brook Road	410	18.0	820
Thacher Street	50' south of Central Avenue	293' south of Central Avenue	243.5	21.0	568
Washington Street	Johnson Street	Town Line	123.0	25.0	342
			7,635. ft.		20,556
			1.4 miles		sq. yds

Following our program of last year we are continuing to repair or resurface the business sections and most traveled highways.

The business area at Central Avenue and Eliot Street was beyond repair and was resurfaced with a vulcanized sheet asphalt pavement by Simpson Brothers Corporation. From Milton Police records it has been shown that there is less skidding on roads of this type than any other type of road in Milton.

A small area on Adams Street at Squantum Street was covered with a sheet asphalt, called Macaspahlt. This is a new product, less expensive than the type of sheet asphalt formerly used. I am not ready to report on the results until it has been in service for at least a year.

Canton Avenue

Canton Avenue has been resurfaced with asphalt macadam, from Robbins Street to Atherton Street, a length of three thousand one hundred forty-nine feet (3,149') with a uniform width of twenty-five and three-tenths feet (25.3') and should give many years of service. The Boston Consolidated Gas Company decided to extend their main before this resurfacing job was done, and thus co-operating, helped to reduce the cost of this work.

Centre Street

The part of Centre Street between Reedsdale Road and Sias Lane was in such poor condition that a new surface was required.

Brook Hill Road

A certain portion of Brook Hill Road was given a new surface last year. The remaining seven hundred thirty-five (735) linear feet has been laid this year, thus completing the construction on this street.

High Street

For a number of years High Street has been a source of trouble. Most of the storm water was carried on the surface to catchbasins located on the lower end of the street. The old surface was so shaped that the water ran across the road in places and down the center of the street in others. Conditions were remedied by cutting down the gutters, shaping and rolling the center to form a crown, and covering this with four inches of broken stone penetrated with asphalt. This street should now give good service for many years.

Hinckley Road

Hinckley Road, from Fairfax Road to Ridge Road, was resurfaced with asphalt macadam. Town labor was used on this construction and the expense was met by the Boston Consolidated Gas Company as payment for the installation of a gas main through this territory.

Oak Street

Oak Street was resurfaced from Brook Road to Blue Hill Avenue after the trunk line drain had been installed.

Town Farm Lane

Town Farm Lane was shaped with a road scraper, rolled and a coating of sixty-five (65) per cent asphaltic oil was then applied. When another coat of road oil is applied on this lane next summer it will be in good condition for several years.

Betterment Streets

In response to petitions by the abutters, fifteen (15) Betterment Streets were constructed by the town. Surface drains were laid in these streets and the necessary catchbasins and manholes were installed.

1930 Betterment Streets

The streets constructed under the Betterment Act this year are as follows:

Name	From	To	Length Ft.	Width Ft.
Avalon Road	Eliot Street	Lancaster Lane	880	40
Cedar Terrace Street	Squantum Street	Hope Avenue	900	40
Churchill Street	Blue Hill Avenue	Blue Hills Parkway	915	30
Elton Road	Fullers Lane	Lawrence Road	415	40
Garden Street	Edge Hill Road	Warner Road	910	40
Governors Road	Edge Hill Road	Warner Road	930	40
Governors Road	Brook Road	Edge Hill Road	783	40
Hazel Street	Pleasant Street	Private Land	570	40
Howard Street	Washington Street	Private Land	297	30
Lawrence Road	Pleasant Street	Elton Road	270	40
Meredith Circle	Reedsdale Road	Reedsdale Road	1,362	46
Verndale Road	Blue Hills Parkway	Lothrop Avenue	358	40
Virginia Street	Hawthorn Road	Fairfax Road	293	40
Westbourne Street	Otis Street	Private Land	284	40
Wood Street	Granite Avenue	Private Land	1,160	40
				10,327

Garden Street, Governors Road from Edge Hill Road to Warner Road, Governors Road from Brook Road to Edge Hill Road, Meredith Circle and Wood Street were awarded to Octavius Menici, the lowest bidder. Cedar Terrace Street was awarded to E. C. Sargent, the lowest bidder. The other streets were constructed by the Town. All of these streets have been completed and a detailed report of the amount expended has been submitted to the Engineering Department in order that assessments may be made to the abutters.

Alteration of Adams Street and Edge Hill Road

This work was done very late in the fall and as no difficulties were encountered, it was completed before the ground froze. The granolithic walks were built by town labor, and the concrete used was furnished by a company which supplies the transit mixed concrete.

Road Oiling

Less money was spent for oiling because the heavier grades of oil were used last year and many of the streets required no oil this year. Nearly all the oil used this year was eighty-five (85) per cent asphaltic. This was covered with stone chips and rolled in with a road roller. The Brush Hill section for a distance of about three miles was oiled by town labor. This expense was met by the Boston Consolidated Gas Company who had broken the surface the preceding year for the purpose of laying gas mains.

Granolithic Sidewalks

All sidewalks laid this year were done by contract, and the cost to the Town was twenty-six cents (.26) per square foot.

Sidewalks Built During 1930

Location	Length	Sq. Ft. of 4"	Sq. Ft. of 6"
Adams Street from Hollis Street to Edge Hill Road	181.0	1,436	
Andrews Road on the southerly side . . .	206.0	692	238.0
Central Avenue at Eliot Street . . .	159.0	795	
Edge Hill Road from Adams Street to a point opposite Grafton Avenue . . .	393.0	2,820	
Garden Street at Edge Hill Road . . .	76.0	499.0	
Governors Road at Edge Hill Road . . .	255.0	1,252	141.0
Grafton Avenue . . .	69.0	234	79.0
Thacher Street west side from Pine Tree Brook to Blue Hills Parkway . . .	2,268	10,289	3,063
Warren Avenue at Dyer Avenue and from Dyer Avenue to Thacher Street . . .	378	1,114	395
Washington Street at Town Line . . .	58	196	88
Wood Street at Granite Avenue . . .	82	585	
	4,125.0	19,912.0	4,004.0

Drainage

We have installed more drainage this year than has ever been done in a single year before. It has been laid to line and grade, and the required number of catchbasins and manholes installed. The greater part of this work has been by Town labor.

In the early spring flood conditions on Reedsdale Road near Meredith Circle were such that something had to be done at once. The culvert crossing was found to be obstructed, and when excavated, it was found absolutely blocked by the grading of the land on the lower end. This condition was remedied by extending the culvert one hundred feet (100') across the adjoining lot.

The drainage on all the public streets of the Thacher Street district, in the Mattapan section, is complete. Five thousand, three hundred and fifty dollars (\$5,350.00) had been voted which should have completed only two of these streets. To create work for the unemployed it was decided to proceed with the drainage planned for Warren Avenue, Dyer Avenue, Houston Avenue and Kahler Avenue. Through the efforts of the Unemployment Committee, two thousand dollars (\$2,000.00) was transferred from the Reserve Fund to the Drainage Account, and a foreman and sixteen laborers were occupied on this work to December 31. When the streets in this vicinity are properly graded the water nuisance will be entirely eliminated, and because of proper drainage, the streets will last much longer.

Bridges

Granite Avenue: It has been necessary to make frequent and extensive repairs on this bridge during the last two years. Had those repairs been delayed the bridge would have been closed to traffic. This year the motors have been taken out, re-wound, and the old fender piers were rebuilt. The expense of this work is divided equally between the City of Boston and the Town of Milton.

Adams Street: This bridge was originally an old, narrow, stone arch bridge and was widened by adding steel and wood structures to the sides as traffic increased. Several years ago the upstream side was remodeled and encased in concrete. The down-stream side is now badly in need of repairs. At present the span-girders and cross members

are of iron, now badly rusted, which supports a wooden decking and sidewalk. The street portion is covered about twelve inches deep with broken stone, on which is built the roadway. I recommend the removal of all the upper structure. All the iron work should be encased in reinforced concrete and the decking should be replaced by a concrete slab. I am asking for an appropriation for this work.

Ice and Snow

This year we have had no unusual snow storms. Snow removal has been light, but we have had to do a great deal of sanding because of the icy condition of the roads and sidewalks.

Town Yard and Equipment

Improvements made at the Town Yard have helped to care for things in a more efficient and economical manner.

The new roller has been in constant use up to the time the ground froze.

I have spent seven hundred thirty-one dollars and six cents (\$731.06) for the rent of compressors, three thousand seven hundred eighty three dollars and fifty-three cents (\$3,783.53) for rent of an excavator and two thousand eight hundred eighty-three dollars and twenty-four cents (\$2,883.24) for truck hire this year. I am therefore asking for two five ton trucks, a power shovel, and a compressor. The total cost of this equipment would be about three and one half times as much as the expense of renting for one year but the machines, with care, will last from seven to ten years which will eventually mean a saving to the town. With proper equipment, more town labor can be employed and less work given to contractors.

An effort is made to investigate every request immediately and if it is work required of this department, it is done promptly and cheerfully. It is the desire of this department to cooperate with the citizens of Milton.

On recommendation of the Town Accountant a new system of bookkeeping, corresponding with the State System, has been installed in this office.

Details of the financial statement will be found in the report of the Town Accountant.

In conclusion, I wish to extend my sincere thanks to the Selectmen and other departments of the town for their cooperation.

Respectfully submitted,

FORREST J. MAYNARD,
Superintendent of Streets.

REPORT OF BOARD OF WATER COMMISSIONERS

Milton, Mass., January 13, 1931.

To the Citizens of the Town of Milton:

The Board of Water Commissioners presents herewith its Annual Report for 1930:

Operations

Operating Receipts	\$118,015 68	
Operating Expenses (not including property retirement)	66,673 11	
Net Operating Revenue	<hr/> <td>\$51,342 57</td>	\$51,342 57
Interest	\$13,990 01	
Bond Retirement	25,000 00	
Total Fixed Charges	<hr/> <td>\$38,990 01</td>	\$38,990 01
Balance for property retirement and new construction	\$12,352 56*	

*The law under which the Department operates requires that the Commissioners shall fix water rates annually which shall be sufficient to cover cost of water, cost of operating, interest, and retirement of loans and bonds, and to pay for new construction of \$10,000 each year.

The Department's receipts increased slightly over those for 1929.

The cost of water purchased increased substantially. This increase was caused by the Metropolitan District Commission's supply extension projects and is a condition confronting all cities and towns in the Metropolitan area for some years to come.

Operating and Maintenance Expenses, other than cost of water, increased slightly, due largely to relocation of mains because of changes in street grades.

Conditions in 1902 (the year the Department was established) and during 1929 and 1930 are presented in the following table:

	No. of Fire Hydrants in Use	No. of Meters in Service	Miles of Mains in Use	Population April 1, by Assessors
1902	266	1000	35	7,100
1929	578	3670	74	15,503
1930	591	3814	76	16,220

The Department regularly employs eighteen persons and continues to be operated efficiently.

Financing

The Department has financed its main installations for 1930 by borrowing \$40,000.00 on a note which will be refunded by bonds. While the Department was authorized to spend \$75,000.00 on 1930 for this purpose, the slowing up of new building in the town made it unnecessary to spend more than \$40,000.00.

Water Bonds

The Legislature has recently required that our Water Department Bonds be issued for fifteen years instead of thirty years as formerly.

The increase in the Metropolitan Water rates, and the necessity for retiring double the amount of bonds issued in 1930 and each year thereafter under the law mentioned above, makes it probable that the Commissioners must increase the income of the Department for 1931 or the Town must take care of a deficit not later than 1932.

During the last few years the Town has voted authority to the Commissioners to issue bonds to the amount of \$500,000.00. The Commissioners have in fact issued bonds and one note to the value of only \$415,000.00 leaving a balance of \$85,000.00 authorized but not issued.

For simplicity, the Commissioners recommend that the authorization of these \$85,000 of unissued bonds be rescinded and that a new authorization be given to issue bonds to the value of \$100,000.00.

It is estimated that the money secured from this issue will be adequate to finance essential extensions and improvements.

Articles covering the issuance of these bonds, and for the operation of the Department in 1931, have been inserted in the Town Warrant.

Respectfully submitted,

EDWARD L. HURD,
EDWARD E. FORD
WILLIAM J. McCLUSKEY,

Board of Water Commissioners.

FUNDS HELD BY THE TOWN

Perpetual Care Fund

Amount held December 31, 1930 \$88,229 50
This fund is held by the Town Treasurer in accordance with Chapter 82, Sections 15-18, of the Public Statutes.

Jason Reed Fund

Amount held December 31, 1930 \$2,626 67
The interest on this at the rate of 4½ per cent per annum is paid over to the Trustees of the Cemetery.

E. T. L. Reed Public Park Fund

Amount held December 31, 1930 \$6,488 70

Extract from the Will of Elizabeth T. L. Reed

"All the rest, residue and remainder of all the moneys remaining in the hands of said Executor or Administrator, I direct shall be divided into three equal parts.

"The second of said parts shall be paid to and deposited with the Treasurer for the time being of said Town of Milton, the same to be received, held and invested by said town as a fund to be known as the "Jason Reed Fund," and the income thereof shall be applied to the preservation, care, improvement, or embellishment of the said Milton Cemetery.

"And the third of said parts shall be paid to said Town of Milton and the same shall be applied by the proper legal authorities to or towards laying out, improvement or ornamentation of a Public Park or Parks in said town, in such manner as said authorities may deem advisable.

"I make the foregoing bequests in favor of First Parish, the Cemetery and the Parks in said Milton, both on account of the deep interest taken by my father, the late Jason Reed, deceased, in the affairs of said town, and of my own profound desire for the welfare of said town and of the citizens thereof."

Mary L. Peabody Fund

Amount held December 31, 1930 \$5,177 50

The clause under which this bequest is given as follows: "To the Selectmen of the Town of Milton, Massachusetts, \$5,000, to be invested and the income thereof to be distributed annually to the poor at Christmas."

REPORT
OF THE
SCHOOL COMMITTEE
AND THE
Fifty-first Annual Report
OF THE
SUPERINTENDENT OF SCHOOLS

REPORT OF THE SCHOOL COMMITTEE

To the Citizens of the Town of Milton:

The School Committee submits herewith as its main report the report of the Superintendent of Schools, to which it invites your careful attention.

The Committee acknowledges with pleasure the receipt of the following gifts to the several schools as indicated:

High School:

Picture—Court Scene, King Lear—Class of 1930

Picture—Landing of the Mayflower—Class of 1930

Picture—Suffolk Resolves House—Lieutenant Edwin Fairbanks

Bits of Milton History by Arthur Stanwood Pier—Milton Historical Society

Belcher School

Bulbs—Milton Garden Club

Fish Aquarium—Milton Garden Club

Bits of Milton History by Arthur Stanwood Pier—Milton Historical Society

\$50—Belcher-Collicot Association

American Flag—Mrs. James Park

Original U. S. Flag—Frank B. Young

Collicot School

Bulbs—Milton Garden Club

Bits of Milton History by Arthur Stanwood Pier—Milton Historical Society

\$50—Belcher-Collicot Association

Glover School

Bulbs—Milton Garden Club

Bits of Milton History by Arthur Stanwood Pier—Milton Historical Society

Tucker School

Bulbs—Milton Garden Club

Bits of Milton History by Arthur Stanwood Pier—Milton Historical Society

Christmas tree and decorations—Tucker School Association

Cleaning of school statuary—Tucker School Association

Vose School

Bulbs—Milton Garden Club

Bits of Milton History by Arthur Stanwood Pier—Milton Historical Society

French Steel Engraving—"Cornelia and Her Jewels"—Mrs. Josiah H. Vose

After careful consideration of the estimated cost of maintaining the schools during the year 1931, your Committee recommends the appropriation of \$322,000. (Mary Miley dissenting.)

Respectfully submitted,

GEORGE F. MOULTON, *Chairman*,
ARTHUR W. VOSE, *Secretary*,
HARRIET WHITTIER,
MARY MILEY
JAMES G. RUSSELL,
HAROLD B. GARLAND,

School Committee.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Committee:

I present for your consideration my annual report for the year 1930. No attempt is made in this report to discuss the full scope of public school education in Milton. Many of the details are brought before you from time to time in the regular meetings. An attempt is made, rather, to set forth some of the more important phases of the educational work going on in the schools during the past year. I call your attention to the special reports, included in this, from those directly in charge of the several branches of health education. The usual tabulated statistics are included in the appendix.

Pupil Ability and School Progress

Equality of opportunity for all children in the public schools is a principle of education accepted universally. Just what is equality of opportunity is not so widely understood.

The common relationships of life among children as among their parents reveal conclusively that all are not created equal in respect to their capacity for growth. Since this is true, the same opportunity for all pupils in school may be equality of opportunity for none. To scale the horizontal bar on the athletic field at a height of four and a half feet in the running high jump may require training and the limit of effort for most high school boys, but it is too high for some with any amount of training, while it offers no challenge to a boy who can jump five feet. The same is true in other activities which depend upon mental capacity. The single standard of achievement established for the large group of pupils of medium ability in any grade in school is beyond the ability of some and offers little opportunity for development to those of greater capacity for achievement.

The requirement that all children in a grade shall pass the same standard in all studies and school activities operates as a leveling tendency that may overwork and discourage a child of limited mental capacity, and deprive the child with a brilliant mind of incentive for full development. It is true that in some cases it may work to the advantage of the slow pupil, if he is not discouraged to the point of accepting himself as a failure. Under constant pressure to keep up with his class he may develop habits of industry that are of greater value to him than are some of the studies with which he struggles. When he leaves school and enters a field of activity in which he is judged by what he can do through reliable persistent effort, he may achieve success beyond what might be expected when judged according to his school marks in scholarship. By the same measure it may work to the disadvantage of the pupil of superior mental capacity. He is under no pressure to use his full mental powers since he can accomplish the general standard of achievement with little effort. When he enters the field of activity in which book knowledge is not of first importance, he may find that his greater mental powers were not developed at the natural period in school. His later achievement may be considerably less than what it might have been, if the standard required of him had been set according to his ability. The result is a general level of accomplishment. This leveling tendency results in great waste of brain power, the most valuable natural resource of the community.

There has been encouraging progress in our schools in the direction of making the

educational growth of children of greatest importance, rather than the artificial lines of school organization or the mastery of information from books. Opportunity groups have been provided for in several of the elementary schools. Their purpose is to provide a way for pupils with ability above the average to progress at a rate better suited to their needs, unrestricted by grade lines and standards. An attempt is made constantly to provide the proper motivation to bring pupils of high mental ability up to a corresponding level of achievement. The attitude of these pupils toward their school work and the amount and quality of accomplishment indicate that they are profiting by the opportunity given them.

An obstacle which has long stood in the way of individual pupil progress is the common desire to reduce all school learning to final terms that apply to all pupils, and measure those terms by the same mathematical standards. The final terms have generally been the amount of information a pupil may give back when tested on the contents of books, and the measure has been that part of one hundred that shows his approach to perfection.

School failure as indicated by such marks has been accepted too readily as actual failure of the child, rather than of those responsible for his education. The price which a pupil pays for failure of this kind is generally a feeling of incompetency instead of confidence in his own ability, discouragement in the place of interest in school work, and a sense of inferiority instead of eagerness for doing things worth while.

Those who receive marks above what is required for promotion have no need to use their greater mental powers which are allowed to remain undeveloped.

Our teachers have been sensitive to the need for keeping each pupil actively learning near the limit of his capacity without his paying the price of failure. Acting upon the suggestion of the Superintendent a committee of elementary school principals studied the problem over several months and prepared a form of report to parents of the pupil's progress in school which was based upon his achievement in relation to his own ability rather than in relation to a single standard of achievement for all pupils. The report includes not only accomplishment in scholarship but a wider range of school activities which are quite as important from the standpoint of a child's growth.

The report has been received very favorably by the many parents because of its purpose and the greater amount of information it brings to them several times during the school year. While it requires more of the teacher's time to prepare, it also insures careful thought on her part concerning a large part of the pupil's progress not touched upon by the former report card. It is bringing about a closer relationship among parents, teachers, and pupils in the elementary schools.

School Progress of Under-age Pupils

At the beginning of the school year in 1926 the rule relating to admission of children to kindergarten and to first grade was amended to provide that children mentally above the age requirement limit be admitted during the first month of the school year.

This provision was made to meet the constantly recurring problem of the few children who would be required to remain out of school for another year under the rules then in force, because they were a few days or weeks under the necessary chronological age.

A request sent to principals of the elementary schools in December, 1930, to indicate in which quarter of his class in academic work each pupil stands who was admitted under provision of the amended rule, has produced some interesting information relating to progress of these pupils as compared with that of all others in their respective classes. The information is based upon the judgment of the teacher in each room in

which the children in question are now attending. No objective tests have been used and no pretense is made that this is a scientific study of the matter.

During the five years in which the plan has been in operation, 303 children qualified for admission to kindergarten and first grade. Some have moved to other communities. Of the total number, 258 are now in our schools, distributed in kindergarten and the first four grades of the elementary schools and in the opportunity classes for rapid advancement and enriched courses.

In the highest quarter of their class there are 33 per cent of the whole number now in school; in the upper half there are 62 per cent; and in the lowest quarter there are 16 per cent.

It is significant that of those in the lowest quarter, 66 per cent have been in school less than four months. The difficulty of accurately ranking children who have attended kindergarten or first grade for such a short time on the one hand or of the children giving evidence of their real ability on the other, may be a possible explanation. Apparently the condition rights itself with longer school attendance, since only seven and a half per cent of those who have been in school a year or more are now in the lowest quarter. Factors such as illness and other conditions that might have kept individual pupils from school achievement commensurate with mental ability have not been investigated in relation to this study.

Investigations made elsewhere show that there is no greater tendency towards illness among under-age school children than among others.

These facts indicate that under-age children are successful to a degree somewhat above the average for their school grade, and that their ability to excel becomes more pronounced as they progress through the elementary grades.

It is reasonable to expect each one of these 258 children to finish school and begin life's work a year earlier because of the revision of the rule governing admission to school.

HISTORICAL PAGEANT

The outstanding event of observance in the public schools of the Tercentenary year was the historical pageant presented in Cunningham Park on the seventh of June. More than eleven hundred children with their teachers participated. Following is a brief report from the writer of the Pageant.

Mr. Horace F. Turner,
Superintendent of Schools,
Milton, Massachusetts.

My dear Mr. Turner:

In accordance with your request, I herewith submit a brief account of the Milton Pageant, given June the seventh, 1930.

Full credit for the inspiration of this Pageant should be given to Miss Bessie B. Allen, Principal of the Belcher School, and Mr. James G. Russell, President of the Belcher School Association.

The pupils of this school, under the very able leadership of their teachers, have given a gymnastic fete for a number of years. In considering a new subject for the usual annual Field Day, in January last, Miss Allen and Mr. Russell felt that one subject only was fitting for this, the Tercentenary year, that of some historical pageant connected with the Town of Milton.

It was so decided. On Miss Allen's invitation, I undertook to write a pageant suitable for presentation by elementary school pupils.

The theme chosen was the history of the Town of Milton. With this, then, as the main line of thought, certain events and influences were chosen as subjects for the episodes necessary to give proper historical sequence and make the Pageant a related whole.

Subjects to be portrayed in the episodes were the unrest of the Puritans in England; the life of the Indians, to be shown by camp life, games, and dances; the coming of Miles Standish and his Pilgrim comrades to what is now Milton,—the first white people here; his attempt to start a trading post here with the Indians; the beginning of schools; the coming of a Puritan minister, and this coming in contrast to a scene showing the luxurious manner of living of a Royal governor; an example of Colonial determination as opposed to Royal rule at the Hutchinson house; our great wars, fought for right and justice; dances of all the peoples who help to make this Town one of "Opportunity"; lastly, the gathering of all Pageant participants under one flag, our flag, to show that "wider patriotism which binds" all the people of our country together.

The events to be presented were grouped in nine episodes. The period of time was from 1620 to 1930.

Two things were kept constantly in mind in writing the Pageant; first,—to have it connect in every detail, historical or otherwise; second,—since many parts were to be taken by young children out-of-doors, sharp contrasts, color, motion, dances, and rhythmic games would have to be depended upon to produce the desired effect, rather than the spoken word or fine dramatic action. As a consequence many dances and games, true in every detail historically, were incorporated in the various episodes throughout the Pageant.

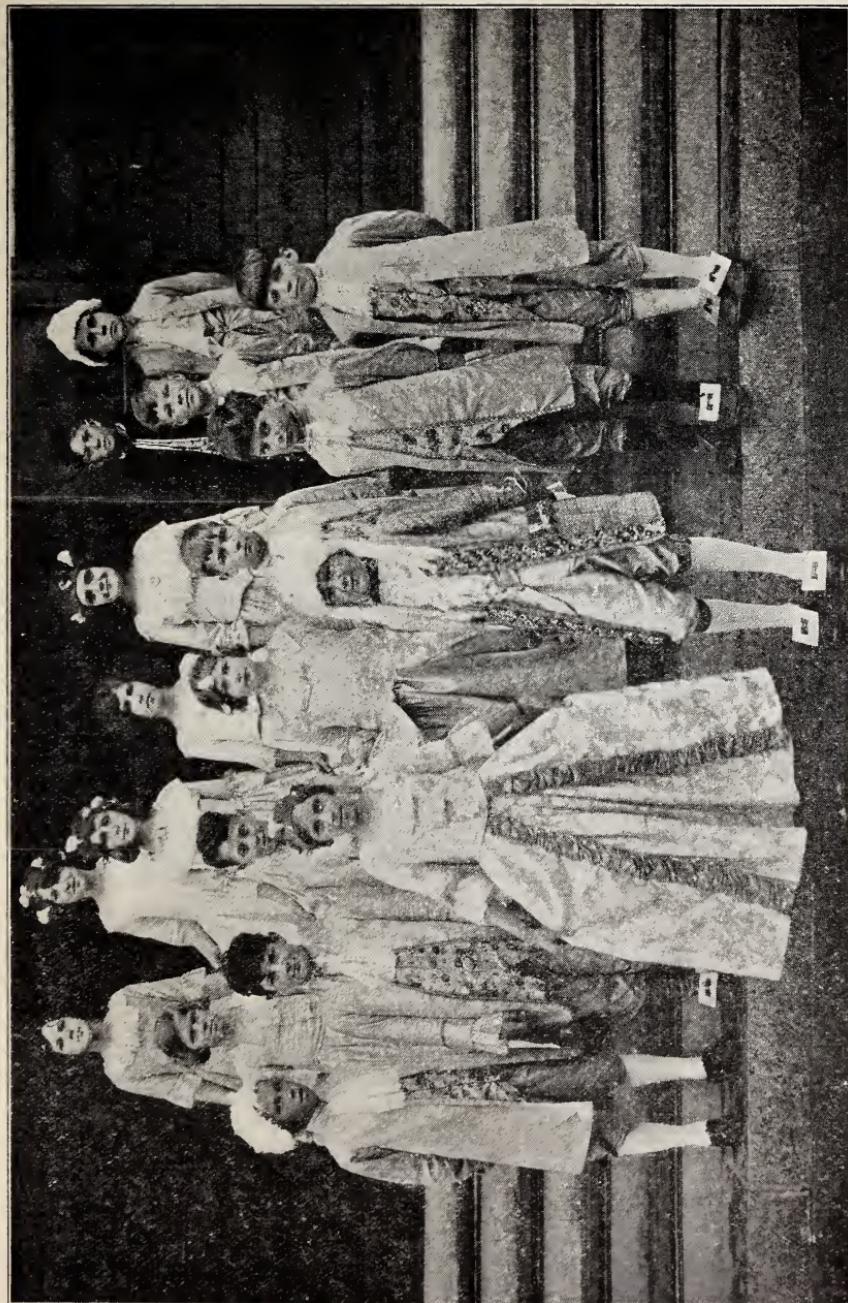

With these things in mind, the Pageant was produced as it is given on the Program.

The spot chosen for the presentation at "The Pool" at Cunningham Gymnasium grounds was beautiful and historic. The depth of scene, the atmospheric variations, the trees and grounds surrounding the immediate stage, with the delicate reflections in the water, made a scene of surpassing beauty not to be forgotten.

Yours truly,

GRACE WOODBURY.

January 19, 1931

Group of Belcher School Pupils in Costume for the Governor Belcher Episode

REPORT OF SCHOOL PHYSICIAN

My dear Mr. Turner:

In submitting my annual report I wish to express the feeling that a fine spirit of cooperation is being developed between the parents, the school nurse and the school physician. It has been extremely gratifying to see children return to their classes with remedial defects removed. Undoubtedly this has been reflected in better scholarship in the class room. I wish the parents to bear in mind that the report of the physical status of their children cannot be as complete as that of the family medical advisor, and that the final review should rest in his hands.

For the past two years a pre-school clinic has been conducted in May. At this clinic, held at different schools, pre-school children have been examined, and suggestions made as to physical defects and bad habits. In this connection I wish to emphasize the care of the feet. A large number of cases of flat feet have been observed. This condition should receive early corrective treatment to avoid the possibility of deformity.

A yearly physical examination is given to each child. It is in this work that the removal of remedial defects has been observed. While not wishing to over-stress tonsils and adenoids I desire to cite the case of a first-grader in one of the schools whose hearing was 75% impaired. Even though she was sitting in the front seat she could not hear the teacher. Her work was not of passing grade. On recommendation her tonsils and adenoids, badly diseased, were removed. Within one month's time this child's hearing tested normal, and she was enabled to do better work. In citing this case no attempt is made at the spectacular; I wish merely to show that a child cannot make the grade if he or she has the handicap of physical defects or bad habits. A constant check should be had on the child's health.

The fresh-air room at the Collicot school has proved of great benefit to the children. During the school year all of the children in attendance showed a marked gain. It was observed that on their return to school after vacation that many children showed some loss of weight. This was due to a more active play life with less supervision of rest periods. Rest, both mental and physical, plays an important part in the proper development of the undernourished child. Some children require a rest period both before and after meals; in some instances the afternoon nap or rest needs to be continued on days when there is no school. It is possible in most cases to bring the underweight child up to standard, but a tremendous amount of effort along nutritional lines is necessary to bring it about. This, of course, can only be accomplished in children whose remedial defects have been removed.

As in previous years, the Board of Health has immunized the children against diphtheria. Each year finds more and more parents wanting this treatment given to their children. All children should be protected against diphtheria; it may be had for the asking.

Daily visits are made to the schools to examine children who report minor defects. Cases suspicious of any contagious diseases are promptly excluded, and a minimum of communication to others thereby established. First aid treatment is given wherever necessary; more severe injuries are referred to the parents for treatment by the family physician.

In closing I wish to suggest that the yearly inventory of the child's health, as taken by the school physician, is not always enough. The family physician should be consulted at least once a year, and more often when the child shows any deviation from the normal.

Yours truly,

CHESTER L. GLENN, M. D.

School Physician.

January 5, 1931

REPORT OF SCHOOL NURSE

My dear Mr. Turner:

During the spring months of 1930 the Principals and classroom teachers in the elementary schools carried on a kind of Health contest, giving a tag to any child who could show improvement either in weight and general condition, necessary treatment of teeth or remedying of physical defects according to the needs of the case. These tags were sponsored by the Massachusetts Department of Public Health and presented in May. Four hundred and eighty Physically Fit tags were distributed which meant that those children showed a perfect health card. Their teeth were in good condition, their physical defects, if they had any, had been corrected and their weight was very nearly average. Three hundred and nineteen Teeth tags were given out which meant that the teeth of those children needed no treatment, but either their weight was faulty or they had some remediable defect which had not been corrected. Four hundred and seventy-five Improvement tags were given to those children who had made an effort to improve their health habits, but whose defects had received no treatment. We were gratified in going over the Health cards this fall after the annual dental examination to see a notable improvement in general in the care of the teeth. How much of this may have been due to the contest we cannot say, but we feel it is well worth conducting another year as there are still many children to reach. We hope this year the number of tags presented will be much larger.

In March and again this fall the State Clinic re-examined the children who are being followed in the ten year program. These children were all X-rayed and examination showed improvement in nearly every case. We feel that the local Tuberculosis clinic which has recently been established in Milton will prove an excellent help in checking up on some of these girls and boys through the year.

The summer round-up was held again in June and fifty-eight youngsters were examined preparatory to entering school Physically Fit in the fall. We are hoping to conduct this clinic in a little different manner in 1931 and urge all parents who have children entering school for the first time to make an effort to bring them. Of this group of fifty-eight children twenty were found to have some remediable defect, seven of which were corrected during the summer months.

The Fresh-Air room has been filled to capacity this year and the children attending it are living examples of what fresh air and rest will do for a child. The actual gain in pounds is not the only mark by which we measure improvement, but it is perhaps the most tangible evidence. It is interesting to note that every child in the room has made some gain in weight. The greatest gain made by any one child since September, a period of thirteen weeks, is eight and one-quarter pounds and the lowest gain is one and one-half pounds. The average gain per child for the past four months is four and one-half pounds.

This fall we examined the eyes of the Senior and Junior High School pupils and the ears of this same group with the audiometer. Out of approximately eleven hundred we found seventy-five pupils with defective eyesight either in one or both eyes. Many of these had already received attention. Thirty-five had defective hearing in one or both ears. Parents were notified of the findings. In the elementary schools the ears of the children from the third through the sixth grades were examined with the audiometer wherever it was possible. The ears of the smaller children and the eyes of all the children in the elementary grades were examined by the classroom teacher.

We are greatly indebted to the various committees of the Milton Woman's Club, the Social Service League, the East Milton Neighborhood Club, and other associations who have made possible much of our work, either through service or financial aid. Because of this assistance we have been able to save the teeth of one child who required treatment other than filling and who without it would have lost his teeth at the age of sixteen years. Also we have procured glasses for pupils whose academic work and physical health were suffering through faulty eyesight. Milk and some hot lunches are being furnished to our underweight children who need the extra nourishment but who through unfortunate circumstances are not able to pay for it, and clothing is being supplied in homes where it cannot be bought. Last summer these clubs and organizations sent thirty-nine of our girls and boys to summer camps, the duration of their stay depending on the condition of the child. The girls were sent to Cunningham Camp and the boys were sent to the Country Week Camp and Camp Ousamequin which is under the direction of one of the men on the teaching staff at the High School. They reported a most beneficial and highly successful time.

The usual physical examinations were carried on throughout the school system this

year and any defects noted by our school physicians were reported to parents. The most urgent cases are being followed up by home visits. We have questioned before and we ask again, are the parents of these twenty-nine hundred children doing their part in remedying these physical defects in so far as is possible and thus safeguarding the health of their children?

"My child was never sick in his life until he entered school—now it is one thing after another!" How often have we heard this refrain and how much longer must we listen to it? When will parents be able to say, "My child is so well since he started to go to school?" It may be an ideal state to hope for, but surely with all the preventive work which is going on around us it should be attainable. It will take time, schools and parents must cooperate, the child must be taught, but a child that is physically fit, whose physical defects have been corrected and whose weight is average will be mentally alert and will be in condition to resist many of the various annoying maladies to which he might otherwise fall prey.

Much of the Health work that goes on may seem unnecessary to some, but if an underweight, finicky child can develop an appetite and a healthy body through the removal of diseased tonsils, or a child be taught to want to brush his teeth or eat vegetables and drink milk and to go to bed early in order to gain weight and build up his resistance is it not well worth while?

BARBARA ROBINSON,

School Nurse.

December 17, 1930

REPORT OF SCHOOL DENTIST

Mr. H. F. Turner,
Superintendent of Schools,
Milton, Massachusetts.

Dear Sir:

I am submitting the following report for work that has been done at the school Dental Clinics for the school year 1929-1930. This report covers the work accomplished at the Collicot and Vose School Clinics.

In the year past there were a total number of 412 appointments made. Of that number 111 children were discharged as finished or completed for the year. A total of 61 half days were spent at the Clinics. A summary of the work completed at the clinics follows:

Extractions	101
Prophylaxis	104
Amalgam Fillings	146
Cement Fillings	124
Treatments or temporary fillings	5

During the early part of the school year, that is in September and October, a complete dental examination was made of all the pupils and the various defects were recorded on the health cards.

The number of children desiring service continues to grow and the time allotted is not sufficient to completely cover all the pupils on the list in one year, nor is there time to finish as complete all the children seen during the year. As a consequence it has been established as a policy to try to complete all the children eligible in the elementary schools.

Respectfully submitted,

WILBER H. MORRILL, D. D. S.,
School Dentist.

December 27, 1930

Conclusion

I appreciate the manner in which the School Committee have met the problems which have come before them in the year just closed. The successful carrying forward of the whole school program from year to year requires helpful planning and cooperative effort also on the part of all who are in closer relation to the children. I wish to express full appreciation to them for the substantial progress which they have brought about this year of 1930.

Respectfully submitted,

HORACE F. TURNER,
Superintendent of Schools.

January 16, 1931

APPENDIX

SPECIAL REPORTS

AND

STATISTICS

QUOTATIONS FROM RULES AND REGULATIONS OF THE SCHOOL COMMITTEE

1. Admission to Kindergarten and to First Grade

Section 45. Children who will be five years old before January 1 of the following year may be admitted to the kindergarten during the month of September. Children who will be six years of age before January 1 of the following year may be admitted to the first grade during the month of September. Provided further that children mentally above the age requirement limit be admitted to school during the first month of the school year, or later if their residence in Milton began after the beginning of the school year.

2. Tuition Pupils

Section 69. Tuition fees at the rate of \$125 (One Hundred Twenty-five Dollars) per year in the High School, \$100 (One Hundred Dollars) per year in the Junior High School, and \$75 (Seventy-five Dollars) per year in the elementary schools shall be paid by non-resident pupils to the Town Treasurer at the beginning of each term. Pupils whose term bills have not been paid at the end of the second week from the time the bills have been rendered shall be required to discontinue their attendance at school.

3. No-School Signal

Section 61. The signal 2-2 sounded four times on the fire alarm at—

7:15 means no school sessions for all schools for entire day.

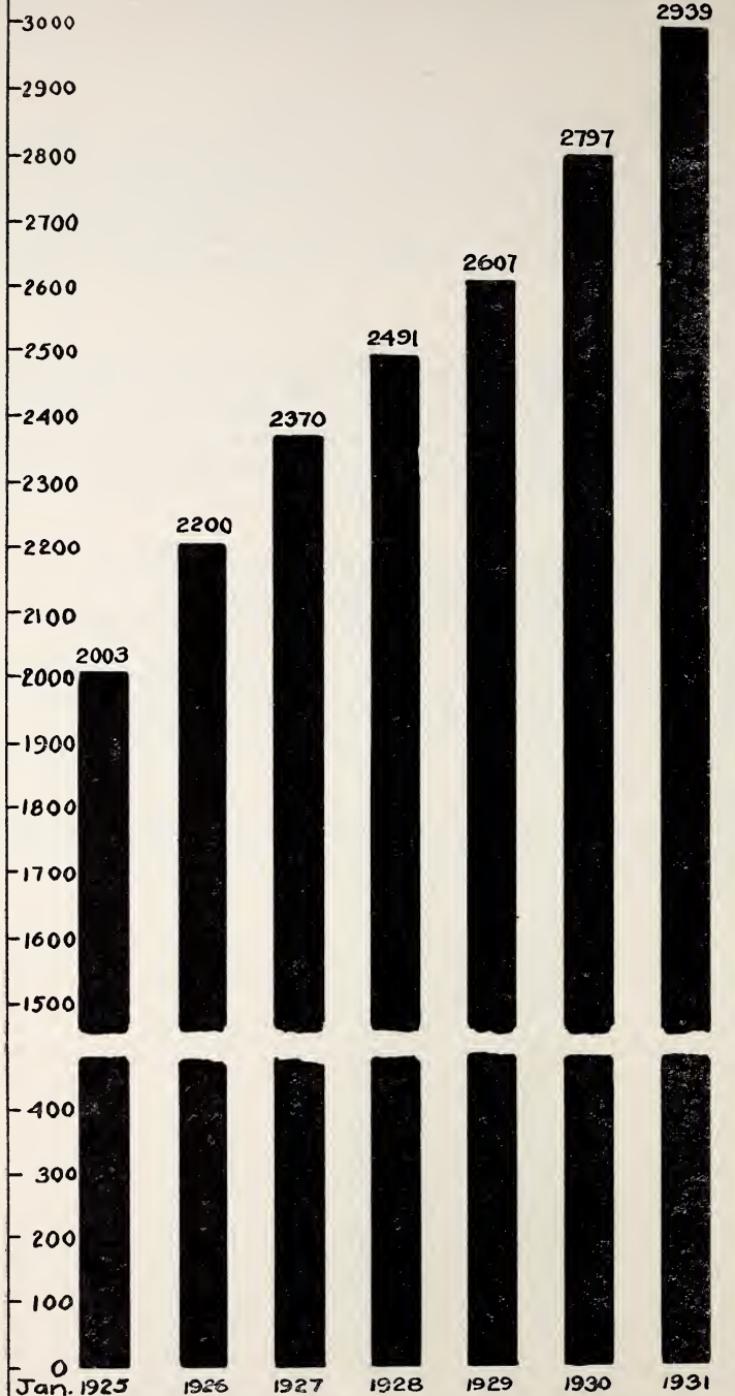

7:30 means no school sessions for all schools below the Junior High School for the entire day.

11:40 means no afternoon session for all schools below the Junior High School. This signal will not be sounded if the 7:15 or the 7:30 signal has been sounded. The session at the Vose School will not be affected by this signal.

The 7:15 signal will rarely be sounded, as it includes the closing of the High and Junior High Schools.

The widely varying conditions in the several parts of Milton make it difficult to reach decisions equally fair to all interests. Parents are, therefore, expected to exercise discretion in regard to their own children.
